Teleconference**

Body of Notice:

State of Alaska Local Boundary Commission
NOTICE OF PUBLIC MEETING

At the request of State Representative Bill Williams, the Local Boundary Commission (LBC) has agreed to meet by teleconference on January 19, 2000 at 10 a.m. The meeting has been scheduled to preserve the opportunity for the LBC to consider action on a possible request to (1) provide for a January 1, 2001 effective date for annexation of 1.2 square miles, including the Shoreline Service Area, to the City of Ketchikan; or (2) defer the submission of its recommendation to the 2000 Alaska State Legislature for annexation of the 1.2 square miles to the City of Ketchikan. Such deferral would be for a period of one year to allow a vote on consolidation of local governments in Ketchikan.

The LBC will consider such action only in the event that it receives a request to do so from each of the principal parties involved (City, Borough, and Shoreline Service Area). If a request is not received from each principal party by 8:30 a.m. on January 19, 2000, the meeting will be canceled. At this time, the City of Ketchikan has not endorsed any proposal to postpone the effective date of annexation or defer annexation proceedings by one year.

The meeting will originate in Anchorage (550 W. 7th Ave. Suite 1640), with teleconference sites in Juneau, Fairbanks, Pelican, Kotzebue, and Ketchikan. The Ketchikan City Council Chambers will serve as the Ketchikan teleconference site. If warranted, other teleconference sites may be added.

For further information concerning this matter, contact LBC staff by telephone at (907) 269-4559. Reasonable accommodations will be made for individuals with disabilities who request accommodations in a timely manner.

Environmental Conservation: Public Notices
Arco Alaska Incorporated Air Quality Construction Permit

Publish Date: 01/19/2000

Archive Date: 02/22/2000

**Location: Northern Region,
Statewide**

Body of Notice:

The Alaska Department of Environmental Conservation (ADEC) proposes to amend Air Quality Control Construction Permit No. 9973-AC014, issued to ARCO Alaska, Inc., for exploratory drilling and well testing on the North Slope of Alaska during the 1999-2000 winter exploration drilling season.

Applicant: ARCO Alaska, Inc.

Locations: Moose's Tooth A and C, Rendezvous A and B, Lookout, Clover A and B, and ARCO Spark 1 in the National Petroleum Reserve-Arctic (NPRA), and Cairn and Meltwater North in or adjacent to the Kuparuk River Unit on the North Slope of Alaska.

The Department will amend the permit only following a finding that activities are consistent with the Coastal Zone Management Program.

Purpose of the Amendments: ARCO has determined that one of the drilling rigs described in the permit

has insufficient heating capacity for extreme North Slope conditions. This permit amendment would allow ARCO to add heaters and boilers to the rig described by rig configuration 3 of the permit.

DGC Project Numbers: There is not a DGC project number for this amendment since this is a sole-agency review being conducted by ADEC. The DGC project numbers associated with the existing construction permit are:

Cairn & Meltwater North: AK 9910-05-PA
Prospects in the NPRA: AK 9910-02-PA

Emissions: This permit allows emissions of regulated air contaminants. At each drilling location the maximum expected emissions under the existing permit will be on the order of 18 tons per year of particulate matter, 30 tons per year of sulfur dioxide, 98 tons per year of carbon monoxide, 19 tons per year of volatile organic compounds, and 175 tons per year of nitrogen oxides. This includes emissions from non-road engines. For the rig described as rig configuration 3 only, this amendment allows emissions increases of 11 tons per year of SO₂, 7 tons of NO_x, 2 tons of carbon monoxide, and less than one ton per year of other air contaminants.

Department Preliminary Review: Based on preliminary review:

- the proposed activities will comply with emission standards and with ambient air quality standards; and
- the applicant's proposed limit on facility operations is adequate to avoid review of the project under the Prevention of Significant Deterioration program.

Opportunity for Public Participation: Notice is given that any person may present written statements about the proposed amended Construction Permit for ARCO Alaska, Inc. The Department will consider all comments received and make any changes the Department finds beneficial or necessary to assure compliance with 18 AAC 50 or State Law. The final decision to issue or deny the permit amendments will be made after the close of the public comment period. Written comments will be included in the record if received before 4:30p.m., February 22, 2000. ADEC complies with Title II of the Americans with Disabilities Act of 1990 and the Rehabilitation Act of 1973. Individuals with disabilities who may need auxiliary aids or services, or special modifications to participate in this public process should contact Ms. Paula Kennedy at (907) 465-5040 (TTY) by 4:30 p.m. February 4, 2000.

