Bidders' original comments should be sent to the purchasing authority listed on the front of this ITB.
2. **BID FORMS:** Bidders shall use this and attached forms in submitting bids. A photocopied bid may be submitted.
3. **SUBMITTING BIDS:** Envelopes containing bids must be sealed, marked, and addressed as shown in the example below. **COMPLIANCE WITH ADA:** By signature of their bid the Bidder certifies that they comply with the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the federal government.

Services or activities furnished to the general public on behalf of the State must be fully accessible. This is intended to ensure that agencies are in accordance with 28 CFR Part 35 Section 35.130 and that services, programs or activities furnished to the public through a contract do not subject qualified individuals with a disability to discrimination based on the disability.

**CONTRACT PERFORMANCE LOCATION:** By signature on their bid, the Bidder certifies that all services provided under this contract by the Contractor and all subcontractors will be performed in the United States.

If the Bidder cannot certify that all work will be performed in the United States, the Bidder must contact the Procurement Officer in writing to request a waiver at least 10 days prior to the deadline for receipt of bids.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the State to reject the bid as non-responsive, or cancel the contract.

**HUMAN TRAFFICKING:** By signature on their bid, the bidder certifies that the bidder is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <http://www.state.gov/g/tip/>.

Failure to comply with this requirement will cause the state to reject the bid as non-responsive, or cancel the contract.

**CONTRACT INTENT:** This Invitation to Bid (ITB) is intended to result in a contract for the purchase and delivery of traffic sign material of various sizes, types, and colors, on an as-needed basis, for multiple locations throughout Alaska for DOT&PF.

For all other Alaskan locations NOT identified in the solicitation / Bid Schedule, the State, at its sole discretion, reserves the right to:

- Determine the nearest location under the resulting contract and purchase at the contract's pricing for that location (Lot). Any additional charges from the Lot to the final destination (e.g. shipping) will be at the State's expense; and
- Purchase the materials competitively from other sources if it is determined to be in the State's best interest.

**CONTRACT ADMINISTRATION:** The administration of this contract is the responsibility of the Procurement Officer of Record appointed by the Department of Transportation & Public Facilities, Statewide Procurement.

**CONTRACT PERIOD:** The length of the contract will be from the date of award through June 30, 2017, with the option to renew for two (2) additional (1) year renewal options, under the same terms and conditions as the original contract. Renewals are to be exercised solely by the State. The State will issue Unilateral Renewal Options for each exercised optional renewal.

**NOTICE OF INTENT TO AWARD:** After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the state's intent to award a contract(s) to the Bidder(s) indicated.

The Procurement Officer will provide a copy of the Notice of Intent to each company or person who responded to the ITB. Bidders identified as the apparent low responsive Bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the Procurement Officer.

A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the contracting officer, does so without a contract, and at their own risk.

**PAYMENT FOR STATE PURCHASES:** Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a State agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

**PROMPT PAYMENT FOR STATE PURCHASES:** The State is eligible to receive a 5% discount for all invoices paid within 15 business days from the date of receipt of the commodities or services and/or a correct invoice, whichever is later. The discount will be taken on the full invoice amount. The State will consider payment being made as either the date a printed warrant is issued or the date an electronic funds transfer (EFT) is initiated.

**CREDIT CARDS:** Contractors may accept the State of Alaska Purchasing Card (State designated, currently Visa) as an optional method of payment for purchases under this contract. No additional fees for the use of purchasing cards are allowed.

**INVOICES:** Invoices must be sent directly to the ordering agency's address shown on the individual Purchase Order, Contract Award or Delivery Order. The ordering agency will only make payment after it receives the merchandise or service and the invoice. Questions concerning payment must be addressed to the ordering agency.

**INDEMNIFICATION:** The contractor shall indemnify, hold harmless, and defend the Contracting agency from and against any claim of, or liability for error, omission or negligent act of the Contractor under this agreement. The Contractor will not be required to indemnify the Contracting agency for a claim of, or liability for, the independent negligence of the Contracting agency.

If there is a claim of, or liability for, the joint negligent error or omission of the Contractor and the independent negligence of the Contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each.

The term "independent negligence" is negligence other than in the Contracting agency's selection, administration, monitoring, or controlling of the Contractor and in approving or accepting the Contractor's work.

**INSURANCE:** Without limiting Contractor's indemnification, it is agreed that Contractor will purchase, at its own expense and maintain in force at all times during the performance of services under this agreement, the following policies of insurance. Where specific limits are shown, it is understood that they will be the minimum acceptable limits. **If the Contractor's policy contains higher limits**, the State will be entitled to coverage to the extent of such higher limits. Certificates of Insurance must be furnished to the Procurement Officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions.

Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and will be grounds for termination of the Contractor's services. All insurance policies must comply with, and be issued by insurers licensed to transact the business of insurance under AS 21.

**Proof of insurance is required for the following:**

Workers' Compensation Insurance: The Contractor must provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.

