under AS 38.05.801 and 11 AAC 99.020(d)(1)

Notice is hereby given that pursuant to the provisions of AS 38.05.801 and 11 AAC 99, the Executive Director of the Alaska Mental Health Trust Land Office (TLO) has determined that it is in the best interest of the Alaska Mental Health Trust and its beneficiaries to complete a negotiated sale of 160 acres of Trust land to The Nature Conservancy. The land is located south of the Sterling Highway, south of the Kenai River and west of the Killey River. The property is located within the Seward Meridian, Township 5 North, Range 8 West, Section 34, SW ¼. The Nature Conservancy is purchasing the property as part of its mission to protect brown bear habitat on the Kenai Peninsula. The Trust has determined the negotiated sale optimizes Trust resource values. The basis for this determination is explained in a written best interest decision, prepared by the Executive Director pursuant to 11 AAC 99.040.

The public is invited to comment on this proposed action. Parties wishing to comment on the written decision or parties that believe that the written decision should be altered due to an inconsistency with Trust management principles, or any other provision of 11 AAC 99, must provide written comments on or before 5:00 PM, December 16, 1999. Postponement Of The 2000 North Slope Areawide Lease Sale

Publish Date: 11/16/99

Archive Date: 12/15/99

Location: Anchorage

Body of Notice:

Department of Natural Resources Commissioner, John Shively announced today

that the department is postponing the North Slope Areawide 2000 lease sale, which was planned for February.

According to Commissioner Shively, "As a result of the pending BP-Amoco - Arco merger there are too many uncertainties in future leaseholdings to proceed with a sale at this time. Until their aggregate onshore holdings have been reduced to 500,000 acres, as required by Alaska law, I believe it will be difficult for prospective bidders to properly evaluate oil and gas opportunities on the lands we can offer. For this reason I have chosen to delay this sale.

Should the merger be finalized by the end of the year, BP-Amoco must make their seismic and well data available for purchase by the end of March. These data should increase the interest in state lease sales. We are tentatively rescheduling the North Slope sale for late October or early November of 2000, at which time we intend to include with it the postponed Beaufort Sea areawide sale."

The North Slope Areawide sale includes all available state acreage lying north of the Umiat Meridian, located between the NPRA and ANWR.

Notice of Preliminary Engineering Environmental Studies, and Wetlands Involvement

The Alaska Department of Transportation and Public Facilities (ADOT&PF) is soliciting comments on a proposal to widen and pave a 3.7-mile segment of Buffalo Mine Road located at Milepost 54 on the Glenn Highway in the Matanuska Valley.

The proposed project will include paving the existing road from Milepost 0.0 to the end of the State Maintenance at approximately Milepost 3.7. The road will be widened to provide a 28-foot wide surface. This will require cuts on the uphill side of the road. The dimensions of these cuts will vary, but are not anticipated to extend more than 30 feet beyond the existing road. Additional right-of-way will be necessary to accommodate road cuts between MP 0.0 and MP 0.5. Two damaged culverts near the end of the project (MP 3.5 and MP 3.6) will be replaced with new 24-inch pipes.

As presently envisioned, ADOT&PF does not anticipate any significant environmental impacts and will be developing a Categorical Exclusion. Two drainages will be involved with the culvert replacements. To ensure that all possible factors are considered in the design of the proposed project, ADOT&PF is requesting public comments and recommendations. Please provide comments to the following address by December 10, 1999.

Jerry O. Ruehle, Environmental Coordinator, Preliminary Design and Environmental, Alaska Department of Transportation and Public Facilities

Requests Comments On An Amendment To The 1998-2000 Stip

Publish Date: 11/17/99**Archive Date: 12/18/99****Location: Statewide****Body of Notice:**

Requests Comments on an Amendment to the 1998-2000 State Transportation Improvement Plan (STIP).

The DOT&PF is proposing to add projects to the STIP that were authorized for special federal transit funding in the US Department of Transportation 2000 budget. The projects are:

Project/Federal Amount Appropriated
Fairbanks Intermodal Rail/Bus Transfer Facility \$2,000,000
Juneau Downtown Mass Transit Facility \$1,500,000
North Star Borough-Fairbanks Intermodal Facility \$3,000,000
Wasilla Intermodal Facility \$1,000,000
Whittier Intermodal Facility and Pedestrian Overpass \$1,115,000
Girdwood, Alaska Commuter Rail Project \$10,000,000

These federal funds cannot be used for other purposes and require a 20% match of which will be

provided by the grantees as noted. Additional funds may be required, as the amounts shown may be insufficient to complete these projects.

Additionally, the DOT&PF proposes to add one project to the STIP in 2000, Highway Fuel Tax Evasion. This is a continuing program to enforce collection of motor fuel taxes for highways and bring collection into compliance with federal laws. The program cost is about \$172,800 this year. This program requires no state match and will be administered by the Department of Revenue.

The DOT&PF will accept comments about the addition of these projects to the current STIP until December 18, 1999. Transmit your comments by contacting us via any of the following manners:
