All meetings are open to the public. Advisory Committees are intended to provide a local forum on fish and wildlife issues. Their purpose includes: 1) developing regulatory proposals, 2) evaluating regulatory proposals and making recommendations to the appropriate board, 3) providing a local forum for fish and wildlife conservation and use, including matters relating to habitat, 4) advising the appropriate regional council on resources, and 5) consulting with individuals, organizations, and agencies.

If you are a person who needs a special accommodation in order to participate in any of these public meetings, please contact Susie Jenkins Brito at 907-842-5142 no later than 48 hours prior to the meeting, to make any necessary arrangements.