Please direct inquiries and written comments about the proposed construction permit to Mr. Bill Walker at 410 Willoughby Avenue, Suite 105, Juneau, Alaska, 99801-1795, (907) 465-5124, by facsimile at (907) 465-5129 or by email to bwalker@envircon.state.ak.us.

Additional Information: Copies of ARCO Alaska, Inc.'s application and ADEC's proposed air quality construction permits and technical analysis report are available for public review at the following locations:

ADEC, Air Quality Maintenance, 410 Willoughby Avenue, Juneau, AK 99801-1795;
ADEC, Air Quality Maintenance, 610 University Avenue, Fairbanks, AK 99709-3643;
ADEC, Air Quality Maintenance, 555 Cordova Street, Anchorage, AK 99501.

The proposed permit and technical analysis report and amendments to the permit and report are also available at the Department's website at: <http://www.state.ak.us/dec/dawq/aqm/mainair.htm>.

ALASKA COASTAL ZONE MANAGEMENT PROGRAM

This project is proposed for the North Slope area and is being reviewed for consistency with the Alaska Coastal Management Program. Your comments, particularly on the proposed project's consistency with the affected local coastal district management program, are requested.

Written Comments: The Department is conducting the coastal zone review. We will issue this permit amendment only after coastal zone review is completed, and only if we find that the proposed activities

are consistent with the Coastal Management Program.

FOR MORE INFORMATION OR TO SUBMIT WRITTEN COMMENTS ON THE COASTAL ZONE CONSISTENCY REVIEW, CONTACT BILL WALKER AT THE ADDRESSES AND PHONE NUMBER GIVEN ABOVE.

The Department sets the comment period for coastal zone consistency review to be concurrent with the comment period for the air quality construction permit. Consistent with 6 AAC 50, the Department must issue the final consistency determination by March 9, 2000.

Your comments, addressed to the Department, are required to preserve your rights to file a petition under Alaska Statute 46.40.100(b)(1). The State of Alaska complies with Title II of the Americans with Disabilities Act of 1990. Individuals with disabilities who may need auxiliary aids, services, or special modifications to participate in this review may contact the number above.

NOTICE OF PROPOSED CHANGES IN REGULATIONS
AND OF A PUBLIC MEETING

COMMERCIAL FISHERIES ENTRY COMMISSION

Notice is given that the Alaska Commercial Fisheries Entry Commission, under the authority of AS 16.43.100 and .110(a) proposes to adopt or to amend regulations in Title 20, Chapter 05 of the Alaska Administrative Code to implement AS 16.43.100, 210, 240, and 260:

1. For the Southeast Alaska sea cucumber fishery and Southeast Alaska abalone dive fishery, the Commission proposes to adopt regulations to limit entry into each fishery, and for each fishery, to establish (a) the maximum number of permits to be issued; (b) July 1, 1996 as the date for determining an applicant's qualifications for an entry permit for each fishery; (c) a time period of January 1, 1992 to July 1, 1996 in which an individual must have participated in the fishery as an interim-use permit holder to be eligible to apply for an entry permit; and (d) appropriate definitions.

This action is not expected to require an increased appropriation.

2. On September 24, 1999, the Commission proposed to limit entry in the Southeast Alaska sea urchin dive fishery with a maximum number of 37, a July 1, 1996 qualification date, and an eligibility period of January 1, 1992 to July 1, 1996. The Commission is reopening public comment on this proposal, and, because the Commission is seriously considering open access for this fishery, the Commission specifically invites public comment on the option of open access.

3. Additionally, although the commission is not persuaded to make a regulatory proposal at this time, the Commission invites public comment on the option of limited entry for a combined sea urchin/abalone fishery. A combined sea urchin/abalone fishery would have a maximum number of 130 with 256 individuals eligible to apply.

4. Finally, as part of the law establishing the moratorium in the Southeast dive fisheries, the legislature directed the Commission to investigate alternatives to the free transferability of entry permits required by the current limited entry system. As it has done in all of its public meetings on the dive fisheries, the

Commission invites public comment on alternatives to free transferability of entry permits. This discussion is for the purpose of generating ideas and information. Creating an alternative to free transferability would require a change of law.

Notice is also given that any person interested may present written comments relevant to the proposed action and the alternative options about which the commission is seeking input, including the potential costs to private persons of complying with the proposed action, by writing to Susan Haymes at the address indicated below, so that they are received no later than February 25, 2000. The commission will not be conducting public hearings on this proposal.

If you are a person with a disability who may need a special accommodation in order to participate in the process on the proposed regulations or to attend the public meeting please contact Susan Haymes at the address or phone number indicated below as soon as possible but at least 72 hours before the accommodation is needed, to ensure that any necessary accommodations can be provided.

Copies of the proposed regulations and a handout explaining the proposal may be obtained by writing to or calling: Susan Haymes, Law Specialist, Commercial Fisheries Entry Commission, 8800 Glacier Highway, Suite 109, Juneau, AK 99801-8079, (907) 789-6160, Fax: (907) 789-6170, E-mail: susan_haymes@cfec.state.ak.us. Copies of the proposed regulations and handout will also be available at local Fish and Game offices.

After the close of the public comment period, the Commercial Fisheries Entry Commission will either adopt these or other proposals dealing with the same subject without further notice, or may decide to take no action on them. The language of the final regulations may vary from that of the proposed regulations. You should comment during the time allowed if your interests could be affected.

Under the Open Meetings Act (AS 44.62.310), the Commission will conduct public meetings in the Commission's Conference Room in Juneau, Alaska, on February 29, 2000 and March 23, 2000 at 10:00 a.m. and will consider action upon the proposed regulations at one or both of the meetings. You can contact Susan Haymes for a copy of the agenda on the Friday before the scheduled meeting. No public testimony will be accepted at these meetings.

Publish Date: 01/16/2000**Archive Date: 01/19/2000****Location: Anchorage****Body of Notice:**

The Alaska Mental Health Trust Land Office of the Department of Natural Resources is soliciting proposals to contract with a professional forester. The Trust Land Office anticipates selling approximately 60 million board foot of timber located between Thorne Bay and Kaasan on Prince of Wales Island over the next six to seven years. The contractor will perform timber sale administration work and will serve as a professional forester to provide technical forestry expertise, including on-the-ground oversight of all aspects of administration related to the sales performing timber

cruises layout of sales timber valuation and marketing analysis and financial accounting. The job requires the contractor to make independent decisions and to be self-reliant on site. Knowledge and experience with remote site timber operations, weather, wildlife, and timber harvest management techniques are required.

The resulting contract is proposed to be of nine months' duration with up to six (6) optional annual renewals. Annual timber sale administration costs are expected to range between \$40,000 and \$75,000. The total expected cost to complete the project is not expected to exceed \$550,000. A contract resulting from this request for proposal is subject to the successful completion of the full administrative process of the Thorne Bay timber sale proposal. The process includes issuance of a best interest decision, consultation with the Alaska Mental Health Trust Authority, public notice and administration of any requests for reconsideration or appeal. The contract is also subject to the availability of state appropriations. Necessary funds are expected to be available, pending final administrative approval to fund and administer contracts resulting from this request for proposal.

One (1) free RFP, with associated contract documents may be picked up or requested from Lisa Holzapfel, Senior Resource Manager, at the Trust Land Office, 550 West 7th Ave, Suite 1430, Anchorage, AK 99501. Telephone: 907-269-8658. Fax: 907-269-8905. The State assumes no liability for incorrect addresses or delivery of RFP packages by public or private carriers.

Proposals must be received by the Trust Land Office's issuing office no later than February 18, 2000, 1:00 p.m., Alaska Standard Time.

The State of Alaska complies with Title II of the Americans with Disabilities Act of 1990. Individuals with disabilities who may need auxiliary aids, services, and/or special modifications to participate in this procurement should contact Lisa Holzapfel at the number listed, or TDD 907-762-2259, no later than January 28, 2000 to make any necessary arrangements.

