RFP 2014-1800-2282

DATE ADDENDUM #1 ISSUED: April 16, 2014

RFP TITLE:

**Engineering & Technical Assistance for Marine Vessels & Infrastructure
Related to Offshore Oil Platforms**

Offerors are not required to return this form.

The purpose of Addendum #1 is to provide questions and responses.

Question #1:

Will ADEC consider a former U.S. Coast Guard Marine Safety Officer with 10 years of service in the USCG Marine Safety Division who performed with honors the duties of Port Operations and Emergency Response Officer, Marine Inspector (vessel and offshore structures), and Senior Investigating Officer, but not holding the licenses and certifications listed for the labor categories of Marine Engineer and Marine Surveyor in Section 6.06, as qualified for the positions of Marine Engineer and Marine Surveyor?

Response:

No – Please refer to RFP Section 6.06 Labor Tasks Minimum Qualifications.

Question #2:

Page 36, Section 6.02, fourth paragraph. The language regarding maximum page numbers is not clear. Can you please clarify that the resume material and references are **in addition** to the 25 page limit for the proposal as are the required page 45 Attachment #2 and page 57 Attachment #9?

Response:

Yes, the resume material, references and attachments provided in RFP are in addition to the 25 page limit.

Question #3:

Attachment #2: Is the DOA# referred to on the form the actual RFP #, 2014-1800-2282?

Response:

Yes, the DOA# referred to on Attachment #2 is the RFP #2014-1800-2282.

Question #4:

Attachment #9: Are the required checklist boxes meant to be Xed out or checked off as read by each proposer along with the signature?

Response:

Yes, that was the intent but not required. The form was created to assist the offeror. The date and signature is required.