Commercial General Liability Insurance: Covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

Commercial Automobile Liability Insurance: Covering all vehicles used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

Failure to supply satisfactory proof of insurance within the time required will cause the State to declare the Bidder non-responsible and to reject the bid.

**FIRM, UNQUALIFIED AND UNCONDITIONAL OFFER:** Bidders must provide enough information with their bid to constitute a definite, firm, unqualified and unconditional offer. To be responsive, a bid must constitute a definite, firm, unqualified and unconditional offer to meet all of the material terms of the ITB. Material terms are those that could affect the **price, quantity, quality, or delivery**. Also included as material terms, are those which are clearly identified in the ITB and which, for reasons of policy, must be complied with at risk of bid rejection for non-responsiveness.

**THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED:** Because of the additional administrative and accounting time required of State agencies when third party financing agreements are permitted, they will not be allowed under this contract.

**PRICES ADJUSTMENTS:** Contract prices will remain firm from the date of award through June 30, 2017. Annually, beginning May 31, 2017, the Contractor may request a price adjustment. Requests must be in writing and received thirty (30) days prior to the date the adjustment will take effect.

Price adjustments will be made in accordance with the percentage changes in the U. S. Department of Labor, Bureau of Labor Statistics, Producer Price Index (PPI) Commodity Series ID #WPU10250105; Aluminum Sheet and Strip.

The State will use the PPI value ending January 2017 as the Base Index. The percentage difference between the base index of January 2017 and the PPI issued for the requested adjustment period will determine the maximum allowable adjustment of the original contract prices.

No retroactive price adjustments will be allowed.

**PRICE DECREASES:** During the period of the contract, all price decreases experienced by the Contractor must be passed on to the State. Failure to strictly and faithfully adhere to this clause, within the time required, will be considered in breach of contract and the contract will be terminated.

**ORDER PLACEMENT:** During the term(s) of the contract(s), the State will place orders through State issued Purchase or Delivery Orders.

**ESTIMATED QUANTITIES:** The estimated quantities referenced in the Bid Schedule are the State's estimated annual requirements and may vary more or less from the quantities actually purchased. The estimates in the Bid Schedule are for evaluation purposes and do not guarantee any minimum or maximum purchase under the resulting contract. Orders will be issued throughout the life of the contract for various locations on an as-needed basis.

**VOLUME REPORTS:** Twice annually, the Contractor must furnish a volume report of the contract usage in the previous July through December and January through June six month periods. The report for July through December is due no later than January 30<sup>th</sup> and the report for January through June is due no later than July 31<sup>st</sup>.

**F.O.B. POINT:** The F.O.B. points for this ITB will be the locations specified in the “Bid Schedule.” The Contractor will be required to prepare the items for shipping and to ship them to the destination specified in the State’s order. Ownership of and title to the ordered items will remain with the Contractor until all items have been delivered to their final destination and are accepted by the State.

**PRICING:** All Contractor costs must be included in the Contractor’s bid price, including but not limited to: packaging, shipping, and delivery. No additional charges for packaging, shipping, or delivery will be allowed.

**DELIVERY:** Delivery requirements are indicated on the “Bid Schedule” for each Lot. A Bidder’s failure to make an entry in the space provided will be construed as an offer to deliver within the number of days required. Bids which specify deliveries in excess of that required, may be considered nonresponsive and the bids may be rejected.

**PACKAGING:** All packaging must be new and suitable for highway, oceanic, and short-term warehouse storage.

**SHIPPING DAMAGE:** Goods damaged in shipment are the responsibility of the Contractor, and the State will not accept or pay for damaged goods. The Contractor is also responsible for filing all claims against the carrier(s) for damages incurred to goods in transit from the point of origin to the final destination.

The State’s inspection of goods upon delivery is for the sole purpose of identification and not as confirmation the goods are undamaged. The ordering agency will provide the Contractor with notification of damaged goods when identified.

At the discretion of the ordering agency, the State can deduct the cost of the damaged goods from the invoice prior to payment or, if the original invoice is paid in full, receive a credit, reimbursement, or replacement of the damaged goods at no additional cost.

**WORKMANSHIP & MATERIALS:** All work must be performed in a thorough and workmanlike manner and in accordance with current industry practices. The Contractor will be held responsible for the quality of the service, maintenance and inspections. Service, maintenance and inspections that are improperly done will be done over, by the Contractor, at the Contractor's risk and expense.

**CONTINUING OBLIGATION OF CONTRACTOR:** The Contractor agrees that none of its responsibilities under this contract are transferable and that the Contractor alone shall continue to be solely responsible until the expiration date of the contract. Such responsibilities include, but are not limited to, the provision of equipment, training, warranty service, maintenance, parts and the provision of consumable supplies. By signature on the face page of this ITB, the Bidder acknowledges this requirement and indicates unconditional acceptance of this continuing obligation clause.

**METHOD OF AWARD:** Award will be made to the lowest responsive and responsible Bidder. There are seven (7) lots. In order to be considered responsive, Bidders must bid on all items.
