One RFP is provided by the State at no charge. Additional RFPs may be purchased for the cost of reproduction, \$.25 per page.

**1.02 Contract Term & Work Schedule**

The contract term and work schedule set out herein represent the State of Alaska's best estimate of the schedule that will be followed. If a component of this schedule, such as the opening date, is delayed, the rest of the schedule will likely be shifted by the same number of days. The length of the contract will be from **November 1, 2018 to June 30, 2019**, with possible extensions to be exercised at the sole discretion of the State to **December 31, 2023**.

Any agreements entered into will be subject to the needs of the DOC and upon legislative appropriation of funds.

The approximate contract schedule is as follows:

- A. Issue RFP – August 24, 2018

- B. Pre-proposal conference – A pre-proposal conference is not currently scheduled.
- C. Questions Deadline – August 31, 2018
- D. Proposals Due – September 14, 2018
- E. Proposal Evaluation Committee completes evaluation by – September 24, 2018
- F. State issues Notice of Intent to Award a Contract – October 1, 2018
- G. State issues contract – October 12, 2018
- H. Contract starts – November 1, 2018
- I. first contractor work period – November 1, 2018 – June 30, 2019
- J. second period of performance (if State exercises option to renew) – July 1, 2019 – June 30, 2020
- K. third period of performance (if State exercises option to renew) – July 1, 2020 – June 30, 2021
- L. fourth period of performance (if State exercises option to renew) – July 1, 2021 – June 30, 2022
- M. fifth period of performance (if State exercises option to renew) – July 1, 2022 – June 30, 2023
- N. final period of performance (if State exercises option to renew) – July 1, 2023 – December 31, 2023

Note: If the DOC determines it is in the best interest of the State, the DOC reserves the right to change the schedule of a contract resulting from this RFP from fiscal year periods of performance to a single or multi-term contract.

### **1.03 Purpose of the Request for Proposal (RFP)**

The Department of Corrections, Division of Institutions is soliciting proposals for up to 175 Community Residential Center service beds in a facility to be provided by the contractor in Anchorage, Alaska. A more detailed description of the scope of work is available in Section 4.

### **1.04 Budget**

The Department of Corrections, Division of Institutions, does not currently identify a specific appropriation for this facility. The more general appropriation includes many other cost allocations and does not specifically identify funds for these beds. Services and costs will vary accordingly and are subject to continued Legislative funding.

The DOC currently estimates that proposed bed rates for these services will be competitive with current CRC rates in the Anchorage area.

**Submitting proposals for less than the total number of beds is acceptable.** The department reserves the right to purchase additional beds if funding allows, during the life of the contract.

### **1.05 Location of Work**

The work is to be performed, completed and managed at a facility provided by the contractor in Anchorage, Alaska. The State will not provide workspace for the contractor. The contractor must include in their price proposal **ALL** facility, staff, prisoner transport to and from the closest prison facility, food, offender treatment/education, and other specified costs sufficient to pay for CRC services as described in this RFP. Travel to other locations will not be required. When allocating costs for this proposed contract your budget should reflect the true operating costs, and shifting of costs to other CRC contracts with the department is not allowed.

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <http://www.state.gov/j/tip/>

Failure to comply with this requirement will cause the state to reject the proposal as non-responsive, or cancel the contract.

### **1.06 Assistance to Offerors With a Disability**

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information contact the procurement officer no later than ten days prior to the deadline for receipt of proposals.

### **1.07 Required Review**

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and objectionable material must be made in writing and received by the procurement officer at least ten days before the proposal opening. This will allow issuance of any necessary amendments. It will also help prevent the opening of a defective solicitation and exposure of offeror's proposals upon which award could not be made. Protests based on any omission or error, or on the content of the solicitation, will be disallowed if these faults have not been brought to the attention of the procurement officer, in writing, at least ten days before the time set for opening. (proposal due date).

The DOC policies and procedures referenced within this document are available for review on the DOC web site at: <http://www.correct.state.ak.us/corrections/pnp/policies.jsf> or paper copies may be obtained by contacting the Contracting Officer listed in Section 1.01.

