Offerors Name: _____

Evidence of Compliance has been modified for this Amendment #2:

Page 10 of the ITB, Evidence of Compliance has been amended to read as follows:

EVIDENCE OF COMPLIANCE: Bidders must submit written confirmation with their bid that the product offered meets all State specifications and Federal FAA requirements set forth in the ITB.

Bidders must submit the following with their bid:

1. Material Safety Data Sheets;
2. Certified test results from an independent laboratory, dated within two (2) years of bid opening demonstrating clear indication that the offered chemical conforms to each specification and FAA requirements set forth in this ITB; and
3. **Manufacturer's** reproduction test results, dated within 180 days of bid opening demonstrating clear indication that the offered chemical conforms to each specification and FAA requirements set forth in this ITB.

The State reserves the right to verify and approve evidence of compliance.

The bidder's failure to submit the above evidence with their bid may cause the State to determine the bid non-responsive and reject the bid.

The following are the state's responses to questions that have been submitted in response to ITB 2518H035.

Questions 1 through 4 were provided and answered with Amendment #1

Question 5: Evidence of Compliance; 3. Reproduction Test Results
Would the State please clarify this requirement?

Does this refer to in-house quality control testing on recently produced batches of liquid deicer? Would an actual Certificate of Analysis (COA) from a recent batch or several batches satisfy this requirement??

Answer 5: *The language for item 3 of this this section has been amended to read as follows:*

Manufacturer's reproduction test results, dated within 180 days of bid opening demonstrating clear indication that the offered chemical conforms to each specification and FAA requirements set forth in this ITB.

Please see above for the complete amended section language.
