AIDEA Proposed Regulations Changes

Publish Date: 09/16/99

Archive Date: 10/30/99

Location: Anchorage

Body of Notice:

ALASKA INDUSTRIAL DEVELOPMENT AND EXPORT AUTHORITY

Notice is given that the Alaska Industrial Development and Export Authority (AIDEA), under the authority of AS 44.88.080, proposes to adopt regulation changes in Title 3, Chapter 99 of the Alaska

Administrative Code, dealing with AIDEA's lending program, to implement AS 44.88.085, 44.88.090, 44.88.095, 44.88.150, 44.88.155, 44.88.159, 44.88.212, 44.88.525, 44.88.530, 44.88.535, 44.88.540, 44.88.545, and 44.88.900.

The title of Article 1 of Chapter 99 is proposed to be changed to reflect the regulatory changes described below.

3 AAC 99.100 is proposed to be changed to alter the applicability of Article 1 to include AIDEA's financing programs, regardless of whether they are financed through tax-exempt bonds or bonds that are not tax-exempt.

3 AAC 99.110 is proposed to be changed to consolidate the application process by eliminating the requirement for a preliminary application, to describe the information to be included in an application, to specify the actions to be taken by AIDEA upon its preliminary determination eligibility of a project to participate in the conduit revenue bond program.

3 AAC 99.120 is proposed to be changed to clarify the application process following a preliminary determination of eligibility under proposed 3 AAC 99.110.

3 AAC 99.130 is proposed to be changed to specify that AIDEA will cooperate with an applicant to obtain information needed to make a determination with respect to an application, and to reflect that a financing agreement may be entered into with an originator.

3 AAC 99.140 is proposed to be changed to provide for new issuance fees for certain types of bonds, to specify fees for certain types of board actions, and to make non-substantive grammatical changes.

3 AAC 99.160 is proposed to be changed to reflect a new program name referenced in 3 AAC 99.200 - 3 AAC 99.290.

The title of Article 2 of Chapter 99 is proposed to be changed to reflect the regulatory changes described below.

3 AAC 99.200 is proposed to be changed to reflect the change in the name of the program.

3 AAC 99.210 is proposed to be changed to reflect the fact that bonds might not be issued to provide money for a particular loan, and to provide that AIDEA will adopt an eligibility resolution only if AIDEA's portion of the loan is greater than or equal to one million dollars. If AIDEA's portion of the loan is less than one million dollars, AIDEA will not adopt an eligibility resolution.

3 AAC 99.220 is proposed to be changed to reflect the proposed changes to 3 AAC 99.210, to increase the amount of the application fee for loan participations, to provide for a credit of the application fee against the commitment fee and funding fee if the application is granted, and to remove references to the Uniform Standards of Professional Appraisal Practice.

3 AAC 99.230 is proposed to be changed to provide that AIDEA participation in refinancing is subject to the added requirement of permissibility under the Internal Revenue Code.

3 AAC 99.240 is proposed to be changed to provide that AIDEA participation in refinancing is subject to the added requirement of permissibility under the Internal Revenue Code.

3 AAC 99.250 is proposed to be changed to remove a provision for downward adjustment of AIDEA's share of a participation loan funded by tax-exempt bonds, to clarify the method of calculation of the initial rate of interest to be charged on a participation loan, and to make non-substantive grammatical changes.

3 AAC 99.260 is proposed to be changed to provide for multiple extensions of a loan commitment.

The title of Article 3 of Chapter 99 is proposed to be changed to reflect the regulatory changes described below.

3 AAC 99.300 is proposed to be changed to make non-substantive grammatical changes.

3 AAC 99.320 is proposed to be changed to increase the amount of the application fee for loan participations, to provide for a credit of the application fee against the commitment fee and funding fee if the application is granted, and to remove references to the Uniform Standards of Professional Appraisal Practice.

3 AAC 99.350 is proposed to be changed to remove a provision for downward adjustment of AIDEA's share of a participation loan funded by tax-exempt bonds, to remove a requirement that the originator retain a forty percent share of a participation loan after refinancing, to clarify the method of calculation of the initial rate of interest to be charged on a participation loan, and to make non-substantive grammatical changes.

3 AAC 99.360 is proposed to be changed to provide for multiple extensions of a loan commitment.

3 AAC 99.730 is proposed to be changed to make non-substantive grammatical changes.

3 AAC 99.760 is proposed to be changed to allow AIDEA to waive the priority of a lien or security interest required under 3 AAC 99.730, to increase the share of an existing debt for which AIDEA may provide a guarantee, and to correct a non-substantive typographical error.

