Archive Date: 06/08/2000

Location: Juneau

Body of Notice:

Notice is given that the Department of Community and Economic Development, under the authority of AS 08.01.010, AS 08.01.065, and AS 08.68.220, proposes to adopt regulations in Title 12 of the Alaska Administrative Code dealing with occupational licensing fees related to nurses, to implement, interpret, and make specific AS 08.01.010, AS 08.01.065, and AS 08.68.220.

Under Alaska law, the Department of Community and Economic Development must establish fee levels so that the total amount of fees collected for an occupation approximately equals the actual regulatory costs for the occupation. The Department of Community and Economic Development has reviewed the income and expenses for the occupational licensing program listed below and proposed fee changes that reflect, to the extent possible, the actual costs of the activities under this occupational licensing area. The proposed regulations set fees for the following area:

12 AAC 02.280, BOARD OF NURSING: FEES FOR NURSES, ADVANCED NURSE PRACTITIONERS, AND REGISTERED NURSE ANESTHETISTS, the department is proposing to alter the license and renewal fees for nurses.

Notice is also given that any person interested may present written comments relevant to the proposed action, including the potential costs to private persons of complying with the proposed action, by submitting written comments by mail, fax, or E-mail to:

Kurt West, Regulations Specialist
Division of Occupational Licensing
Department of Community and Economic Development
P.O. Box 110806
Juneau, AK 99811-0806
Fax: (907) 465-2974
E-mail: [kurt_west@dced.state.ak.us]

Written comments must be received at the address above no later than June 7, 2000.

If you are a person with a disability who may need a special accommodation in order to participate in the process on the proposed regulations, please contact Kurt West at the above number or address no later than June 1, 2000, to make any necessary arrangements.

This action is not expected to require an increased appropriation.

Copies of the proposed regulations may be obtained by writing to the mail, fax, or E-mail address above or by telephoning (907) 465-2537.

After the close of the public comment period, the Department of Community and Economic Development

will adopt either these or other proposals dealing with the same subject, without further notice, or decide to take no action on them. The language of the final regulations may vary from that of the proposed regulations. The department may raise or lower the fees, or change or establish fees related to the licensing program listed above. You should comment during the time allowed if your interests could be affected.

For each occupation regulated under the Division of Occupational Licensing, the division keeps a list of individuals or organizations who are interested in the regulations of that occupation. The division automatically sends a Notice of Proposed Regulations to the parties on the appropriate list each time there is a proposed change in an occupation's regulations in Title 12 of the Alaska Administrative Code. If you would like your address added to or removed from such a list, please send your request to the Division of Occupational Licensing at the address above and include your name, address, and the occupational area in which you are interested.

Body of Notice:

The Alaska Department of Environmental Conservation (ADEC) proposes to issue an Air Quality Control Operating Permit for emission sources at the Haines Generating Station, under Alaska Statutes 46.14 and regulation 18 AAC 50.

Applicant: ALASKA POWER & TELEPHONE, HAINES GENERATING STATION

Location: The facility is physically located on Dalton Street in Haines, Alaska

Activity: The facility consists of five mainline diesel-electric generator sets and one diesel fuel storage tank. The five diesel-electric generators are rated as follows: S1 670kW, S2- 1,265 kW, S3-1,750 kW, S4-2,865 kW and S5-1,135 kW.

On December 4, 1997, Alaska Power & Telephone submitted an operating permit application for the Haines Generating Station as required by 18 AAC 50, effective January 18, 1997. Alaska Power & Telephone submitted additional information on February 27, 1998.

Emissions: The significant air contaminant emission sources are the diesel electric generators. The potential annual emissions of regulated air contaminants at the facility will not exceed 376 tons/yr: 8 tons of Particulate Matter (PM-10), 249 tons of Nitrogen Oxides (NOx), 42 tons of Sulfur Dioxide (SO2), 70 tons of Carbon Monoxide (CO), and 7 tons of Volatile Organic Compounds (VOCs).

Department Preliminary Review: Based on review of Alaska Power & Telephone's Operating Permit

application, ADEC concurs that the Haines Generating Station and other sources will comply with emission standards listed in 18 AAC 50.040-090. As proposed, allowable emissions will not cause any violations of the ambient air quality standards and increments. The Department has drafted a Statement of Basis including a preliminary permit decision to issue an operating permit for the Haines Generating Station.

Available Information: Copies of ADEC's draft Operating Permit and preliminary Statement of Basis are available at the following offices:

Residential Psychiatric Treatment Centers For Children And Youth

Location: Statewide

Body of Notice:

What: The department proposes new regulations governing the licensure of Residential Psychiatric Treatment Centers (RPTC's) for children and youth by adding 7 AAC 50.800 - 7 AAC 50.895 and by making minor amendments to Community Care licensing regulations at 7 AAC 50.

Who: The proposed regulations affect residential child care facilities which currently provide, or may provide in the future, comprehensive residential psychiatric treatment to severely emotionally disturbed youth or children age six or older.

Why: The department proposes RPTC licensing regulations in order to set minimum standards in this important area of service. We make this proposal to conform to licensing and child placement laws amended in 1998. We include more details in this notice.

When: The department will hold a teleconference to take comments on our proposal on Tuesday, June 13, 2000. The public comment period ends on Friday, June 30, 2000.

Obtain a copy of the proposed regulations attached below or at offices of the Division of Family and Youth Services (DFYS) or on the DFYS homepage, <http://www.hss.state.ak.us/dfys>. You may also call Charles Knittel at (907) 465-2218; write to him at Division of Family and Youth Services, Department of Health and Social Services, P.O. Box 110630, Juneau, Alaska 99811-0630; or email him at Charles_Knittel@health.state.ak.us and ask to receive a copy. Direct written comments about the proposed regulations to him.

NOTICE IS GIVEN that the Alaska Department of Health and Social Services, under the authority of AS 44.29.020, AS 47.05.010, AS 47.05.060, AS 47.07.050, AS 47.10.300, AS 47.10.310, AS 47.10.320, AS 47.10.392, AS 47.14.100, AS 47.35.010 and AS 47.35.085 proposes to repeal, amend, and adopt regulations in Title 7 of the Alaska Administrative Code as follows:

WHAT WE PROPOSE AND WHY

1. The department intends to amend existing regulations at 7 AAC 50.425 - 7 AAC 50.435 in order to extend the currently allowable use of surveillance cameras to behavior-management rooms, to add restrictions and requirements for the physical and emotional safety of children placed in a locked behavior-management room, and to add a definition of locked behavior-management room.
2. The department intends to adopt new regulations at 7 AAC 50.800 - 895 (Article 9) for the licensure, operation, and departmental supervision of facilities providing residential psychiatric treatment to emotionally disturbed children and youth. These regulations implement and make specific the licensing requirements applying to RPTC's in conformance with the provisions of ch. 107, SLA 1998. To become licensed, an RPTC must follow all provisions, standards, and procedures applying to residential child care facilities described in 7 AAC 50.005 through 7 AAC 50.900, except where Article 9 sets out differing requirements.

While in no way exhaustive of the items addressed, the following list identifies significant topics covered in Article 9:

- Define and create programmatic requirements for semi-secure and secure RPTC's.
- Set standards for qualifications of medical, clinical and other care giving staff of RPTC's.

- Set standards for orientation, initial training, and ongoing training for RPTC staff.
- Define admission criteria for severely emotionally disturbed children or youth considered for placement in an RPTC.
- Define admission criteria for voluntary admission of children/youth to a secure unit or secure program within an RPTC.
- Set standards regarding the release of an RPTC resident from secure care and for re-admission to secure care.
- Set standards for early and proactive discharge planning, treatment team participation, and transition of each RPTC resident to community care or home.
- Set requirements for independent review of extended placements of children/youth admitted on a voluntary basis to ensure that continued care in an RPTC remains appropriate.
- Set child-to-caregiver ratios in RPTC's.
- Expand on the basic licensing standards for behavior management of RPTC residents and expand the requirements for facility record-keeping regarding the use of behavior management techniques, including seclusion or restraint.
- Define specific classes of medication that a physician may not prescribe for residents of an RPTC, set out criteria for "informed consent" to medications by the parent, Indian custodian, or guardian of the resident, and expand the requirements for facility record-keeping regarding the use of all medications within an RPTC.
- Require an RPTC to offer a resident grievance process.
- Require an RPTC to provide educational services certified by the local school district.

3. The department intends to amend the definition article of Community Care Licensing, 7 AAC 50, by re-numbering it as Article 10. We also propose to add the category of RPTC to the definition of full time care facility, add a definition of the Global Assessment of Functioning Instrument, add a new definition for RPTC, and amend the definition of semi-secure.

The department recognizes that the proposed Article 9 will require an RPTC to meet licensing requirements in addition to requirements related to the receipt of medical assistance reimbursement as set out in 7 AAC 43. We invite reviewers to recommend changes to the proposal, including cuts to licensing requirements and ways to make these regulations easier to understand, and to comment regarding the potential cost of compliance. The department may make additional changes that appear necessary after reviewing public comments.

NOTICE IS ALSO GIVEN that any person may present written statements or arguments relevant to the proposed action, including the potential cost to private persons of complying with the proposed action, by writing to Charles Knittel, Division of Family and Youth Services, Department of Health and Social Services, P.O. Box 110630, Juneau, Alaska 99811 - 0630, or by emailing him at Charles_Knittel@health.state.ak.us. We will include in the record comments we receive on or before June 30, 2000.

ADDITIONALLY, any person may present oral statements or arguments relevant to the proposed action at a teleconference held in the following communities at the date, time, and place indicated.

TELECONFERENCE

The department will conduct a statewide teleconference on Tuesday, June 13, 2000, between 2:00 p.m. and 4:00 p.m. at the Legislative Information Office in the following communities:

Anchorage, Kenai, Ketchikan, Kotzebue, Nome, Fairbanks, Kodiak, Sitka, Bethel, Juneau, Mat-Su (Wasilla), Barrow

Sign-in for testimony will run from 1:45 p.m. to 2:30 p.m. If the division completes taking testimony before 3:15 p.m., we will close the teleconference hearing.

If you are a person with a disability who may need a special accommodation in order to participate in the

process on the proposed regulations, phone Charles Knittel at (907) 465-2218, write him at Division of Family and Youth Services, Department of Health and Social Services, P.O. Box 110630, Juneau, Alaska 99811-0630, or email him at Charles_Knittel@health.state.ak.us no later than June 6, 2000 to ensure a necessary accommodation.

The action is not expected to require an increased appropriation.

After the close of the public comment period, the Department of Health and Social Services will either adopt these or other proposals dealing with the same subject without further notice, or decide to take no action on them. The language of the final regulations may vary from that of the proposed regulations. You should comment during the time allowed if your interests could be affected.

Dated at Juneau, Alaska this _____ day of _____, 2000.
