ATTACHMENT

to the DRAFT KENAI AREA PLAN AMENDMENT

Region 7, Management Unit 237

related to the Proposed Old Sterling Hwy Subdivision – ADL 232300

Location: NW1/4SE1/4NE1/4 Section 24, Township 5 South, Range 15 West, Seward Meridian, approximately 6 miles south of Anchor Point, Alaska

Authority: The authority to revise plans derives from AS 38.04.065(b) Land Use Planning and Classification. 11 AAC 55.030(f) Land Use Plan defines when a revision constitutes a plan amendment.

Current Plan: Resource Management – High Value; covers 5,308 acres

Proposed Plan Amendment: remove approximately 10 acres from Unit 237 and add to Unit 226 with a designation of Settlement;

Explanation: The Kenai Area Plan was adopted in 2000 and has not been updated since. There is a demand from the public to obtain Settlement-classified land in the area. The parcels are appropriate for offering as provided in the Preliminary Decision dated August 31, 2017.

Assessment: The following alternatives are being considered:

1. (Preferred) Amend the Kenai Area Plan as described above to remove limitation, change designation to Settlement. Amending the plan is the preferred alternative as it will allow the sale of settlement-classified land, providing the public an opportunity to obtain property in a desirable area.
2. (Status Quo) Do not amend the Kenai Area Plan. This alternative is not preferred as it would disallow the offering of settlement-classified land and deny Alaskans the opportunity to obtain land in this area.

Requirements of AS 38.04.065 (b): The factors identified in this section of statute have been considered in the Preliminary Decision for the proposed Old Sterling Hwy Subdivision – ADL 232300 issued on August 31, 2017 and the proposed action is consistent with that portion of the statute.