3 AAC 99.930 is proposed to be changed to remove the definition of the term "fair market value," and to reflect the fact that 3 AAC 99.710(d) has been previously amended to provide for more than four regions.

Notice is also given that any person interested may present written comments relevant to the proposed action, including the potential costs to private persons of complying with the proposed action, by writing to the AIDEA, Attention: J. McMillan, 480 West Tudor Road, Anchorage, AK, 99503, so that they are received no later than October 29, 1999. Additionally, any interest person may present oral or written comments relevant to the proposed action, including the potential costs to private persons of complying with the proposed action, at a hearing to be held in the Conference Room, Alaska Industrial Development and Export Authority, 480 West Tudor Road, Anchorage, Alaska, at 10:00 a.m. on October 29, 1999. The hearing will be held at 10:00 a.m. and shall extend for at least one hour, if necessary, to provide an opportunity for those present before 10:00 a.m. to present oral statements, arguments or contentions. The hearing might be extended further to accommodate those present before 10:00 a.m. who do not have an opportunity to testify. Additionally, the hearing might be extended or continue to a time and place announced at the hearing.

If you are person with a disability who may need a special accommodation in order to participate in the process on the proposed regulations, please contact J. McMillan at (907) 269-3000 no later than October 15, 1999, to ensure that any necessary accommodations can be provided.

This action is not expected to require an increased appropriation.

Copies of the proposed regulations may be obtained by writing to:

Alaska Industrial Development and Export Authority
480 West Tudor Road
Anchorage, Alaska 99503
Attn: Jim McMillan

After the close of the public comment period, the Alaska Industrial Development & Export Authority Board of Directors will either adopt these or other proposals dealing with the same subject, without

further notice, or decide to take no action on them. The language of the final regulations may vary from that in the proposed regulations. You should comment during the time allowed if your interests could be affected.

Community & Economic Development: Notices of Proposed Regulations
Proposed Dietitians And Nutritionists Fees

Publish Date: 09/22/99

Archive Date: 11/02/99

Location: Juneau

Body of Notice:

Notice is given that the Department of Community and Economic Development, under the authority of AS 08.01.010, AS 08.01.065, AS 08.01.100, AS 08.38.020, and AS 08.38.030, proposes to adopt regulations in Title 12 of the Alaska Administrative Code dealing with occupational licensing fees related to dietitians and nutritionists, to implement, interpret, and make specific AS 08.01.010, AS 08.01.065, AS 08.01.100, AS 08.38.020, and AS 08.38.030.

Under Alaska law, the Department of Community and Economic Development must establish fee levels so that the total amount of fees collected for an occupation approximately equals the actual regulatory costs for the occupation. The Department of Community and Economic Development has reviewed the income and expenses for the occupational licensing program listed below and proposed fee changes that reflect, to the extent possible, the actual costs of the activities under this occupational licensing area.

The proposed regulations set fees for the following area:

12 AAC 02.195, DIETITIANS AND NUTRITIONISTS, the department is proposing to adopt a new section that establishes fees for dietitians and nutritionists.

Notice is also given that any person interested may present written comments relevant to the proposed action, including the potential costs to private persons of complying with the proposed action, by submitting written comments by mail, fax, or E-mail to:

Kurt West, Regulations Specialist
Division of Occupational Licensing
Department of Community and Economic Development
P.O. Box 110806
Juneau, AK 99811-0806
Fax: (907) 465-2974
E-mail: [kurt_west@dced.state.ak.us]

Written comments must be received at the address above no later than November 1, 1999.

If you are a person with a disability who may need a special accommodation in order to participate in the process on the proposed regulations, please contact Kurt West at the above number or address no later than October 25, 1999, to make any necessary arrangements.

This action is not expected to require an increased appropriation.

Copies of the proposed regulations may be obtained by writing to the mail, fax, or E-mail address above or by telephoning (907) 465-2537.

After the close of the public comment period, the Department of Community and Economic Development will adopt either these or other proposals dealing with the same subject, without further notice, or decide

to take no action on them. The language of the final regulations may vary from that of the proposed regulations. The department may raise or lower the fees, or change or establish fees related to the licensing program listed above. You should comment during the time allowed if your interests could be affected.

For each occupation regulated under the Division of Occupational Licensing, the division keeps a list of individuals or organizations who are interested in the regulations of that occupation. The division automatically sends a Notice of Proposed Regulations to the parties on the appropriate list each time there is a proposed change in an occupation's regulations in Title 12 of the Alaska Administrative Code. If you would like your address added to or removed from such a list, please send your request to the Division of Occupational Licensing at the address above and include your name, address, and the occupational area in which you are interested.

