

**STATE OF ALASKA RFP NUMBER 2517Soo8
AMENDMENT NUMBER ONE (I)**

AMENDMENT ISSUING OFFICE:

Department of Transportation & Public Facilities
Statewide Contracting & Procurement
P.O. Box 112500
(3132 Channel Drive, Room 350)
Juneau, Alaska 99801-7898

THIS IS NOT AN ORDER

DATE AMENDMENT ISSUED: July 13, 2017

RFP TITLE:
Thermographic Inspections

This is an Informational Amendment only and is not required to be returned to the State of Alaska with interested parties' proposals.

The following changes are required:

- Provides answer to vendor questions.

1. Does it take two (2) days to perform infrared thermography inspection on each vessel?

ANSWER: Typically 2 days is sufficient to do a comprehensive survey of all electrical switchboards, breakers, mccs, and other miscellaneous related systems as specified in the RFP. Some vessels may take less time (i.e. Fairweather and Lituya) due to the limited number of systems to be surveyed.

2. Has the thermographic inspection services contract been solicited in the past before?

ANSWER: Yes.

3. If yes, what was the total cost per vessel and per year?

ANSWER: Recent survey costing history shows an average cost per vessel of \$5,054.06 across all vessel types.

All other Terms, Conditions, Schedules and Scope remain the same.

This is a non-mandatory return Amendment.
