This amendment is issued to provide answers to questions posed by the vendor community:

Question 1: In regards to Task 3 Deliverable Item I: Alaska International Airport System Air Cargo Forum/Symposium, can you clarify the division of overall planning and execution between the State of Alaska and the consultant? What share of the labor and cost of the event should the consultant be expected to pick up? How many people would you expect to attend such a forum/symposium?

Answer: *When last held (this event does not occur every year) the event cost approximately \$160,000.00. The consultant was responsible for approximately 20-30% of the overall work effort and costs associated. The last event was attended by approximately 100 people.*
