

Notice of Utility Tariff Filing

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that on August 21, 2014, Matanuska Electric Association, Inc. (MEA), an electric utility, filed tariff revision TA445-18, seeking Commission approval to introduce a Multi-Year Sales Agreement for the Furnishing of Ultra Low Sulfur Diesel #2 (ULSD #2) for MEA's Eklutna Generation Station (EGS) between MEA and CPD Alaska, LLC (Agreement). The proposed effective date is October 6, 2014.

The proposed Agreement is to supply ULSD #2 fuel for the ten generating engines at EGS. The Agreement provides for the initial fueling of EGS for testing and commissioning and MEA's ULSD #2 fuel demand for eighteen months. The Agreement may be renewed for up to two one-year terms. It provides that CPD Alaska, LLC will deliver all of MEA's requirements for ULSD #2 during the term of the Agreement and in the unlikely event of a gas fuel supply interruption, MEA may call upon CPD Alaska, LLC to deliver sufficient ULSD #2, at the same regular fuel price, to run the EGS at sufficient capacity to meet MEA's full electrical energy load. In addition to requesting approval of the Agreement, MEA requests permission to recover costs associated with purchases under the Agreement through a cost element in MEA's future Fuel and Purchased Power Cost Rate Adjustment calculation.

In conjunction with TA445-18, MEA filed a petition for confidential treatment of certain price information in its agreement for the purchase and delivery of ULSD #2. Interested persons may file a response to the petition for confidential treatment with the Commission by 5:00 p.m., September 4, 2014.