NOTICE OF PROPOSED CHANGES IN THE
REGULATIONS OF THE
ALASKA COMMISSION ON POSTSECONDARY EDUCATION

Notice is given that the Alaska Commission on Postsecondary Education, under the authority of AS 14.44.035 and 14.44.040 proposes to adopt, amend and repeal regulations in Title 20, Chapter 18 of the Alaska Administrative Code dealing with Western Interstate Commission for Higher Education (WICHE) Professional Student Exchange Program, to implement, interpret, and make specific AS 14.44, including provisions that would:

- 1) Implement Ch. 23 SLA 1999 (HB27)

Notice is also given that any person interested may present written statements or arguments relevant to the proposed action, including the potential costs to private persons of complying with the proposed action, by writing to the Executive Director of the Alaska Commission on Postsecondary Education, 3030 Vintage Blvd., Juneau, Alaska 99801-7109, so that they are received no later than November 19, 1999. Additionally, any interested person may present oral or written comments relevant to the proposed action, including potential costs to private persons of complying with the proposed action, at a hearing to be held at the winter meeting of the Alaska Commission on Postsecondary Education, currently scheduled on Friday, December 10, 1999, at 707 A Street, Suite 201, Anchorage, Alaska. Scheduled times for oral testimony will be announced prior to the meeting.

If you are a person with a disability who may need a special accommodation in order to participate in the process on the proposed regulations, please contact Donna Mayfield at 465-6740 no later than November 12, 1999, to ensure that any necessary accommodations can be provided.

This action is not expected to require an increased appropriation.

Copies of the proposed regulations may be obtained by writing to the above-mentioned address.

After the close of the public comment period, the Alaska Commission on Postsecondary Education will either adopt these or other proposals dealing with the same subject, without further notice, or decide to take no action on them. The language of the final regulations may vary from that of the proposed regulations. You should comment during the time allowed if your interests could be affected.

Body of Notice:**NOTICE OF REQUEST FOR PROPOSALS
ALASKA DEPARTMENT OF ENVIRONMENTAL CONSERVATION
Transportation Control Support**

ASPS #00-0045

The Department of Environmental Conservation (DEC), Division of Air & Water Quality, is soliciting competitive sealed proposals for a fixed price contract for technical assistance in the development of emission inventories, development and analysis of air quality control measures and implementation plans, and analysis of fuel issues. Contractor tasks include conducting statistical analyses, preparing technical reports, and conducting other technical work related to air quality issues in Alaska. The tasks are primarily focused on transportation issues that affect air quality in Alaska including the inspection and maintenance (I/M) program, ethanol-fuels program, sulfur in fuels, conformity, and carbon monoxide (CO) emissions.

To qualify for this project, a vendor must have previous experience in the following areas:

-  Evaluating and testing automotive emission control systems and their effectiveness in operation at various temperatures.
-  Testing vehicles in accordance with federal test procedure (FTP), ASM, or IM240 protocols.
-  Evaluating I/M programs.
-  Preparing air emission inventories and/or analyzing air quality control strategies.

An RFP package may be obtained from the following location:

Alice Edwards
DEC, Air Non-Point and Mobile Sources
410 Willoughby Avenue
Juneau, AK 99801
(907) 465-5109

Additionally, this package is available via the internet at <http://notes.state.ak.us/pn>. RFP packages will be available beginning Thursday, September 16, 1999. Proposals must conform to the RFP and must be submitted with specified forms no later than 4:00 p.m., October 8, 1999.

A person with a disability who may need special assistance in submitting a proposal should contact the DEC representative Fran Podmolik at (907) 465-5040 by September 28, 1999 to make necessary arrangements.

Request For Proposals (Asps No. 00-0022) Calpuff/Mm5 Study**

Publish Date: 09/22/99**Archive Date:** 10/14/99**Location:** Statewide**Body of Notice:**

The Department of Environmental Conservation, Division of Air & Water, Air Permits Program, is soliciting detailed proposals for an air quality modeling demonstration study that would be conducted in two phases. The first phase would address the feasibility of applying the CALPUFF modeling system for near-field analysis, using a variety of meteorological inputs. The second phase would address the feasibility of using MM5 source data in a near-field modeling analysis using AERMOD and ISC. The Request for Proposals (RFP) describes the scope of work, minimum qualifications, and evaluation

criteria.

