Article 1. Fish Habitat.

5 AAC 95.011(a) is amended to read:

(a) The *Atlas to the Catalog of Waters Important for Spawning, Rearing, or Migration of Anadromous Fishes*, and the *Catalog of Waters Important for Spawning, Rearing, or Migration of Anadromous Fishes*, as revised as of March **2018** [2017], are adopted by reference. The six volume atlas is a compilation of topographic maps upon which are specified, as provided in AS 16.05.871(a), the various rivers, lakes, or streams, or parts of them, that are important for the spawning, rearing, or migration of anadromous fish. The catalog is a listing of those water bodies. It sets out legal descriptions for the mouth and the known upper range of the fish of each stream, river, or lake designated on the maps in the atlas. The atlas and the catalog identify the water bodies for which a person or agency must first notify the department, as required by AS 16.05.871(b), before undertaking to construct a hydraulic project, or to use, divert, obstruct, pollute, or change the natural flow or bed of a specified river, lake, or stream, or to use wheeled, tracked, or excavating equipment or log-dragging equipment in the bed of a specified river, lake, or stream.

Re: Department of Fish and Game
Regulations re: 2018 Anadromous
Waters Catalog and Atlas
(5 AAC 95.011(a))

We have reviewed the attached regulations of the Department of Fish and Game against the statutory standards of the Administrative Procedure Act. The regulations update the Anadromous Water Catalog and Atlas to the 2018 version. Please note that the March 12, 2018 *adoption order sets out an effective date of June 1, 2018 for the regulations*. Therefore, the history note following 5 AAC 95.011 will need to reflect this date.

We find no legal problems. This memorandum constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations.

The January 28, 2018 public notice and the March 12, 2018 adoption order both state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required.
