

KUSKOKWIM RIVER

STA 631+00.00
755.00L

SCALE IN FEET

NOTES

1. Basis of Bearings is NAD83 (2011) Alaska State Plane Zone 6, established via GPS. Distances are ground distances in U.S. Survey Feet.
2. Approach Runway Protection Zone (ARPZ) for the near-term/ultimate runway taken from Stantec design as of 2/6/2017.
3. Meanders were surveyed by DOWL during Sept. 2003. Meanders have been rotated to match recovered monuments and Basis of Bearings. The meanders shown are for area computation only; the true bounds of Tract III are the natural meanders of the Kuskokwim River. The side lines of the Tract will be extended or truncated to meet this meander.
