- Change the Degradation Value from Table 703-1, page 11 of the ITB, from 45 to 20.

See amended ITB. Changes are highlighted in red for convenience.

The amendment addresses the following question:

Question: The ITB states a Degradation Value of 45 minimum. Historically, DOT has reduced the Degradation requirement for the Kodiak area from 45 min to 20 min. Will that apply to this ITB?

Answer: We will accept the degradation requirement value to be a 20 minimum.
