

Notice of Utility Tariff Filing

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that ENSTAR Natural Gas Company (ENSTAR) filed tariff revision TA267-4 seeking Commission approval of an amendment to a special contract regarding the Contribution in Aid of Construction Agreement (CIAC Agreement) for Alaska Pipeline Company (APLC) Station K671. APLC is the sister company of ENSTAR and owns the natural gas transmission pipeline that delivers gas to ENSTAR's service area. Historically, the Commission has regulated ENSTAR and APLC as a single entity.

The original construction cost of Station K671 was partly funded by Union Oil Company of California (Union). Hilcorp Alaska, LLC (Hilcorp) is the successor to Union. The existing CIAC Agreement allows Hilcorp to charge natural gas shippers using Station K671 a portion of the original construction cost. Hilcorp believes participation in the CIAC Agreement may cause confusion for future shippers and APLC is willing to shorten the reimbursement term. The existing CIAC Agreement is set to expire on December 31, 2017; the proposed amendment would allow the CIAC Agreement to expire on October 31, 2014.

This notice may not contain all requested revisions and the Commission may approve a rate or classification, which varies from that proposed.
