Easement Application AS 38.05.850

Non-refundable application fee: \$1200

ADL# 421155

(to be filled in by state)

SECTION I. APPLICANT INFORMATION	
Applicant Name: Jim Shine	Title: Landman - Sr.
Company: Hilcorp Alaska, LLC	
Mailing Address: 3800 Centerpoint Drive, Suite 1400	
City/State/Zip Code: Anchorage, Alaska 99503	
Phone: 907-777-8341	Email: jshine@hilcorp.com
SECTION II. PROJECT LOCATION/LAND STATUS	
State of Alaska Surface Lands: Subsurface Wellbore Easement - T.013N, R.009E, Sec. 11, Umiat Meridian	
Are supplemental pages for Land Status included in Appendix A? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	
Meridian, Township, Range, and Section(s): T.013N, R.009E, Section 11, Umiat Meridian, Alaska SE 1/4 of Section 11, 160 acres; SE 1/4 of SW 1/4 of Section 11, 40 acres; SW 1/4 of SW 1/4 of Section 11, 40 acres	
Is there an Oil and Gas Mineral Estate Lease? If yes, list ADL(s)	
Yes, ADL 355023	
Other Considerations: None	
SECTION III. PROJECT INFORMATION	
1. Project Name: Moose Pad Subsurface Wellbore Easement	
2. Proposed Start Date: June 1, 2019	Proposed Easement Duration: 35 years
3. Project Activities Subsurface wellbore easement	
A. Project Description: The purpose of the subsurface easement is to allow wellbores drilled from the Moose Pad in the Milne Point Unit (located on ADL 025514) to cross the unit boundary and travel underneath Section 11 of T.013N, R.009E, which is in the Kuparuk River Unit. This easement will not require surface use or access. The first wells are planned to be spudded in mid-June 2019. The Moose Pad wells will not be producing hydrocarbons from the Kuparuk River Unit and no pay zone will be open within 500 feet of the Milne Point Unit boundary in compliance with Alaska Oil and Gas Conservation Commission (AOGCC) rules and regulations. Once all wellbores that have the potential to cross the unit boundary are completed, Hilcorp Alaska, LLC will apply to revise and reduce the easement to encompass only that area covering the wellbore paths, approximately 50 feet in width.	

B. Easement Parameters:		
Total length of applied-for easement (feet):	Total width applied-for easement (feet):	
Construction acreage encompassed by easement:	Estimated operational acreage encompassed by easement:	240 acres
C. Waste Management: Located on Moose Pad, Milne Point Unit		
D. Staging and Storage Areas: Located on Moose Pad, Milne Point Unit		
E. Airstrips and Landing Zones: Deadhorse, Alaska airport		
F. Historical Properties and Cultural Resources: None known. Easement is for subsurface access only.		
G. Anadromous Fish Streams and Other Streams: Not applicable. Easement is for subsurface access only.		
4. Associated Structures: Moose Pad, within the Milne Point Unit, is where each wellbore will be spudded.		
5. State briefly the standards and methods of construction: No surface facilities will be constructed, nor will there be any surface access.		
6. Is this an existing use?: Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> If Yes, provide documentation verifying existing use, such as easement atlas, affidavits attesting to use and existence, pictures, etc.		
7. Other permits or authorizations applied in conjunction with this proposed project: Each well drilled from Moose Pad will require a Permit to Drill from the AOGCC; each well will be covered by Hilcorp Alaska, LLC's statewide AOGCC bond.		

SECTION IV. PERFORMANCE GUARANTY		
Bonded Company:		
Type:	Bond Number:	Amount:
Bonding Company:		
Mailing Address:		
Phone:	Fax:	Email:
SECTION V. INSURANCE		
Comprehensive General Liability Insurance:		
Amount of Insurance: Insurance will be in place before Entry Authorization and Director's Decision is issued.		
Insurer Name:		
Mailing Address:		
Phone:	Fax:	Email:

If this authorization is granted, I agree to construct and maintain the improvements authorized in a workmanlike manner, and to keep the area in a neat and sanitary condition; to comply with all the laws, rules, and regulations pertaining thereto; and provided further that upon termination of the easement for which application is being made, I agree to remove or relocate the improvements and restore the area without the cost to the state and to the satisfaction of the Director of the Division of Oil and gas.

INSTRUCTIONS: Attach a USGS map (scale of 1:63,360) or a state status plat showing the location of the proposed easement.

The final granting of easement will be contingent upon our receipt of as-built depicting the post construction location of the improvements. If your application is approved, instructions for the completion of the as-built will be provided by the Survey Section in the Division of Mining, Land, and Water.

AS 38.05.035 (a) authorizes the director to decide what information is needed to process an application for the sale or use of state land and resources. This information is made a part of the state public land records and becomes public information under AS 40.25.110 and 40.25.120 (unless the information qualifies for confidentiality under AS 38.05.035(a)(9) and confidentiality is requested). Public information is open to inspection by you or any member of the public. A person who is subject of the information may challenge its accuracy or completeness under AS 44.99.310, by giving a written description of the challenged information, the changes needed to correct it, and a name and address where the person can be reached. False statements made in an application for a benefit are punishable under AS 11.56.210.
