BIDDERS WITH DISABILITIES: The State of Alaska complies with Title II of the Americans with Disabilities Act of 1990. Individuals with disabilities who may need auxiliary aids, services, and/or special modifications to participate in this procurement should contact the Contracting Officer at one of the following numbers as soon as possible to make any necessary arrangements.

Telephone: 907-465-8109
Fax: 907-465-2006
TDD: 907-465-3274

COMPLIANCE WITH ADA: By signature of their bid the bidder certifies that they comply with the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the federal government.

Services or activities furnished to the general public on behalf of the state must be fully accessible. This is intended to ensure that agencies are in accordance with 28 CFR Part 35 Section 35.130 and that services, programs or activities furnished to the public through a contract do not subject qualified individuals with a disability to discrimination based on the disability.

CONTRACT INTENT: This Invitation to Bid (ITB) is intended to result in a mandatory use contract to provide miscellaneous inmate clothing, towels, and bedding to various correctional facilities throughout Alaska, on an as-needed basis for the Department of Corrections. Throughout the term of the contract, the State reserves the right to add/delete items to the contract at the same terms and conditions.

METHOD OF AWARD: Award will be made by lot to the lowest responsive and responsible bidder. There are six (6) lots. In order to be considered for a lot, bidders must bid on all items within that lot.

NOTICE OF INTENT TO AWARD: After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the state's intent to award a contract(s) to the bidder(s) indicated. A copy of the Notice of Intent will be mailed / electronic e-mailed to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the contracting officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the contracting officer does so without a contract and at their own risk.

PAYMENT FOR STATE PURCHASES: Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

CONTRACT ADMINISTRATION: The administration of this contract is the responsibility of Department of Corrections Michael Williams, Procurement Specialist / Contracting Officer, P.O. Box 112000, Juneau, Alaska 99811-2000, phone (907) 465-8109, fax (907) 465-2006. Day to day ordering and invoicing is the responsibility of the ordering institution.

SHIPPING DAMAGE: The State will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination. The State will provide the contractor with written notice when damaged goods are received. The State will deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

CHANGES: No alteration or modification of any of the terms, conditions, or specifications of the contract resulting from this Invitation to Bid shall be allowed without prior written consent of the Contracting Officer.

INDEMNIFICATION: The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the Contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Contracting agency", as used within this and the following article, include the employees,

agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Contracting agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

ANNOTATED LITERATURE: Bidders must annotate their product literature to identify for the State the location of the supporting information regarding each product specification set out in this ITB. A bidder's failure to comply with this clause, within the time set by the State, will cause the State to consider the offer non-responsive and reject the bid.

SUPPORTING INFORMATION: The State strongly desires that bidders submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made, by the contracting officer that the product offered meets the ITB specifications and that other requirements of the ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the State reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the State and may include the requirement that a bidder will provide a sample product(s) so that the State can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the State, will cause the State to consider the offer non-responsive and reject the bid.

FIRM, UNQUALIFIED AND UNCONDITIONAL OFFER: Bidders must provide enough information with their bid to constitute a definite, firm, unqualified and unconditional offer. To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all of the material terms of the ITB. Material terms are those which could affect price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB and which, for reasons of policy, must be complied with at risk of bid rejection for non-responsiveness.

SAMPLES REQUIRED: During the evaluation period a bidder may be required to submit samples of the items offered for inspection and evaluation. The bidder's failure to submit the samples or the State's rejection of the samples for failure to meet the bid specifications MAY cause the state to consider their bid to be non-responsive for that lot. An award will be then made to the next low bidder.

ALASKA PRODUCT PREFERENCE: Bidders who offer products which have received certification by the Department of Commerce and Economic Development and that are listed in the current published edition of the "Alaska Products Preference List" will receive this preference. In order to qualify for the Alaska Product Preference, a bidder must provide the qualified product on a 100% basis. There are no provisions under Alaska Statutes or regulations that allow for product exchanges/substitutions, or permit the product to be co-mingled with other products. Rather, AS 36.30.330 provides for a penalty for failing to use the designated Alaska products.

