Revised Proposed Changes In The Regulations Of The
Doa/Telecommunications

Publish Date: 02/29/2000

Archive Date: 03/25/2000

Location: Statewide

Body of Notice:

Notice is given that the Department of Administration, under the authority of AS 36.30.040 and AS 44.21.020, proposes to adopt regulation changes in Title 2, Chapter 21, of the Alaska Administrative Code, dealing with access to and use of state telecommunications systems and communications sites to implement, interpret and make specific AS 44.21.305, AS 44.21.310, AS 44.21.315 and AS 44.21.320, including:

(1) adoption of provisions establishing requirements and procedures for the Department of Administration (DOA) to provide to other organizations, public and private, access to and use of a state telecommunication system or site;

(2) adoption of provisions establishing requirements and procedures to include: allocation of space and power at a state telecommunication system or site, partnering with other telecommunications service providers, service fees, contract requirements including insurance and indemnification, site maintenance and improvements; and similar provisions related to access and use of a state telecommunication system or site; and

(3) adoption of necessary definitions.

Notice is also given that any person interested may present written comments relevant to the proposed action, including the potential costs to private persons of complying with the proposed action, by writing or faxing to: Deb Gazaway, Telecommunications Planner, Information Technology Group, Department of Administration, P.O. Box 110206, Juneau, AK 99811-0206, or fax 907-465-2161, so that they are received no later than 4 p.m. March 24, 2000.

Additionally, any interested person may present oral or written comments relevant to the proposed action, including the costs to private persons of complying with the proposed action, at a hearing to be held at 9:00 a.m. on March 10, 2000, at the Legislative Information Office, 716 West 4th Avenue, Suite 220, in Anchorage, Alaska.

If you are a person with a disability who may need a special accommodation in order to participate in the process on the proposed regulations, please contact Deb Gazaway at 907-465-2043 or TTY 907-465-5745 no later than 2:00 p.m., March 7, 2000, to ensure that any necessary accommodations can be provided.

This action is not expected to require any increased appropriation.

Copies of the proposed regulations may be obtained by writing to: Information Technology Group, P.O. Box 110206, Juneau, AK 99811-0206 or by phoning 907-465-1818.

After the close of the written public comment period, March 24, 2000, the Department of Administration will adopt either these or other proposals dealing with the same subject, without further notice, or decide to take no action on them. The language of the final regulations may vary from that of the proposed regulations. You should comment during the time allowed if your interests could be affected.

A notice regarding these proposed changes was published and distributed on February 22, 2000. This Notice is being distributed to correct a typographical error that occurred in the earlier notice in the last paragraph, second sentence, which identified the close of the public comment period as March 20, 2000. The correct date for close of the written public comment period is March 24, 2000.

AIDEA Notice of RFP 2000-004 - Alaska Rural Energy Plan (Phase 2B)

Publish Date: 03/01/2000

Archive Date: 03/29/2000

Location: Anchorage, Statewide

Body of Notice:

RFP No. AIDEA 2000-004
ASPS No. 2000-0800-1840

The Alaska Industrial Development and Export Authority (AIDEA), is soliciting detailed proposals from contractors interested in conducting Phase 2b of the Alaska rural energy plan. Phase 1 of the rural energy plan identified a number of possible approaches and solutions to energy issues and problems encountered in rural Alaska.

In Phase 2b, the contractor will evaluate these and other possible approaches to reducing the cost and increasing the reliability of energy supply in rural Alaska, recommend alternatives that are judged most cost-effective, and recommend implementation strategies and government policies. The scope of work requires coordination with the University of Alaska, Institute of Social and Economic Research (ISER), which will concurrently conduct a study of rural utility management, maintenance, and operations issues

Body of Notice:

Notice is given that the Regulatory Commission of Alaska is seeking comments on ways to improve the process for determining intrastate access charge rates specified in the tariff of the Alaska Exchange Carriers Association, Inc. Currently, the Alaska Intrastate Interexchange Access Charge Manual (Manual), adopted under 3 AAC48.440, provides for annual filings to determine such rates. In view of the time and resources spent in the preparation and reviewing of the access-charge filings, the Commission is considering ways to simplify the method and timing for those filings.

