1. **Question:** Will the State be responsible for mandatory EDI reporting to the Alaska Department of Labor (DOL)? In that same context, what are the State's current protocols/processes for insuring compliance with DOL requirements?

**Answer:** The State is currently reporting on paper to ADOL. The current TPA is being trained on the EDI reporting process through use of our claims system (Origami/Mitchell) with anticipated go live to ADOL by August 1, 2018. We are implementing Claims Release 3.0 reporting standards adopted by the IAIABC. The State receives announcements for ADOL reporting requirement updates or changes and will ensure any edits to reporting standards are implemented by EDI Sender/claims system.

2. **Question:** Is an EDI interface currently in place between the Origami system and DOL?

**Answer:** Yes, EDI interface is currently in place between Origami/Mitchell and ADOL.

3. **Question:** EDI Live status; When is the SOA expected to go live with EDI reporting?

**Answer:** Current EDI go live for EDI reporting is anticipated by August 1, 2018.

4. **Question:** Will EDI generate from Origami or filter through a 3<sup>rd</sup> party vendor? If 3<sup>rd</sup> party, who is vendor?

**Answer:** EDI generates through Origami by Mitchell.

5. **Question:** Will adjuster be able to control what type of SROI report will be sent to ADOL or will system data/3<sup>rd</sup> party make this determination?

**Answer:** Adjuster controls the type of SROI report submitted to ADOL.

6. **Questions:** Please provide statistics with respect to the following 2017 managed care outcomes:
- a. How many medical provider bills were processed?
  - b. What was the percentage of savings achieved on these same bills when repriced to the Alaska fee schedule?
  - c. What was the percentage of savings achieved on these same bills when PPO discounts were applied?
  - d. Please provide insight into the State's current PBM pricing model with the incumbent provider.

**Answers:** Data was not provided by previous MBR vendor. The following answers are for bills processed by Equian between June 2017 and December 2017, which occurred during transition.

- a. Equian processed 4,967 bills through MBR.
- b. Equian saved 47.5% on these same bills when repriced to the Alaska Fee Schedule.
- c. Proprietary information

8. **Question:** What pharmacy benefits management (PBM) vendor does the State currently contract with?

**Answer:** The current vendor for PBM is Equian.

How are these costs posted to the respective claim files? Does the State use State personnel to for these tasks, or does the incumbent TPA manage the process? If the latter how often does the State provide the incumbent TPA with the required statistical data?

**Answer:** TPA staff is required to attach, review, and enter all payments (time loss, medical, ALAE expenses, etc.) and penalties to the specific claim within Origami. TPA staff is also required to review and process all payments within the claim to MBR. MBR payments are electronically uploaded to the claim in Origami. The State reviews and approves all payments for check printing. The State is responsible for stop pay/voiding checks, entering overpayment recoveries, and processing Second Injury Fund reimbursements. The State can provide the TPA with reports for statistical data.

- 10. Question:** Will the State provide with access to it workers' compensation claims data – through Origami - to the extent the account manager can use this same data to guide the claim team's performance and identify process improvement opportunities?

- 11. Question:** Please provide the current salary for each of the incumbent's claim team members. If this is not possible please provide an average for each position.

**Answer:** Contract is a set annual amount. The State is unaware of and unable to provide current TPA staff salaries.

- 12. Question:** With respect to the \$2M annual fee cap, is this applicable only to Year 1? Or is it applicable only to Years 1-3? Or is it applicable to Years 1-7?

- a. What is the purpose and need for the itemized list?
- b. Is SOA taking over care, custody and control at itemized staffing and expense levels?

**Answers:**

(a) See amendment 3; section 4.06 amended.

(b) SOA is not taking over care, custody and control at itemized staffing and expense levels.

**17. Questions:** Section 4.08 Cost Proposal; During the Pre-Bid Conference on 7/9/2018, it was suggested that Attachment B, the Cost Proposal Form, would “override” or be the guiding reference related to this particular topic. However, there was a suggestion within the RFP that not conforming to Sections 4.06 or 4.08 would leave the bid considered non-responsive. Please clarify, in writing. And, if these sections remain. Specific to section 4.08, the question is why does the SOA need this detail costing breakdown?

- a. Does the SOA have a Published Antitrust Policy? Please include.
- b. As reviewed within other Antitrust Policy compliance language, how will the SOA ensure such requested data complies with common Antitrust language, i.e. ‘discourages and prohibits the disclosure of competitive information that does not further the purposes of (the SOA) and that might, under certain circumstances and along with other conduct, be alleged to violate federal or state antitrust laws’

**Answers:**

- (a) see answer to question 16 (a)
- (b) See amendment 3; amendment to section 4.08
- (c) Yes: See AS 45.50.562-45.50.593
- (d) See AS 40.25.110

**18. Questions:** Attachment B – Cost Proposal Form; Is the \$2,000,000 annual cap related to each and every year, from 1-7, individually or if any of the 7 years were over \$2,000,000 would the bid be considered non-responsive? I.e. if years 1-6 were under \$2,000,000, but year 7 was over, will it be considered non-responsive?

- c. On this form, cell (A3) for entry of offeror’s name is locked, please provide password to unlock protected cell.

**Answers:**

- (a) See answer to question 12
- (b) See amendment 3; attachment B amended. Cell A3 unlocked.

**20. Question:** What is the average monthly open claim volume for the last 12 months?

**Answer:**

<u>Month</u>	<u>New Claims</u>
	<u>Opened</u>
2017 July	90
2017 August	106
2017 September	93
2017 October	64
2017 November	59
2017 December	89
2018 January	86
2018 February	57
2018 March	83
2018 April	72
2018 May	77
2018 June	58
<b>Total Claims</b>	<b>934</b>
<b>Per Month Average</b>	<b>77.8333333</b>

**21. Question:** Is there expectation for hierarchy (locations) or special coding for claims?

**Answer:** Every claim must be entered according to the existing coding and location hierarchy utilized within our claims system.

**22. Questions:** Medicare Reporting vendor was stated as the claim system, Origami, for eligibility queries and quarterly reporting.

- Please define the Adjuster/TPA responsibility when claimant has been identified as a Medicare Beneficiary?
- What subsequent expectation would be required after initial reporting to Medicare has occurred?
- Describe TPA action in event of letter received from CMS relating to conditional payments?

**Answers:**

- Origami automatically generates a Task for the adjuster to complete the CMS report within the specific claim file. It is the responsibility of the adjuster to timely and accurately complete this reporting.
- Adjusters are expected to answer and complete any additional automatically generated CMS reporting Tasks as well as respond timely to written inquiries received from CMS. All communication is to be documented to the claim file.
- If CMS conditional payment letter is received by TPA then a Letter of Authority will need to be obtained from the State. TPA is then expected to work with the State Claim Administrator to respond appropriately.

**23. Question:** If the TPA requires additional Origami users above the (20) authorized amount, will there be any associated costs to the TPA?

**Answer:** If additional Origami user licenses are required above the current 20 allowed then the cost for additional licenses will be incurred by the State.

**24. Question:** Assuming the TPA has the flexibility to manage any back-scanning project, what amount of back-scanning is expected annually?

**Answer:** There are approximately 500 banker boxes of paper (legacy) files remaining to be scanned. Once the remaining boxes have been scanned, no additional paper files will exist, and no annual back-scanning is expected.

**25. Questions:** What is the expectation of TPA for back-scanning of historical files still in paper form?

- a. How many paper files (boxes) currently exist?
- b. Will TPA be responsible for storage of paper files and any associated fees for storage?
- c. Is cost of labor for back-scanning to be included in contracting/RFP pricing?

**Answers:**

- a. There are approximately 500 banker boxes of scanning remaining (see #24 above).
- b. The TPA is responsible for storage of paper files and any associated fees for storage.
- c. Cost of labor for back-scanning claim file onto a CD for direct claim upload is currently being paid as an ALAE within each claim.