Products are classified in one of three categories:

- * Class I products receive a three (3) percent preference.
- * Class II products receive a five (5) percent preference.
- * Class III products receive a seven (7) percent preference.

CONTRACT PERIOD: From date of award through January 31, 2019, with the option to renew for three (3) additional one-year terms under the same terms and conditions as the original contract. Renewals to be exercised solely by the State of Alaska.

BRAND AND MODEL OFFERED: Unless otherwise specified, when brand names and model numbers are used to specify the type and quality of the goods desired, bidders must clearly indicate the brand names and model numbers they intend to provide. The bidder's failure to identify the brand and model offered will cause the State to consider the offer non-responsive and reject the bid.

PRICE ADJUSTMENTS: The contractor must provide the contracting officer clear and convincing evidence, satisfactory to the State, that all of the following conditions exist:

1. The increase is the result of increased costs at the manufacturer's level and not costs under the contractor's control, and that;
2. The increase will not produce a higher profit margin for the contractor than that on the original contract, and that;
3. The increase affects only certain items that are clearly identified by the contractor.

Some acceptable forms of the evidence referred to above may take the form of a certified invoice from the manufacturer. The price increase evidence provided by the contractor shall be independently verified and approved by the procurement officer or contract administrator prior to the effective date of the price increase.

PRICE DECREASES: During the period of the contract all price decreases experienced by the contractor must be passed on to the State. A contractor's failure to strictly and faithfully adhere to this clause, within the time required, will be considered in breach of contract.

DISCONTINUED ITEMS: In the event an item is discontinued by the manufacturer during the life of the contract, another item may be substituted, provided that the contracting officer makes a written determination that it is equal to or better than the discontinued item and provided that it is sold at the same price or less than the discontinued item.

ALTERATIONS: The contractor must obtain the written approval from the contracting officer prior to making any alterations to the specifications contained in this ITB. The State will not pay for alterations that are not approved in advance and in writing by the contracting officer.

USAGE REPORT: Each year, 60 calendar days prior to the contract price adjustment date, the contractor must furnish the State a usage report. The usage report must follow the format of the Bid Schedule and must accurately state the actual use of all items on the Bid Schedule. A contractor's failure to provide this information in a timely manner may cause the State to cancel the contract.

DELIVERY: Delivery is required within forty-five (45) calendar days after receipt of order. Indicate, in the space provided under "Bid Schedule", the time required to make delivery after the receipt of an order. Failure to make an entry in the space provided will be construed as an offer to deliver within the above schedule. Bids that specify deliveries in excess of the above schedule will be considered nonresponsive and the bids will be rejected.

F.O.B. POINT: The F.O.B. point for all items purchased under this contract is the final destination inside delivery to the State Correctional Facility placing the order. Correctional Facilities are located in Anchorage, Eagle River, MatSu Valley (Palmer, Wasilla) Bethel, Fairbanks, Juneau, Kenai, Ketchikan, Nome and Seward, Alaska. Ownership of and title to the ordered items remains with the contractor until the items have been delivered to their final destination and are accepted by the State. The state reserves the right to add additional facilities/locations in the future.

The cost of shipping and delivery to the final destination is to be included in the bid price. There will be no additional charge for shipping and delivery.

DELIVERY ARRANGEMENTS AND SHIPPING CLAIMS: It shall be the vendor's responsibility to make all final destination delivery arrangements. The vendor shall be responsible for filing any and all claims subsequent to shipment.

ADVANCE NOTICE OF DELIVERY: The contractor must notify the State facility receiving the order 24 hours in advance of delivery.

DELIVERY HOURS: The Contractor shall notify carriers that deliveries must be completed during the hours of 8:00 a.m. – 4:00 p.m. Monday through Friday unless otherwise stated on the order. If the Contractor fails to notify the carrier of delivery hours, overtime or extra labor costs accruing to the Institutions in receiving and storing after hours deliveries shall be billed to the contractor.

DELIVERY CONFIRMATION: Bidders must obtain a confirmation from the manufacturer that the items offered are scheduled for production in sufficient time to meet the scheduled delivery dates. A copy of the manufacturer's confirmation may be included with the bid or submitted within 10 days of the state's request. The bidder's failure to provide the manufacturers confirmation as required will cause the state to consider the bid non-responsive and reject the bid.

INVENTORY: Contractor must maintain sufficient inventory to supply the needs of the State agency.

SHIPPING DAMAGE: The State will not accept or pay for damaged goods. The contractor must file all claims against the carrier(s) for damages incurred to items in transit from the point of origin to the ultimate destination. The State will provide the contractor with written notice when damaged goods are received. The State will deduct the cost of the damaged goods from the invoice prior to payment. The contractor must file all claims against the carrier(s) for reimbursement of the loss.

INVOICES: Invoices must be sent directly to the ordering agency's address shown on the individual Purchase Order, Contract Award or Delivery Order. The ordering agency will only make payment after it receives the merchandise or service and the invoice. Question concerning payment must be addressed to the ordering institutions.

THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED: Because of the additional administrative and accounting time required of State agencies when third party financing agreements are permitted, they will not be allowed under this contract.

CONTINUING OBLIGATION OF CONTRACTOR: Regardless of the terms and conditions of any third-party financing agreement, the contractor agrees that none of its responsibilities under this contract are transferable and that the contractor alone will continue to be solely responsible until the expiration date of the contract. Such responsibilities include, but are not limited to, the provision of equipment, training, warranty service, maintenance, parts and the provision of consumable supplies. By signature on the face page of this ITB the bidder acknowledges this requirement and indicates unconditional acceptance of this continuing obligation clause.

ESTIMATED QUANTITIES: The quantities referenced in this ITB are the State's estimated requirements and may vary more or less from the quantities actually purchased. The State does not guarantee any minimum purchase. Orders will be issued throughout the contract period on an as-needed basis.

CONTRACT CANCELLATION: The State reserves the right to cancel the contract at its convenience upon 30 calendar days written notice to the contractor. The State also reserves the right to cancel the contract, or portions of the contract, if, in our opinion, the contract prices are no longer cost-effective or competitive, or the contractor is not able to provide a product that meets the needs of the department. The State is liable only for payment in accordance with the payment provisions of this contract for services or supplies provided before the effective date of termination.

VEHICLE AND PERSONNEL CHECKS REQUIRED: All vehicles and personnel will be subject to identification and/or search in accordance with State law. No weapons, drugs, alcoholic beverages, or other items considered contraband will be permitted inside institution boundaries. Violators will be subject to prosecution under State law. Contractor will insure that only licensed drivers shall make deliveries.

SECURITY SPECIFICATIONS

SECURITY: Security at all Alaska correctional facilities is the first priority. Contractors can expect delays in conducting business within the facility and/or its grounds. "Contractor" is defined as: delivery personnel, couriers, or service providers. Prisoner counts, emergencies of any type, prisoner movement, other deliveries, or other factors may delay or restrict contractor entry or movement within the perimeter. Security staff will facilitate contractors in conducting their business, but contractors must at all times respect security staff instructions. Contractors must follow all lawful instructions and directives of any staff member while on facility grounds. The State will at all times retain the exclusive right to restrict contractor access to the facility, or portions of the facility, for any reason.

Contractors must at all times have in their possession a valid Alaska Driver's License or State provided identification card and be prepared to provide it to any staff whenever requested. Contractors must never leave their tools or personal effects unattended or unsecured. Knives, cellular telephones, toxic/hazardous chemicals, alcohol, tobacco, drugs and paraphernalia, weapons of any kind, and explosives are prohibited at all times. All other items (i.e. tools, repair parts, cameras, paperwork, boxes) entering the facility are subject to inspection and must be approved by security staff. Contractor tools and other items may be inventoried upon entering and exiting the facility. Giving prisoners access to driver's licenses, credit cards, telephone numbers, family pictures, etc. is a breach of security. Contractors must fully cooperate with facility staff to prevent escape, sabotage, assault, any disturbance, or the importation of contraband. There is no confidentiality when it comes to security at one of the correctional facilities. Information regarding impending riots, escape plans, assaults, and other such matters that come to you in what would otherwise be considered a confidential exchange must be passed on to security staff immediately. To withhold

information such as this could endanger you and others as well as lead to criminal charges. Nothing within this section limits a specific facility's superintendent or security staff member from modifying or imposing alternate security requirements for contractors and their staff.

