PROCUREMENT BID SCHEDULE
(CONSTRUCTION RELATED)**

(Excerpt from ITB Scope of Work)

1. Contractor shall develop Final Design drawings and specifications for the parking lot enhancements per the Summary of Work and additional information provided in the ITB. Contractor will obtain Contracting Officer approval of the Final Design prior to ordering materials and commencing construction work. Contractor's design and work plan will include:
 - a. Removal of existing pavement, regrade and compact base material, and resurface POV parking lot excluding G-Wing area. Contractor will include in Bid Proposal the method which will be employed to resurface the parking lot. Bidder may provide various options with applicable price differences and a brief discussion of the advantages/disadvantages of the various methods.
 - b. Contractor shall adhere to all applicable Unified Facilities Criteria (UFC), American Society for Testing and Methods (ASTM), American Association of State Highway and Transportation Officials (AASHTO), National Electrical Code (NEC), International Building Codes (IBC), Uniform Federal Accessibility Standards (UFAS), and Americans with Disabilities Act (ADA) as they pertain to flexible paving, parking design, striping, lighting design, and trenching. Should there be discrepancy between the UFC specifications and the applicable building code, the more stringent requirement shall govern.
 - c. Stripe new asphalt to match existing pattern and expand new striping into North end of parking lot.
 - d. Contractor shall provide as **Options**:
 1. Replace existing light pole heads with LED units (4100K) excluding G- Wing.
 2. Lighting Design for 49000 Personal Owned Vehicle (POV) Parking Lot including expansion into North end of parking lot excluding G-Wing.
 3. Expand lighting into North end of parking lot including light bases, poles, heads with LED units (4100K), and associated conduit, cabling, and controls.
 4. Replace existing light pole heads with LED units (4100K) at G-Wing.
 5. Concrete curbing encircling existing landscape islands within the confines of the POV parking lot.
