Centerline Logistics Alaska Vessel Operations ODPCP 2026 Renewal

Listed below is an overview of the changes to the Centerline Logistics Alaska Vessel Operations ODPCP incorporated into the 2026 renewal. The page numbers listed correlate to the clean copy version of the 2026 renewal.

Section	Page	Revision
All	All	Updated plan to new template, updated references and regulations, and reorganized information.
Intro	All	Removed blank pages and approval certificates and agency documentation. Removed Centerline organizational chart, control copy distribution list, and glossary.
Intro	i	Added Tank Vessel Information table
Intro	ii	Updated Distribution List
Intro	iii	Added recently signed Promulgation Statement
Intro	iv	Updated Plan Review Procedures section to align with updated regulations.
Intro	vi - x	Fully updated table of contents to align with new plan template.
1.0	1-1	Added general description of the plan and references to the SEAPRO and Chadux Technical Manuals. Included discussion regarding coordination with other plans (Section 1.2.7 and 1.2.8 in currently approved plan).
1.1	1-2	Updated emergency action checklist to include safety, stopping the flow, initiating containment, and reporting and notification.
1.2	1-3 to 1-9	Consolidated contact numbers and emergency notification flow charts to Section 1.2. Updated agency information and contact information as applicable. Updated contacts listed in Table 1.2-3 IMT Emergency Contacts (Table 1.2-1 in currently approved plan). Moved Section 1.1.2 to this section.
1.2.1	1-10	Updated state and federal agency information and contact information in table 1.2-4 (Section 1.2.6 in currently approved plan).
1.2.1	1-11	Inserted updated ADEC spill placard. Removed Table 1.2-3 Agency Notification Chart. Removed Table 1.2-4 Agency Reporting Requirements Matrix.
1.2.2	1-13	Added Qualified Individual section. Updates QIs.
1.2.3	1-14 to 1-15	Added Permits section, including Table 1.2-6 State and Federal Permits for Wildlife Response Activities, excerpted from the WPG.
1.3	1-16	Moved the Site Safety and Health plan ICS form to Appendix C.
1.5	1-25 to 1-26	Simplified this section. Added table for Resource Mobilization. Moved Operational Regions with Vessel routes figure to Section 1.8.
1.5.1	1-26 to 1-27	Added PRAC Mobilization section.

Section	Page	Revision
1.6.3	1-31 to 1-32	Updated section per SEAPRO and Chadux Technical Manuals.
1.6.4	1-32 to 1-33	Updated section to include information on fish processors.
1.6.5	1-33	Expanded discussion on containment and control strategies.
1.6.6	1-34	Expanded discussion on recovery strategies.
1.6.8	1-34 to 1-35	Expanded discussion on transfer and storage of recovered oil.
1.6.9	1-36	Added contact numbers for Alaska waste management contractors.
1.6.10	1-36 to 1-38	Updated section per SEAPRO and Chadux Technical Manuals.
1.6.12 thru 1.6.12.4	1-40 thru 1-129	All spill scenarios moved from Section 1.8 in the previous plan to Section 1.6.12. All scenarios were moved to an ICS forms format. Fully audited all spill response equipment and mobilization times against PRAC websites and technical manuals. Removed command and staff objectives from all scenarios. Changed the scenario timeframe from summer to winter for the Kodiak scenario (Section 1.6.12.1). Changed the scenario timeframe from summer to spring for the Wrangell scenario (Section 1.6.12.2). Changed the scenario timeframe from summer to fall for the Cordova scenario (Section 1.6.12.4).
1.6.13	1-130	Added Section 1.6.13 General Procedures for Responding to Greatest Possible Discharge
1.8	1-132 to 1-134	Moved vessel route diagrams to this section.
2.1.1	2-2 to 2-3.	Moved some of this section to Section 3.8 to reduce redundancies.
2.1.2	2-3 to 2-4	Combined the sections on the substance abuse program and the medical program.
2.1.3	2-5	Moved information on the security program to this section. Moved Section 2.1.5 (Sabotage and Vandalism) from the currently approved plan into this section.
2.1.4	2-5 to 2-6	Moved Section 2.1.8 (Emergency Tow and Escort Vessels Program) from the currently approved plan to this section.
2.3	2-8 to 2-9	Converted the information into a table format
2.4	2-10	Updated section with current data sources. Removed tables of weather data.
2.5.1	2-11 to 2-13	Renamed section to Vessel Inspection. Moved information from Sections 2.1.10 and 2.1.11 in the currently approved plan to this section. Removed Section 2.5.2 Sounding of Tanks. This

<table>
<tr><th>Section</th><th>Page</th><th>Revision</th></tr>
<tr><td></td><td></td><td>information is included in the transfer procedures section (3.1.5).</td></tr>
<tr><td>3.1.1</td><td>3-2 to 3-5</td><td>Expanded vessel information included in this section. Renamed the section to Oil Storage Container Information.
Vessels updates incorporated name changes for the following barges-
<table>
<tr><td>Old Name</td><td>New Name</td></tr>
<tr><td>Dale Frank Jr</td><td>TB-502</td></tr>
<tr><td>Olympic Spirit</td><td>TB-831H</td></tr>
<tr><td>OneDream</td><td>ATB-811</td></tr>
<tr><td>Aloha Spirit</td><td>ATB-116</td></tr>
<tr><td>Investigator</td><td>Removed from plan, barge was sold.</td></tr>
</table></td></tr>
<tr><td>3.1.3</td><td>3-6</td><td>Moved the vessel route diagrams to Section 1.8</td></tr>
<tr><td>3.1.4</td><td>3-6 to 3-7</td><td>Added Vessel Plans and Diagrams section.</td></tr>
<tr><td>3.1.5</td><td>3-7 to 3-14</td><td>Moved transfer procedures (currently approved plan Section 2.1.6) to this section.</td></tr>
<tr><td>3.3</td><td>3-16 to 3-19</td><td>Simplified the section. Moved ICS roles and responsibilities checklists to Appendix C. Updated the ICS structure and contacts (Figure 3.3-1 in plan renewal, Figure 1.2-1 in currently approved plan).</td></tr>
<tr><td>3.4</td><td>3-20 to 3-27</td><td>Updated section with current data sources. Removed extraneous climate tables, ocean current figures, seasonal and frequency of storms figures.</td></tr>
<tr><td>3.5</td><td>3-28 to 3-31</td><td>Updated section to include personnel and equipment mobilization times. Updated phone numbers as applicable for the logistical support service.</td></tr>
<tr><td>3.6</td><td>3-32 to 3-37</td><td>Added response equipment that was previously located in Appendix C.</td></tr>
<tr><td>3.7</td><td>3-40 to 3-44</td><td>Removed information on non-mechanical response as is it no longer required in this section under 18 AAC 75.451. Renumbered subsequent sections.

Inserted recently executed SOCTs with Alaska Chadux Network and SEAPRO.</td></tr>
<tr><td>3.8</td><td>3-45 to 3-50</td><td>Combined previous Sections 2.1.1 and 3.9. Removed redundant information to streamline the section.</td></tr>
<tr><td>3.9</td><td>3-51 to 3-66</td><td>Moved all useful links to the bibliography. Fully updated the section by using current data sources and previous comments received from ADF&G. Added environmentally sensitive areas and anadromous waters figures for each of the regions in which a spill scenario is included.</td></tr>
<tr><td>3.11</td><td>3-67 to 3-68</td><td>Replaced “Additional Information” section with list of acronyms previously in the introduction section of the plan.</td></tr>
<tr><td>3.12</td><td>3-69 to 3-73</td><td>Fully updated bibliography with all current references.</td></tr>
<tr><td>Section 4</td><td>All</td><td>Updated BAT analysis to align with regulatory guidance.</td></tr>
</table>

Section	Page	Revision
Section 5	All	Reformatted into a table format.
App B	All	Moved SDS information to App D. Replaced this appendix with Alaska-specific response forms.
App C	All	Moved Centerline spill response equipment listing to Section 3.6. Replaced this appendix with blank ICS forms and ICS duties and responsibilities checklists.
App E	All	Added Spot Charter Checklist.
