FAX: (907) 269-8909

STATE OF ALASKA RFP NUMBER 2014-1000-2558
AMENDMENT NUMBER 1

Questions and Answers
May 13, 2014

1. Q. Elaborate on what's included in "oil & gas infrastructure" that falls under this DR&R project. Are pipelines included?

A. *The goal is to receive a thorough review of policies associated with dismantlement, removal and remediation of oil and gas infrastructure, which may include pipelines. The intent is not to focus on the type of infrastructure, but rather the DR&R policies associated with various oil and gas infrastructure in a variety of jurisdictions.*

2. Q. The Scope of Works states that the review of policies and procedures in other jurisdictions should include both domestic and foreign entities. What foreign countries should we choose for evaluation? Any recommendations?

A. *The State does not have any preferences. The goal is to get a broad spectrum of domestic and foreign organizations and look at various models/approaches other jurisdictions use to address bonding levels and mechanisms to mitigate risk posed with an operator not fulfilling its DR&R obligations.*

3. Q. Are joint ventures allowed? What about subcontractors?

A. *Per RFP Section 1.16 Joint Ventures, joint ventures are not allowed. Per RFP Section 1.15 Subcontractors, subcontractors are allowed. See referenced section for detailed information and subcontractor requirements.*

4. Q. Is my company allowed to do part of the work overseas?

A. *Per Section 1.05 Location of Work, "By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States. If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of proposals. The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary. Failure to comply with these requirements may cause the state to reject the proposal as non-responsive, or cancel the contract."*

5. Q. Can we get a list of everyone who attended the pre-proposal conference?

A. *Yes, the sign-in sheet is provided with this amendment.*
