We have reviewed the attached regulations from the Board of Certified Direct-Entry Midwives against the statutory standards of the Administrative Procedure Act. I have reviewed this project under a general delegation dated December 5, 2014 from the Regulations Attorney. Reflecting in part amendments to AS 08.65 enacted under ch. 99, SLA 2014, the regulations update requirements regarding apprentice permits, scope of practice, supervised clinical experience, continuing education, prenatal care, intrapartum care, permitted practices, medications, emergency practices, emergency transport plans, and peer review.

We have received confirmation from agency staff to defer our review of amendments to 12 AAC 14.400(b)(4) and 12 AAC 14.500(c)(1)(J) to a Part 2 of this project, pending additional board work on those provisions. We find no legal problems with Part 1 of the regulations. This memorandum constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations.

The September 15, 2015 public notice, the October 10, 2015 supplemental public notice, the January 27, 2016 second supplemental public notice, and the February 25, 2016 certification of adoption order all state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required.

## AFFIDAVIT OF BOARD ACTION

I, Renee Hoffard, Licensing Examiner for the Board of Certified Direct-Entry Midwives, being duly sworn, state the following:

The attached motion dealing with review of an apprentice permit application, scope of practice, supervised clinical experience requirements, renewal requirements, approved continuing education programs, prenatal care, intrapartum care, permitted practices, medications, emergency practices, emergency transport plan, and peer review was passed by the Board of Certified Direct-Entry Midwives during its February 25-26, 2016 meeting.

Date: March 11, 2016

**Agenda Item 4 – Division Update**

Sara Chambers, Martha Hewlett and Dawn Hannasch joined the meeting via teleconference to provide the budget report and division update. Martha reviewed the 2<sup>nd</sup> quarter budget report with the board. Chair Schneider stated she had concerns regarding the expenses for the regulations specialist; and added expenses due to the January regulations project being incorrectly noticed. Sara stated she was unaware of the issue and would look into the situation. She requested that Renee forward the emails regarding the regulations project to her. Sara stated she would send a written response to Renee to distribute to the board once she researched the situation. Jennifer Swander asked Sara how long the board would be allowed to exist with the current deficit. Sara stated that that is a concern that the legislative auditors had on the previous sunset audit. Licensing fees have been increased in an effort to recover costs; the board has been working to reduce their costs. Sara stated that the amount of time the board is allowed to function with the current deficit in the current fiscal climate is entirely up to the legislature. Chair Schneider brought up the suggestion to poll the licensee base to determine if they would be willing to pay a special assessment or if they would be willing to pay higher licensure fees in order to pay the deficit.

Director Hovenden joined the meeting telephonically for the division update. Sara explained that the board will always incur costs due to investigations of unlicensed practice. Anytime there is a need for investigators, attorneys, licensing examiners or supervisors time those costs are a direct expense of the board and those costs are continuing to rise. Chery stated that the budget looks quite encouraging compared to FY14 and FY15.

Deborah asked if there was any movement on the special fund for investigations; Sara told the board that there was nothing happening with that. The division was not able to locate a sponsor to introduce the statute change that would require.

Sara and Director Hovenden discussed the correspondence with Director Brodie at Health and Social Services regarding Medicare; Director Brodie informed Janey that she thought the matter had been resolved. Deborah stated that the issues have been addressed more than once; the board will draft correspondence to Director Brodie during the correspondence time of the agenda, Friday, 2/26/16. Renee was tasked to ensure that Janey and Sara receive copies of any correspondence regarding the issue as soon as possible upon her return to the office.

Sara informed the board that during Renee's interview with Legislative Audit, the auditor had mentioned Sec. 18.15.205; screening for congenital heart disease. The auditor was concerned that the board and licensees were not aware of the requirement. Deborah assured Sara and Janey that the licensees and board were aware of the requirement; the board will be working a new regulations project at the meeting and will draft regulations concerning the requirement.