Any interested person may present comments relevant to this Notice by writing to the Regulatory Commission of Alaska, 1016 West Sixth Avenue, Suite 400, Anchorage, Alaska 99501. Comments must be filed with the Commission by 4 p.m., March 31, 2000. The Commission requests that commentors include a diskette with their comments in IBM compatible text (.txt) format, Word97 (or earlier) format, or Adobe Acrobat (.pdf) format

If you are a person with a disability who may need a special accommodation in order to participate in the process relevant to this Notice, please contact Barbara J. Miller at 276-6222 by March 13, 2000, to make any necessary arrangements.

Environmental Conservation: Grants
Request For Grant Proposals - Nonpoint Source Pollution Program

Publish Date: 02/25/2000**Archive Date: 04/25/2000****Location: Wrangell****Body of Notice:**

Department of Environmental Conservation
Water Quality Grants

February 25, 2000

REQUEST FOR GRANT PROPOSALS

The Department of Environmental Conservation (DEC) is requesting water quality project proposals for grant funding through the Nonpoint Source Pollution Program. An application packet, including a handbook, is available for distribution at all DEC offices and by request from the contacts listed below. The handbook includes background information, instructions on filling out the application as well as the proposed scoring criteria and review process. Application forms may be downloaded from the department's web site (www.state.ak.us/local/akpages/ENV.CONSERV/dawq/nps).

ELIGIBLE PROJECTS: Projects must address water quality problems that are caused by nonpoint sources. Nonpoint source pollution typically results from some type of land use activity, such as: polluted runoff from roads, parking lots and residential or community developments; erosion from construction activities; land-disturbing activities such as road building or timber harvesting; or failing septic systems. This year DEC has established three categories for project funding: stewardship, priority protection waters, and priority restoration waters. Please refer to the handbook for further information.

Types of projects which may be eligible for funding include:

• Restoring water quality and habitat in polluted waterbodies, including developing waterbody recovery plans and watershed restoration action strategies;

• Developing and implementing watershed protection or restoration plans;

• Implementing and monitoring the effectiveness of Best Management Practices (BMPs);

 Waterbody assessments or monitoring;
  Water pollution education and outreach;
  Research applied to specific watershed problems or to a specific pollution source.

AVAILABILITY OF FUNDS: ADEC anticipates that approximately \$1.2 million will be available from the Clean Water Act Section 319 Grant Program to fund projects statewide for the period July 1, 2000 through June 30, 2001. Funding is available for one year projects only.

MATCH REQUIREMENTS: These grants can provide up to 60% of the total funds needed for a project. At least 40% of the total project costs must come from non-federal matching funds or in-kind services. For example, a request for \$60,000 requires \$40,000 in match. The match required can be calculated by multiplying the requested amount by 2/3.

PROPOSAL DEADLINE: Proposals must use the forms provided, and include the original and 6 copies. Proposals that are mailed in must be postmarked by Tuesday April 25, 2000 and sent to the Juneau office (address below). Proposals may also be hand-delivered directly to DEC staff listed in the Juneau, Anchorage or Fairbanks offices listed below, and must be received and date-stamped by Tuesday April 25, 2000 before 5:00pm. Faxed and electronic copies will not be accepted as the official postmarked application.

Comprehensive Psychiatric Role Recovery Treatment And Rehabilitation Program Rfp

Publish Date: 02/28/2000

Archive Date: 03/25/2000

Location: Statewide

Body of Notice:

The Division of Mental Health and Developmental Disabilities, Alaska Psychiatric Institute is soliciting interested parties with experience for the Procurement of Comprehensive Psychiatric Role Recovery Treatment and Rehabilitation Program services ("Role Recovery Program,") RFP # 2000 - 0600 - 1519. Responses to this solicitation must be received no later than 4:00 p.m. Alaska Prevailing Time, Friday, March 24, 2000. Services required include but are not limited to the following:

- 1) Develop organizational structures, personnel and program development consultation, training and implementation services for the adaptation, planning and implementation of a Role Recovery Program to assist API's leadership to reorganize and improve clinical treatment and rehabilitation programs.
- 2) Develop a 'blueprint' for a "Role Recovery Program" for API based on the philosophy, principles, and

technologies of the Psychiatric Rehabilitation Approach (sometimes referred to as the "Anthony model") as developed by the Boston University Center for Psychiatric Rehabilitation and as adapted in actual role recovery programs currently in use at other state psychiatric hospitals.