The CALPUFF/MM5 RFP may be downloaded from the Department's web page at <http://www.state.ak.us/dec/dawq/aqm/calendar.htm>. The RFP may also be requested by phone, fax, mail or electronic mail. Requests by phone should be made to Alan Schuler at (907) 465-5112 or by fax at (907) 465-5129. Requests by mail should be addressed to: Alan Schuler, Air Permits Program, Department of Environmental Conservation, 410 Willoughby Avenue, Suite 105, Juneau, AK 99801-1795. E-mail requests should be sent to Alan Schuler at aschuler@envircon.state.ak.us.

Proposals must be received no later than 4:30 p.m. on October 14, 1999. Failure to meet the deadline will result in disqualification of the proposal without review. Offerors must also hold a valid Alaska Business License at the time proposals are opened.

This study is paid for by a federal grant. The Department encourages a response from Minority Business Enterprise (MBE) and Women's Business Enterprise (WBE).

PUBLIC NOTICE

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

AIR QUALITY CONTROL GENERAL OPERATING PERMIT

SIGNIFICANT REVISION

The Alaska Department of Environmental Conservation (ADEC) proposes a significant revision to General Air Quality Control Operating Permit 4 (GP4) to Soil Remediation Units to permit them to treat soils contaminated with certain chemicals in addition to soils contaminated with petroleum products only, as presently required by GP4.

Discussion: Soil Remediation Units treat soil contaminated with petroleum products by thermally volatilizing the vapors in the soil and burning them in an afterburner. Presently General Permit 4 for Soil Remediation Units prohibits the treating of soil containing any contaminants other than petroleum products. The proposed significant revision to General Permit 4 would allow soil contaminated with certain chemicals identified in an ADEC report entitled Soil Remediation Units - Air Quality Impact of Thermal Soil Treatment to be treated in Soil Remediation Units. The ADEC report analyzed over fifty chemicals with respect to their cancer risk in relation to the concentrations of the chemicals in the

ambient air expected to be emitted by Soil Remediation Units. The report tabulated the concentrations of the chemicals in the soil that could be remediated at various processing rates for different soil remediation projects lasting from one to 4320 hours.

Permit Changes: Comments are solicited from the general public with regard to the changes in the permit, statement of basis, and the report Soil Remediation Units - Air Quality Impact of Thermal Soil Treatment. The changes are placed in the permit in the form of a new condition 20.2 and new monitoring condition M29, and new reporting requirement R16. The Statement of Basis for the General Permit has been revised with respect to Condition 20.2 of the General Permit.

Additional Information: Copies of the proposed amendment to General Permit 4 (GP4), the ADEC report Soil Remediation Units - Air Quality Impact of Thermal Soil Treatment, and copies of the revision to the Statement of Basis for the significant revision to General Permit 4 (GP4) are available from the following ADEC Air Permit Offices at:

410 Willoughby Avenue, Suite 105, Juneau, Alaska 99801-1795
555 Cordova Street, Anchorage, Alaska 99501
610 University Avenue, Fairbanks, Alaska 99709

Copies of this Public Notice, the amendment to the Statement of Basis, and the amendment to the General Permit 4 and the ADEC Report Soil Remediation Units - Air Quality Impact of Thermal Soil Treatment are also available from the Air Permits Web Site at:

<http://www.state.ak.us/dec/dawq/aqm/calendar.htm>

Opportunity for Public Participation: Written comments regarding the proposed significant revision of General Permit 4 will be included in the record if received before 4:30 PM October 22, 1999. Any person may request a public hearing on the proposed significant revision to General Permit 4 and a hearing may be held if the Department finds good cause exists. ADEC complies with Title II of the Americans with Disabilities Act of 1990 and the Rehabilitation Act of 1973. Individuals with disabilities who may need auxiliary aids or services or special modifications to participate in this public process should contact Ms. Fran Podmolik at (907) 465 5010 by 4:30 PM October 15, 1999.

Please direct inquiries and written comments relevant to the proposed significant revision to the general permit to ADEC's representative Donald E. Bodron at 410 Willoughby Avenue, Suite 105, Juneau, Alaska, 99801-1795; (907) 465-5121, by facsimile at (907) 465-5129, or by e-mail at: dbodron@envircon.state.ak.us.

