13 AAC 75.090. Report of changes. (a) It is the responsibility of the recipient or the recipient's authorized representative to report to the department all changes which might affect continuing eligibility for payment of medical insurance premiums under the fund. Any changes must be reported orally or in writing not later than 10 days after their occurrence. Changes which must be reported include:

(1) a change in marital status resulting in eligibility for alternative major medical insurance coverage;

(2) a change in employment status resulting in eligibility for alternative major medical insurance coverage;

(3) eligibility for Medicare under 42 U.S.C. ~~Subchapter XVIII §§1395j – 1395w-~~ 6;

(4) eligibility for major medical insurance coverage through other means regardless of the source or cost;

(5) a surviving dependent child reaching 26 years of age; and

(6) the tenth anniversary since a surviving spouse first began receiving premium payments for medical insurance.

(b) Under this chapter ~~13 AAC 75~~, coverage through Medicaid under 42 U.S.C. ~~§1396~~ or coverage available through a health insurance marketplace under the Patient Protection and Affordable Care Act under 42 U.S.C. ~~§18001~~ or similar federal law shall not constitute eligibility for medical insurance coverage through other means.

(c) Medical insurance premium payments will cease the month following the month in which a surviving dependent becomes ineligible. If ineligibility is due to eligibility for other major medical insurance and the surviving dependent later loses eligibility for the other major medical insurance, the surviving dependent may reapply for medical insurance premium payments under the fund.

(d) In the event that a change in status or error in a surviving dependent's records results in the payment of medical premiums that the surviving dependent is not entitled to, the department shall correct the error in the department's records and, as far as practicable, recover medical premium payments made in error, regardless of the source of the error. The department may recover medical premium payments made in error through a lump sum payment or a

structured repayment plan that ensures the minimal amount of financial impact to the Peace Officer and Firefighter Survivors' Fund. In authorizing a structured repayment, the department shall include such interest as necessary to minimize the impact to the ^{le}Fund. The department, in its discretion, may waive the repayment of an overpayment of medical premium payments, or any portion thereof, if, in the opinion of the department:

(1) the repayment will cause undue hardship to a surviving dependent;

(2) the surviving dependent did not supply any erroneous information to the department in relation to the medical premium overpayment;

(3) the surviving dependent reported all changes to eligibility in a timely manner;

and

(4) the surviving dependent had no reasonable grounds to believe the medical premium payment occurred in error. (Eff. 1/26/2018, Register 225)

13 AAC 75.095. Municipal participation in the fund. (a) A local government may apply to the department to participate in the peace officer and firefighter survivors' fund under AS 39.60.010–AS 39.60.190 by completing a participation application provided by the department and entering into a participation agreement with the department. The participation agreement shall designate the amount and frequency of the local government's contribution to the fund, require that the local government stay current with its contributions to the fund, and require the local government to comply with all regulations ^{adopted to implement} ~~promulgated in regard to~~ the Peace Officer and Firefighter Survivors' Fund.

(b) A local government participating in the fund agrees to pay 100 percent of the premium to maintain medical insurance coverage for the surviving dependents of the peace officer or firefighter killed in the line of duty in addition to any necessary administration costs.

(c) A participating local government agrees to maintain the same level of medical coverage for the surviving dependent as was last selected by the deceased peace officer or firefighter or at the amended level of coverage if the local government amends coverage for all permanent, full-time employees.

(d) The department shall retain sole authority to determine survivor eligibility. The local government agrees to provide all requested information needed to determine continuing eligibility.

(e) A local government may apply to the department to participate in the Peace Officer and Firefighter Survivors' Fund after the local government experiences the death of an employee. The department will not make any retroactive payments from the fund, however nothing in this chapter bars the local government from paying the surviving dependent's medical insurance costs during the application process.

(f) In the event a local government elects to discontinue its participation in the Peace Officer and Firefighter Survivors' Fund, or fails to make the required premium payments, the department is not obligated to make payments to the surviving dependent on behalf of the local government. Re: Department of Public Safety
Regulation re: 13 AAC 75: Peace
Officer and Firefighter Survivors'
Fund

The Department of Law has reviewed the attached Department of Public Safety regulations (13 AAC 75) to implement the Peace Officer and Firefighter Survivors' Fund established in 2017 (ch. 14, SLA 2017) against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This memorandum constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations.

The regulations were adopted by the Department of Public Safety after the close of the public comment period. The September 10, 2017 public notice includes the notification of costs of implementation to the state agency under AS 44.62.190(d). The adoption order appears to characterize the cost information under AS 44.62.190(d) as a regulatory fiscal note. However, no regulatory fiscal note is required as the agency action implements and makes specific guidelines for eligibility in a statutorily established fund. Therefore, a fiscal note under AS 44.62.195 is not required.

We have made some technical corrections to conform the regulations in accordance with AS 44.62.125. The corrections are shown on the attached copy of the regulations.