3) Develop and assist API in implementing a "Role Recovery Program" including:

a) developing the organizational structures and support necessary for the successful implementation of a "Role Recovery Program",

b) enhancing commitment and capability of API staff to clinically intervene and interact with patients/consumers in ways that maximize the facilitation of consumer recovery;

c) integrating role recovery into the clinical treatment and rehabilitation for the adolescent and adult acute, long term, and forensic programs;

d) training staff and developing programs that maximize consumer role recovery outcomes; and

e) increasing the level of collaboration between API staff and Community Mental Health providers in providing active and community role relevant services to API patients/consumers.

4) Assist API in implementing a hospital-wide competency and training process related to a "Role Recovery Program."

5) Assist API in achieving full compliance with the standards of the Joint Commission on Accreditation of Healthcare Organization (JCAHO), as well as the rules and regulations of the Healthcare Financing Administration (HCFA), especially those related to patient rights and patient treatment/care.

In order for interested parties to be considered responsive, responders must meet minimum prior experience.

The contractor must have at least two (2) consecutive years of successful multi-year project experience in assisting state psychiatric hospitals in planning and implementing a comprehensive psychiatric role recovery treatment and rehabilitation training program ("Role Recovery Program.") The role recovery training program must be based on the philosophy, principles, and technologies of the Psychiatric Rehabilitation Approach (sometimes referred to as the "Anthony model") as developed by the Boston University Center for Psychiatric Rehabilitation and on actual role recovery training programs in use presently at other state psychiatric hospitals. In addition, responders must have written proof of successful experience planning and implementing a "Role Recovery Program" in conjunction with a hospital-wide quality improvement process at state psychiatric hospitals with the goal of achieving compliance with JCAHO standards and HCFA regulations. The primary on-site consultant(s) providing 50% of the consultation

, training, and technical assistance must be current consultants/trainers providing consultation, training and technical assistance planning and implementing a "Role Recovery Program" through consecutive multi-year projects to state psychiatric hospitals or must have been such consultants/trainers with state psychiatric hospitals within the last 3 years. A proposer's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and their proposal will be rejected.

This solicitation including a copy of the RFP for downloading is posted on the State's "Online Public Notice" web site at www.state.ak.us. For more information or to receive a copy of the RFP by mail, contact Carrie Strickland, Procurement Officer, Department of Health and Social Services, Division of Mental Health and Developmental Disabilities, Alaska Psychiatric Institute, 2900 Providence Drive, Anchorage, Alaska 99508-4677. Greatland Riverfront Properties, Inc has requested a private non-exclusive right-of-way pursuant to AS 38.05.850 for a channel, and associated bank stabilization, that will be dredged in the Chena River to access "Pikes Lake"/"Bear Lake". In addition, they have requested a private exclusive right-of-way to place a barge/dock in "Bear Lake" to load and unload passengers for their cruises on the Chena River. Both rights-of-way are located within Section 12, Township 1 South, Range 2 West, Fairbanks Meridian. The channel will occupy approximately 0.02 acres and the boat/dock will occupy approximately 0.22 acres.

The public is invited to comment on this proposed action. The casefile, including the Preliminary Finding and Decision, is available for review at the address listed above. Any comments, objections, or expressions of interest concerning this proposed action should be received in the office no later than 5:00 pm on March 28, 2000. To be eligible to appeal, a person must respond in writing during the comment period. Please direct any questions to Chris Milles at 451-2711.

**Notice Of Application For Approval Of An Expansion Of The Duck Island
Unit Area**

Publish Date: 02/24/2000

Archive Date: 03/25/2000

Location: Statewide

Body of Notice:

The Department of Natural Resources (the Department) gives notice under 11 AAC 83.311 of an application to expand the Duck Island Unit (DIU) area. The DIU is located on the North Slope immediately adjacent to the eastern boundary of the Prudhoe Bay Unit (PBU). The proposed expansion area is currently within the PBU. The DIU operator, BP Exploration (Alaska), Inc. (BP), filed an application with the Division of Oil and Gas (the Division) on November 3, 1999, to expand the DIU and simultaneously contract the PBU and the Niakuk and Lisburne Participating Areas within the PBU. BP's address is P.O. Box 196612, Anchorage, AK 99519-6612.

