## 5.ACR 12 Review

Chignik Regional Aquaculture Association submitted an ACR 12 to be approved for out of cycle actions dealing with the Dolgoi Island area of Area M. The committee reviewed a letter to the Board of Fish drawn up by chairman Newton that urged the Board to reject ACR 12 because the ACR did not meet the criteria for a request. Henry Mack made a motion to add language to the letter that pointed out the amount of time the Dolgoi Island area was closed to allow passage of all stocks in the area and the lack of corresponding increase in returns to the Chignik area. Ken Mack 2nd. Motion passed. This additional language was added and the entire letter to the Board was approved unanimously.

Overall the committee felt the ACR was allocative. Lacking conservation concerns, errors, and adverse effects caused by the present regulation. Henry Mack and Grant Newton hoped to be able to attend the Board work session in Anchorage October 17-19, 2017.

## 6. Adjournment

Ken Mack moved to adjourn. Corey Wilson 2nd. Passed unanimously. Grant Newton adjourned meeting at 11:00AM.