STATE OF ALASKA
ALASKA STATE PENSION INVESTMENT BOARD
SOLICITATION OF APPLICATIONS FOR APPOINTMENT
INVESTMENT ADVISORY COUNCIL

ASPS # 2001-0400-1600

The Alaska State Pension Investment Board (ASPIB) is soliciting applications from interested individuals to serve on the board's Investment Advisory Council (IAC). The Council consists of three persons appointed by ASPIB to advise them on investment policies, strategies and procedures; selection of performance consultants; and the form and content of annual reports. Other advice may also be requested. There is one vacancy on the Council. This position will become available on July 1, 2000. The initial term of this position will be for three years. Member may be reappointed for one additional three-year term, subject to approval of the State of Alaska, and the ASPIB board.

To be considered for this particular seat on the Council, a candidate shall possess experience and expertise in financial investments and management of investment portfolios for public, corporate or union pension benefit funds, foundations or endowments. Preference will be given to candidates with a minimum of ten years experience as a manager/director or trustee of a pension or public fund of \$10 billion or more in market value.

In full consideration of the appointee's performance, ASPIB shall pay the appointee, pursuant to a written agreement, a sum not to exceed \$40,000.00 per annum consisting of:

1. \$1,000.00/month as a retainer fee;
2. \$1,000.00 per meeting day of any Advisory Council meeting;
3. \$1,000.00 travel payment per meeting to compensate for time spent traveling to and from a meeting; and
4. Costs, including coach airfare, hotel and per diem meal expense reimbursed at the approved State rate; costs must be paid by appointee, subject to reimbursement.

It is anticipated the IAC member will attend two to four board meetings a year in Alaska.

By law, membership on the IAC is by appointment for staggered three-year terms. The term of this appointment runs from July 1, 2000 to June 30, 2003.

A candidate for membership may not be affiliated with or employed by the State of Alaska or any of its agencies or contractors of the State of Alaska or Board. However, "State of Alaska" as used in this section does not include the University of Alaska.

FAST VEHICLE FERRY (FVF)

SHIPYARD QUALIFICATION PROCEDURE
(For subsequent receipt of a Design-Build RFP)

The Alaska Marine Highway System (AMHS) is requesting interested parties to participate in a Qualification Procedure, which will be used to develop a short list of contractor teams eligible to receive and respond to the AMHS FVF Design-Build RFP.

The AMHS FVF will carry approximately 120 tons of vehicles and 250 persons at a speed of approximately 35 knots. The vessel will be built and operated in accordance with the International Maritime Organization's High Speed Craft Code and classified by Det Norske Veritas.

Subsequent to the Qualification Procedure, AMHS will be requesting proposals to design and build the FVF. Only the top five rated Design-Build contractor teams will receive the Design-Build RFP. The Design-Build contract will be for design, construction, testing, outfitting and crew training for the first vessel, with options for up to five additional vessels. Award will be based on a Best Value determination as set forth in the RFP.

The submittal Due Date is February 25, 2000.

A copy of the AMHS FVF Design-Build Team Qualification Procedures may be obtained in person at, Alaska Department of Transportation and Public Facilities, 6860 Glacier Highway, Juneau Alaska; or by calling the Alaska Department of Transportation and Public Facilities, Southeast Regional Plans Room at 907-465-8904.

Request for Proposal/ WINTER TRANSPORTATION STUDY PHASE II/74433

The Department intends to enter into a negotiated agreement to obtain all professional services for preparation of a Phase II Winter Transportation Study. This work will build on the policy alternatives produced in the initial Winter Transportation Study, which addressed snowmachine and nonmotorized use within Alaska Department of Transportation and Public Facilities rights-of-way, during winter months. The Phase II Study will focus on a review and refinement of the Phase I Policy and Procedure recommendations and development of specific methods of implementation. This will also include a description of recommended changes to the Alaska Statutes and the Alaska Administrative Code.

The estimated cost of the proposed consulting agreement is between \$100,000 and \$150,000.

The Request for Proposal (RFP) package will be available January 14, 2000, and may be obtained in person from the Contracts Engineer, Department of Transportation & Public Facilities, Engineering Services Building, Room 3, 2301 Peger Road, Fairbanks, Alaska. Persons residing outside the City of Fairbanks may obtain an RFP package through the mail by telephoning (907) 451-2247; TDD (907) 451-2363 (for Hearing Impaired, requires special equipment). There is no charge for the RFP package.

Submittals must be received at the address indicated on the RFP no later than 4:00 pm, February 7, 2000.