The applicant proposes to expand the DIU and the Eider Participating Area (Eider PA) to include the following lands:

Township 12 North, Range 16 East, Umiat Meridian, Section 28: NE¼SE¼.

These lands comprise approximately 40 acres within one lease, ADL 34634. Inclusion of the proposed lands in the DIU would bring the total unit area to approximately 17,586 acres.

You may review the non-confidential portions of the application at the Division's office at 550 West 7th Avenue, Suite 806, Anchorage, Alaska. Copies of the non-confidential portions of the application are available by writing to the Division of Oil and Gas, Units Section, 550 West 7th Avenue, Suite 800, Anchorage, Alaska 99501-3510. The department charges a photocopy fee of \$.25 per sheet. 11 AAC 05.010(a)(16)(C).

Any person may file written comments on the application. Comments must be received by 4:30 p.m., March 25, 2000, and should be mailed to the Division of Oil and Gas, attention Carol Lee, Petroleum Economist, at the above address. The Department will consider all timely written comments and evaluate the application based on the criteria in 11 AAC 83.303 and 11 AAC 83.356. Within 60 days after the close of the comment period, the Department will issue a written decision to approve or deny the unit expansion application.

Preliminary Decision To Convey Land & Proposed Mineral Closing

Publish Date: 03/01/2000

Archive Date: 03/30/2000

Location: Wasilla

Body of Notice:

PRELIMINARY DECISION TO CONVEY LAND
ADL 20729

PROPOSED MINERAL CLOSING ORDER

In accordance with AS 38.05.102, the Division of Mining, Land and Water has made a preliminary decision to sell a parcel of state land under preference right purchase to the lessee. This parcel is currently under long-term lease and is described as follows:

ADL 20729 - Top End, Inc., dba Alaska Raceway Park: This parcel is located approximately ½ mile east of the old section of the Glenn Highway, approximately 7 ½ miles southeast of Palmer and 1 mile north of Knik River. This parcel is described as W1/2SW1/4, SW1/4NW1/4, E1/2NW1/4NW1/4, SW1/4NW1/4NW1/4, and S1/2NW1/4NW1/4NW1/4, Section 36, T17N, R2E, SM, containing 155 acres, more or less.

The Division of Mining, Land and Water also proposes to close this parcel

to mineral entry to prevent conflicts between the surface and potential subsurface users because mining activity on the parcel would be incompatible with the current proposed surface use.

The public is invited to comment on the preliminary decision that allows the lessee to acquire state land under preference right purchase. Copies of these documents are available from the Division of Mining, Land and Water, Resource Development and Realty Services Section, Contract Administration and Land Sales, 550 W. 7th Ave., Suite 640, Anchorage, Alaska 99501-3576. The Division of Mining, Land and Water must receive any comments in writing at the address above by 5:00 p.m., March 20, 2000, to ensure consideration. If you have any questions concerning this proposal, please contact Romeo R. Rescober at (907) 269-8535.

Following the comment deadline, all written responses will be considered. If significant changes are required, the preliminary decision may be modified and additional public notices will be released. If no significant changes occur, the preliminary decision will be issued as final decision of the Department of Natural Resources on or after the close of the public comment period without further notice. Only those persons who have meaningfully participated by commenting during the public comment will be eligible to file an administrative appeal of these final decisions.

Individual with audio impairments who wish to respond to this decision by telephone may call the department's Public Information Center in Anchorage between the hour of 11:00 a.m. and 5:00 p.m., Monday through Friday, at TDD# 269-8411.

Department of Environmental Conservation

The following proposed project in the Kenai Peninsula Borough is being reviewed for consistency with the ACMP. Your comments, particularly on the proposed project's consistency with the affected local coastal district management program, are requested. Your project consistency comments are required to preserve your rights to file a petition under Alaska Statute 46.40.100(b)(1). Comments regarding inconsistency with a Kenai Peninsula Borough coastal district's enforceable policy or a State standard set out in 6 AAC 80.040-6 AAC 80.150 must identify the enforceable policy or standard and explain how the project is inconsistent.