Adoption of a Previous Federal Determination
Finding of No Significant Impact to the Environmental Review Process

North Slope Borough ? Areawide Engineering and Construction for Village Water Projects

The North Slope Borough is applying to the Alaska Department of Environmental Conservation for loans to fund engineering and construction for portions of the new water systems in the Villages of Wainwright,

Point Hope, Point Lay, Nuiqsut, Anaktuvuk Pass, Kaktovik and Atkasuk. These projects will provide water treatment and piped water distribution in these villages.

Prior to approving a loan, the Department must review each project for compliance with the State environmental review procedures. A Finding of No Significant Impact (FONSI) was issued for these projects on September 9, 1999 by the Bureau of Indian Affairs (BIA). These projects will not directly or indirectly adversely effect cultural resource areas, endangered or threatened species or their habitat, or environmentally important natural resource areas.

These projects are not expected to have a significant adverse effect on the quality of the environment, either individually, cumulatively over time, or in conjunction with other federal, State, local, or private actions. Additional information detailing the environmental impacts of this project is available for review from the Department.

The Division of Facility Construction and Operation, within the Department of Environmental Conservation, having reviewed the Facility Planning documents and the Finding of No Significant Impact, is issuing this adoption of the previous federal determination for these projects in accordance with 18 AAC 76.040(f) and the environmental review procedures of the Alaska Drinking Water Fund.

Body of Notice:

Notice is hereby given that pursuant to the provisions of AS 38.05.801 and 11 AAC 99, the Executive Director of the Alaska Mental Health Trust Land Office (TLO) has determined that it is in the best interest of the Alaska Mental Health Trust and its beneficiaries to complete an amendment to MHT 9100047 Negotiated Timber Sale and Harvest Agreement at West Icy Cape on Trust land with the current timber Purchaser, Citifor, Inc. The land is located on the East Side of the Gulf of Alaska, sixty miles west of Yakutat, west of Icy Bay. The amendment includes all Trust property within the Copper River Meridian, Township 22 South, Range 19 East Township 22 South, Range 20 East Township 22 South, Range 21 East: and Township 22 South, Range 22 East. The purpose of the amendment is to revise the existing negotiated timber sale and harvest agreement to optimize Trust resource values in the context of significant declines in timber market values. The amendment increases the volume of timber under agreement from 50 million board feet of merchantable timber to 75 million board feet over an additional four year period removes areas of marginal or uneconomic timber from the sale improves the risk management provisions of the agreement and improves the profit sharing provisions of the existing agreement. The basis for this determination is explained in a written best interest decision, prepared by the Executive Director pursuant to 11 AAC 99.040.

The public is invited to comment on this proposed action. Parties wishing to comment on the written decision or parties that believe that the written decision should be altered due to an inconsistency with Trust management principles, or any other provision of 11 AAC 99, must provide written comments on or before 5:00 PM, October 22, 1999. If no significant comments are received, the Agreement will be executed after that date without further notice.

Copies of the written decision are available at the Alaska Mental Health Trust Land Office, Department of Natural Resources, 550 West 7th Ave, Suite 1430, Anchorage, Alaska, 99501. If you have any questions concerning this action, please contact Lisa Holzapfel at (907) 269-8658.

In compliance with the Americans with Disabilities Act, the Alaska Mental Health Trust is prepared to accommodate individuals with disabilities. Please contact the Trust Land Office at 269-8658 for assistance.

The Executive Director of the TLO reserves the right to waive technical defects in the public notice or to amend, postpone or vacate the best interest decision.

Preliminary Written Finding under AS 38.05.035(e) and AS 38.05.945
Coastal Consistency Review under AS 46.40.096(d)

The Alaska Department of Natural Resources, Division of Forestry, gives formal notice under AS 38.05.945 that the Division has made a preliminary decision under AS 38.05.035(e) regarding the sale of the following commercial timber sale: Eastern Passage Timber Sale Unit 4, SE-861J, ADL 106603.

Before this sale may be held, the Director of the Division of Forestry must make a written final decision that the sale best serves the interest of the State. This decision will set out the facts and applicable policies upon which the Director bases his determination that the proposed timber sale will or will not best serve the interest of the State. The final decision is expected to be available to the public on, or after, October 18, 1999.

The proposed timber sale is located within the boundaries of the City of Wrangell. The City of Wrangell is located approximately 5 statute miles northwest of the sale. The proposed sale volume and location is as follows:

680 MBF 0.38 miles of new mainline road construction
Sections 34 & 35, Township 62 South, Range 84 East.

The public is invited to comment on any aspect of the preliminary decision. Comments should be mailed to the Division of Forestry, 400 Willoughby Avenue, 3rd Floor, Juneau, AK 99801. Comments must be received at the Division of Forestry no later than October 15, 1999 in order to be considered in the final decision of whether or not this sale will be held in whole or in part. To be eligible to appeal the final decision a person must have provided written comment by October 15, 1999.

