RFP Title: State of Alaska K-12 Education Funding Study

The purpose of this amendment is to answer a question related to the RFP.

Question and Answer

Question: *The RFP states that the final report for the study is due on June 15, 2015. The RFP also shows a contract timeframe through April 30, 2016. Is it the intent that the budgeted funds for this study be expended by June 30, 2015 with any additional work or meetings with legislative committees contingent on additional funding?*

Answer: Yes. The contractor should plan on completing the final report by June 30, 2015. No additional work is anticipated after that date. If the contractor is asked to testify to the legislature after June 30, 2015, such testimony will be at a negotiated rate outside of the price proposed by the contractor to complete the work required by the RFP.