The Department of Environmental Conservation (DEC) is also proposing to issue Air Quality Construction Permit (AQCP) No. 0023-AC004 to Forcenergy, Inc., for the proposed project under AS 46.14.120 and 18 AAC 50.

To be considered, written comments must be submitted and must be received on or before 5:00 p.m. March 29, 2000. Comments regarding project consistency should be submitted to DGC at the address and fax number below. Comments regarding preliminary AQCP No. 0023-AC004 should be submitted to DEC at the address and fax number below.

Project Name: Tomcat #1 Exploration and Appraisal Well

Proposed Project & Location:

Forcenergy, Inc., proposes to drill up to four onshore oil and gas exploration wells in the West Forelands area of Southcentral Alaska. A 3.5 mile access road will be constructed primarily within native lands and will run southerly from the West Forelands #1 well site. Gravel will be obtained from local gravel sources, including possible new potential sources identified along the access road route. The facility will consist of equipment associated with an exploratory drill rig including five diesel-electric generators, two rig boilers, a rig heater, a well test flare, and two fuel storage tanks. The project, to be initiated in June 2000, is located at T. 7N., R.14W., Sections 4,5,9,21,28,33 Seward Meridian.

Applicant/Agent:

Forcenergy, Inc.
310 K Street, Suite 700
Anchorage, AK 99501

Project Number: State ID # 0002-02OG

Deadline for written comments: March 29, 2000, 5:00 p.m.

Emissions: The preliminary permit contains provisions to limit emissions by restricting operation of the well test flare, and limiting diesel fuel sulfur and natural gas H₂S content. As limited, the facility may emit up to 426 Tons Per Year (TPY) NO_X, 152 TPY CO, 17 TPY PM₁₀, 23 TPY VOC, and 54 TPY SO₂. The results of ambient air impact modeling indicate that the emissions associated with the Tomcat facility, as limited, will not cause or contribute to a violation of ambient air quality standards provided in 18 AAC 50.010. Based on DEC review, the potential emissions resulting from the Tomcat facility will not exceed the visible emission, particulate matter, and sulfur compound standards listed in 18 AAC 50.055.

Notice of Finding of No Significant Impact and Notice of Intent to Request Release of Funds

March 3, 2000
Alaska Housing Finance Corporation
PO Box 101020
Anchorage, AK 99510-1020

1-907-338-6100 or 1-800-478-AHFC outside Anchorage

These notices shall satisfy two separate but related procedural requirements for activities to be undertaken in Wasilla by Alaska Housing Finance Corporation and Wasilla Area Seniors, Inc.

Request for Release of Funds

On or about March 20, 2000, Alaska Housing Finance Corporation will submit a request to the US Department of Housing and Urban Development (HUD) for the release of HOME Investment Partnership Program funds under National Affordable Housing Act of 1990, as amended, to undertake a new housing construction project known as Raven Tree Court (sponsored by Wasilla Area Seniors, Inc.), for the purpose of providing affordable, decent, safe and sanitary housing to senior households in the Wasilla area of Alaska.

Finding of No Significant Impact

The Alaska Housing Finance Corporation has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at Alaska Housing Finance Corporation, Planning and Program Development Department, 4300 Boniface Parkway in Anchorage and may be examined or copied weekdays from 8:00 A.M. to 4:30 P.M.

Public Comments

Any individual, group, or agency disagreeing with this determination or wishing to comment on the project may submit written comments to the Alaska Housing Finance Corporation. All comments received by March 18, 2000, will be considered by the Alaska Housing Finance Corporation prior to authorizing submission of a request for release of funds. Comments should specify which Notice they are addressing.

Release of Funds

The Alaska Housing Finance Corporation certifies to the HUD that Daniel Fauske in his capacity as Chief Executive Officer/Executive Director consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows the Alaska Housing Finance Corporation to use Program funds.

Objections to Release of Funds

HUD will accept objections to its release of funds and Alaska Housing Finance Corporation's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of the Alaska Housing Finance Corporation; (b) the Alaska Housing Finance Corporation has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR Part 58; (c) the grant recipient has committed funds or incurred costs not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58) and shall be addressed to U.S. Department of Housing and Urban Development at 949 E. 36th Avenue, Fourth Floor, Anchorage, AK 99508. Potential objectors should contact HUD to verify the actual last day of the objection period.