Pursuant to AS 46.40.096(d)(1), I am requesting consistency review comments from state resource agencies, citizens of the affected coastal districts, affected coastal districts, and other interested parties. Your comments, particularly on the proposed timber sale's consistency with the affected local coastal district management program, are requested. To be considered, written comment must be submitted to the Division of Forestry, 400 Willoughby Avenue, 3rd Floor, Juneau, AK 99801 on or before October 4,

1999. Comments regarding the inconsistency with an affected coastal district's enforceable policy or a state standard set in 6 AAC 80.40 - 6 AAC 80.150 must identify the enforceable policy or standard and explain how the timber sale is inconsistent.

Copies of the preliminary decision are available by contacting the Division of Forestry at the above address, at the Wrangell Public Library, at the Wrangell City Hall, or by telephoning the Juneau Area Office at (907) 465-5402.

Establishment Of New Coordinated Public Transit Service In Sitka

Body of Notice:

Request for Proposals (Federal Project)
New Coordinated Public Transit Service in Sitka

The Community Transportation Association of America (CTAA) is soliciting proposals from qualified consulting firms to provide technical assistance to the Center for Community, Inc. in expanding the scope of existing transportation services to serve the general public and other agencies on a year round basis in Sitka, Alaska.

Background Information: The Center for Community (CFC) is a not for profit agency in Sitka, Alaska that has identified lack of transportation services as a serious impediment to economic growth in Sitka. Sitka is a small community located on Baranof Island in Southeast Alaska. It is a long narrow extended community, accessible only by air and water, that often experiences adverse weather conditions. Residents without automobiles can have difficulty reaching jobs, programs and services. Sitka has also been adversely affected by the closure of timber dependent industries that historically were major employers in the community.

CFC has worked closely with the Sitka Tribe of Alaska, which currently operates a summer only transit service, oriented toward the substantial tourist population. Significant numbers of tourists arrive on Sitka on cruise ships, and are captive transit riders. The transit service does not accommodate local residents, and provides no service between September and May. More recently, Sitka Bus has initiated a public transportation program in the community funded by the Alaska Department of Transportation and Public

Facilities and the Alaska Division of Public Assistance. An additional door to door paratransit service is operated by Southeast Seniors. Long term funding commitments for these two programs have not yet been secured.

Sitka is in a unique position to operate a comprehensive public transit program because the vehicles are already in place in the community. Acquisition of vehicles is often a formidable hurdle for the initiation of a new service. Operating funds for the service may be partly derived from contract and user fees. Tourist fares can form a revenue base for the service at least during the peak summer months. Sitka also has a comprehensive network of human service programs which may have additional resources available to support the actual operation of transit services. The proposed transit service has generated extensive support in the community. Logistically, transit service could be easily operated in Sitka, along the single major highway extending the length of the community. Despite the high potential for transit service, the CFC does not have the physical or organizational capacity to plan for its initiation. Consequently, CFC requires assistance to perform the technical inventory, analysis and service development tasks necessary for establishment of a new coordinated public transit service in Sitka.

Proposals shall be submitted by the proposing firm's principal, with a signed original copy binding the firm to the submitted bid price for a period of no less than thirty (30) days. Six (6) copies of the proposal are due on or before 3:00 p.m. on Thursday, October 7, 1999, and must be received, regardless of postmark, at the following address by this deadline. Fax or electronically transmitted proposals are not acceptable.

The Alaska Department of Transportation & Public Facilities (ADOT&PF) is beginning environmental scoping for the Gravina Access Project. A Public Scoping Meeting will be held in Ketchikan at the Ted Ferry Civic Center Wednesday, October 6. The meeting will be in an Open House format beginning at 3 PM. A presentation and question and answer session will be held from 6:00 PM to 7:30 PM followed by an additional Open House until 8:30 PM. The meeting will be held in conjunction with the Ketchikan Planning Fair to be held at the same time and place.

The purpose of the meeting is to solicit from the public ideas, needs and concerns relative to the Gravina Access Project. What's the best way to connect two islands in a region where ferries, cruise ships, fishing boats, recreational boats, floatplanes, and jets negotiate an intricate transportation network? What are the potential environmental impacts of such a connection? These are a few in a long list of questions ADOT&PF has for you. Leaders of this project need to hear from you so they know what will make the project work for you.
