

ANGOON AIRPORT PROJECT PUBLIC OPEN HOUSE

The Federal Aviation Administration (FAA) issued the Final Angoon Airport Environmental Impact Statement (EIS) and a Record of Decision (ROD) in 2016 for the proposed land-based airport with preferred alternative: *Alternative 12a with access to 12a*. Initial field investigations conducted since then yielded enough data for DOT&PF to begin the project's design phase. These early investigations indicate the potential need for refining the airport layout plan. Additional geotechnical analysis, as well as public and stakeholder input are necessary for the design to move forward.

Project team members will be present to explain the project status, outline the next steps and answer questions. Your attendance is encouraged in order to meet the project team and provide them comments on potential design elements. This will be the first of several open houses to be conducted during the design process.

PUBLIC OPEN HOUSE DETAILS JOIN US!

WHEN

Tuesday, October 3, 2017
5:30 pm to 7:30 pm
presentation at 6 pm

WHERE

Angoon Community Association
315 Heen Dea Road
Angoon, AK

Project Number: SFAPT00086

If you have any questions or require additional information, please contact David Pyeatt, DOT&PF Project Manager at 907-465-4490 or Katherine Wood, HDR Public Involvement Lead, at 907-644-2153. If you or someone you represent requires special accommodations in order to participate in this meeting, please call or email the project manager or call Alaska Relay at (800) 770-8973 for TTY, (800) 770-8255 for voice, (800) 770-3919 for ASCII. (866) 355-6198 for STS and ask the communications assistant to call the project manager so arrangements can be made to assist you.