SECURITY CHECK: All personnel (both contractor and Subcontractors) will be required to undergo a security check prior to commencement of work. A mandatory security briefing will be provided to the contractor staff prior to start of on-site work.

1. The contractor will complete a Request for Clearance form to submit to the facility security staff for review at least 48 hours prior to commencement of work. The form requires the following information from each person working on site:
 - a. Full name.
 - b. Residence address.
 - c. Telephone Number.
 - d. Date of birth.
 - e. Social Security Number.
 - f. Valid driver's license and state of issue, or other photo identification bearing social security number.
 - g. The names of any relatives, friends or acquaintances that are currently incarcerated within the facility.
2. The security check will look for recent or frequent past convictions or for outstanding warrants. Security staff reserve the right to disqualify anyone from access to the work site. A past conviction will not automatically disqualify.
3. Once a Request for Clearance has been approved and is on file it is not necessary for the contractor to complete a new form each time they request to enter the facility grounds.

PERSONNEL ACCESS:

1. Access to the work site, which is within a correctional facility, will be monitored and controlled by the Department of Corrections in order to prevent importation of contraband and escape of inmates. At no time will contractor staff enter areas of the facility that are off-limits to them, nor drive vehicles along the perimeter fence or other unauthorized areas unless directed to do so by security staff.
2. Contractor staff will report to the visitor's reception area at the beginning of each shift to obtain their identification badge or visitor's badge and sign in on the contractor's log. At the end of each shift, contractor staff will return their badges to this area and sign out of the contractor's log. If workers leave the compound at lunch, they will all leave at the same time. Contractors should encourage their staff to bring a lunch and to eat within the designated work area or cafeteria.
3. Contractors, Subcontractors, Employees may be denied access or be removed from the facility for the following reasons:
 - a. Contractors or workers that are incompetent, careless or otherwise detrimental to the work or the security of the facility.
 - b. Security requirements.
 - c. Disruptive, abrasive, and/or argumentative conduct.
 - d. Being under the influence of Alcohol, Drugs and/or any substance that is considered contraband by the Facility (including use of Tobacco Products).
 - e. Refusal to submit to search of personal property/belongings or themselves.

Contract for the purchase of miscellaneous inmate clothing, jackets, towels, bedding and foot ware for the correctional facilities located statewide on as needed basis

- f. Health problems.
- g. Failure to show proper identification.
- h. Failure to follow the direction of Correctional Officers and/or staff members.
- i. Having any unauthorized contact or interaction with inmates.
- j. Failure to pass security check.
- k. Failure to secure tools and work areas. (If no personnel are physically present in the work area, the work area and/or tools must be secured prior to leaving the area.)

VEHICLE ACCESS:

1. No privately owned vehicles may enter inside the security fence without approval of the DOC on-site security staff member. Contractor vehicles can be parked in the employee/visitor parking lot outside the security fence and must be locked at all times.
2. Authorized work vehicles, i.e. job site trailers and trucks may be left inside the fence in a location IF they can be secured **and** upon the approval of security staff.
3. Privately owned and/or contractor vehicles are prohibited from entering unauthorized areas unless directed to do so by security staff.

TOOL CONTROL:

1. Do not leave prisoner-accessible work areas unattended without first removing or securing all tools and objects which would be considered contraband.
2. At the end of each work day, remove all tools and equipment from inmate-accessible work areas and store them within locked cabinets, locked containers, or locked storage trailers.
3. Maintain written inventory of tools and equipment daily. Tools and equipment which cannot be accounted for at the end of each workday shall be brought to the immediate attention of a security staff member.

CONTRABAND:

The mailing, bartering, introducing, exchanging or buying of items between inmates and contractors or their employees is strictly prohibited without the written consent of the Superintendent of the facility. The following quotes are from Alaska Statutes and are provided so as to inform the CONTRACTOR.

 - 2) makes, obtains, possesses, or attempts to make, obtain, or possess anything that person knows to be contraband while under official detention within a correctional facility.
- b. Promoting contraband in the second degree is a Class A misdemeanor.

AS 11.56.390, definition:
