(b) If any such change causes an increase or decrease in the estimated cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects any other terms and conditions of this contract, the Procurement Officer shall make an equitable adjustment in the (1) price, performance or completion schedule, or both; and (2) other affected terms and shall modify the contract accordingly.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. 29. CHANGES - COST-REIMBURSEMENT CONTRACT (This provision is applicable only to cost-reimbursement type contracts.)

No claim by the Contractor for an adjustment hereunder shall be allowed if notice is not given prior to final payment under this contract.

(e) Notwithstanding the terms and conditions of paragraphs (a) and (b) above, the estimated total cost of this contract shall not be increased or considered to be increased except by specific written modification of the contract indicating the new contract estimated total amount. Until such a written modification is made, the Contractor shall not be obligated by

(c) The Contractor shall not perform any services or deliveries of products without a purchase order or other written notice to proceed with the work. (d) The Contractor shall submit a final invoice and required documentation within 90 days after final acceptance of goods or services by the Contracting Agency. The Contracting Agency will not be held liable for payment of invoices submitted after this time unless prior written approval has been given.

(e) In the event items on an invoice are disputed, payment on those items will be held until the dispute is resolved. An item is in "dispute" when a determination regarding an item has been made by the Procurement Officer that the performance called for and or price invoiced is not in compliance with the terms and conditions of the contract.

31. PAYMENT TO CONTRACTOR - COST REIMBURSEMENT CONTRACT (This provision is applicable only to cost-reimbursement type contracts.)

(a) Payments shall be based on approved Contractor's invoices submitted in accordance with this article. The sum of payments shall not exceed allowable compensation stated in purchase order(s) and no payments shall be made in excess of the maximum allowable total for this contract.

(b) Contractor's invoices shall be submitted when services are completed, or monthly for months during which services are performed, as applicable, in a summary format, which details costs incurred for each item identified in the project budget. Backup documentation including but not limited to invoices, receipts, proof of payments and signed time sheets, or any other documentation requested by the Contracting Agency's Contract Administrator, is required, and shall be maintained by the Contractor in accordance with cost principles applicable to this contract. Contractor invoices shall be signed by the Contractor's official representative, and shall include a

(c) In the event items on an invoice are disputed, payment on those items will be held until the dispute is resolved. Undisputed items will not be held with the disputed items.

(d) The Contractor shall submit a final invoice and required documentation within 90 days after final acceptance of services by the Contracting Agency. The Contracting Agency will not be held liable for payment of invoices submitted after this time unless prior written approval has been given.

32. TERMINATION FOR CONVENIENCE - FIXED PRICE CONTRACT (This provision is applicable only to fixed-price contracts)

The Procurement Officer, by written notice, may terminate this contract, in whole or in part, when it is in the Contracting Agency's interest. If this contract is terminated, the Contracting Agency shall be liable only for payment under the payment provisions of this contract for acceptable services and performance rendered before the effective date of termination, and the contract total price will be adjusted accordingly.

33. TERMINATION FOR DEFAULT; DAMAGES FOR DELAY; TIME EXTENSIONS – FIXED PRICE CONTRACT (This provision is applicable only to fixed-price contracts.)

(a) The Contracting Agency may, subject to the provisions of subsection (c) below, by written notice of default to the Contractor, terminate the whole or any part of this contract in any one of the following circumstances:

- (1) If the Contractor fails to make delivery of the work products or to perform the services within the time specified herein or any extension thereof; or
- (2) If the Contractor fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and

in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the Procurement Officer may authorize in writing) after receipt of notice from the Procurement Officer specifying such failure.

(b) In the event the Contracting Agency terminates this contract in whole or in part as provided in subsection (a) of this provision, the Contracting Agency may procure, upon such terms and in such manner as the Procurement Officer may deem appropriate, work products or services similar to those so terminated, and the Contractor shall be liable to the Contracting Agency for any excess costs for such similar work products or services; provided, that the Contractor shall continue the performance of this contract to the extent not terminated under this provision.

(c) Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure

to perform arises out of causes beyond the control and without the fault or negligence of the Contractor. Such cause may include acts of God or of the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies, work products, or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule.

(d) If this contract is terminated as provided in subsection (a) of this provision, the Contracting Agency, in addition to any other rights provided in this provision, may require the Contractor to transfer title and deliver to the Contracting Agency, in the manner and to the extent directed by the Procurement Officer, such completed and partially completed reports, materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights and any other work product as the Contractor has specifically produced or specifically acquired for the performance of such part of this contract as has been terminated; and the Contractor shall, upon direction of the Procurement Officer, protect and preserve the property in possession of the Contractor in which the Contracting Agency has an interest. Payment for completed work and work products delivered to and accepted by the Contracting Agency shall be at the contract price. Payment for partially completed work and work products delivered to and accepted by the Contracting Agency shall be in an amount agreed upon by the Contractor and the Procurement Officer, and failure to agree to such amount shall be a dispute concerning a question of fact which shall be resolved under the Disputes clause of this contract.

(e) The rights and remedies of the Contracting Agency provided in this provision shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

(f) If after termination for failure of the Contractor to fulfill its contractual obligations, it is determined that the Contractor had not failed to fulfill contractual obligations, or that such failure was excusable under criteria set forth herein, the termination shall be deemed to have been for the convenience of the Contracting Agency. In such event, settlement costs and the contract price may be adjusted as provided in the Termination For Convenience provision of this contract.
