

Notice of Utility Tariff Filing

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Scott Herbertson and Randy Hestand d/b/a Sandlake Services (Sandlake) filed tariff revision TA27-76 seeking approval of a 65.21 percent permanent increase effective at the end of the statutory notice period of TA27-76, which is July 31, 2015. This represents an increase to its Schedule A monthly rates from \$17.74 to \$29.31.

If the Commission suspends the tariff revision for further investigation, Sandlake requests its proposed 65.21 percent increase be permitted to take effect on an interim and refundable basis pending approval of a permanent rate. Sandlake indicates that the rate increase proposed in TA27-76 is the first phase of a proposed 195.64 percent increase over three years and the utility states it will submit additional requests as part of this phased process in the future.

This notice does not contain every requested revision and the Commission may approve a rate or classification which varies from those proposed.
