

Notice of Utility Tariff Filing

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Alaska Electric Light & Power Company (AEL&P) filed tariff revision TA453-1, a revenue requirement study and cost of service study based on a 2015 test year. With this filing, AEL&P requests an interim and refundable across-the-board rate increase of 3.86 percent, effective November 1, 2016, and a proposed permanent rate increase of 8.1 percent. A selection of the current, proposed interim, and proposed permanent rates are in the table below.

AEL&P also proposes to increase the amount of projected interruptible sales revenue, from Helca Greens Creek Mining Company, Inc. (HGCMC), used in the calculation of AEL&P's Cost of Power Adjustment (COPA). AEL&P's currently approved COPA provides that any monthly amount exceeding \$554,480 received from energy sales to HGCMC will be flowed through the COPA as a credit to the COPA balancing account. If monthly energy revenues from HGCMC are less than \$554,480, the difference is a debit to the COPA balancing account. AEL&P proposes to increase the retained HGCMC revenue amount to \$797,473.