### **1.08 Questions Received Prior to Opening of Proposals**

**All questions must be received by 4:00 p.m. on August 31, 2018** and must be in writing (emailed, mailed or faxed) and directed to the procurement officer (name and address in section 1.01). Telephone conversations must be confirmed in writing by the interested party. The receipt of questions must be at least 10 days before the due date of proposals. The issuing office shall issue, in writing, to all prospective offerors any necessary clarification or amendment to the RFP. If appropriate, the proposal due date will be extended for a reasonable period to allow offerors to modify their proposals. Individual oral explanations or instructions will not be considered binding.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

### **1.09 Amendments to the RFP**

If an amendment is issued it will be posted on the State of Alaska's "Online Public Notice" web site. This page can be accessed from the State's homepage at <http://www.state.ak.us>. Notice will be provided to those who have registered with the procurement officer as having downloaded the RFP from the State of Alaska Online Public Notice web site.

## **1.10 Alternate Proposals**

Offerors may only submit one proposal for evaluation. In accordance with 2 AAC 12.830, alternate proposals (proposals that offer something different than what is asked for) will be rejected.

## **1.11 Right of Rejection**

Offerors must comply with all of the terms of the RFP, the State Procurement Code (AS 36.30), and all applicable local, State, and federal laws, codes, and regulations. The procurement officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the State. If an offeror does so, the procurement officer may determine the proposal to be a non-responsive counter-offer and the proposal may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the RFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision,

may be waived by the procurement officer.

The State reserves the right to refrain from making an award if it determines that to be in its best interest. A proposal from a debarred or suspended offeror shall be rejected.

## **1.12 State Not Responsible for Preparation Costs**

The State will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

## **1.13 Disclosure of Proposal Contents**

All proposals and other material submitted become the property of the State of Alaska and may be returned only at the State's option. AS 40.25.110 requires public records to be open to reasonable inspection. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, proposals will become public information.

Trade secrets and other proprietary data contained in proposals may be held confidential if the offeror requests, in writing, that the procurement officer does so, and if the procurement officer agrees, in writing, to do so. Material considered confidential by the offeror must be clearly identified and the offeror must include a brief statement that sets out the reasons for confidentiality.

## **1.14 Subcontractors**

Subcontractors may be used to perform work under this contract under certain conditions. If an offeror intends to use subcontractors, the offeror must identify in the proposal the names of the subcontractors and the specific tasks and portions of the work the subcontractors will perform. Subcontracting shall not in any way relieve the contractor of responsibility for the professional and technical accuracy and adequacy of the work and compliance with the contract.

Copies of any agreements or commitments between the offeror and potential subcontractors should be included in the proposals.

If a proposal with subcontractors is selected, the offeror must provide the following information concerning each prospective subcontractor within five working days from the date of the State's request:

- [a] complete name of the subcontractor,
- [b] complete address of the subcontractor,
- [c] type of work the subcontractor will be performing,
- [d] percentage of work the subcontractor will be providing,
- [e] evidence, as set out in the relevant section of this RFP, that the subcontractor holds a valid Alaska business license,
- [f] a written statement, signed by each proposed subcontractor, that clearly verifies that the subcontractor is committed to render the services required by the contract, and
- [g] criminal history / background checks.

An offeror's failure to provide this information, within the time set, may cause the State to consider their proposal non-responsive and reject it. The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the Project Director.

Subsequent to the contract being awarded, the Contractor must obtain prior written approval of any change in subcontractors and any new subcontracts.

## **1.15 Joint Ventures**

Joint ventures will not be allowed.

## **1.16 Offeror's Certification**

By signature on the proposal, offerors certify that they comply with:

- A. the laws of the State of Alaska and any regulations issued thereunder,
- B. the applicable portion of the Federal Civil Rights Act of 1964 and the regulations issued thereunder,
- C. the Equal Employment Opportunity Act and the regulations issued thereunder by the federal government,
- D. the Americans with Disabilities Act of 1990, and the regulations issued thereunder by the federal government, (the cost of compliance will be the responsibility of the Contractor),
- E. all terms and conditions set out in this RFP,

- F. a condition that the proposal submitted was independently arrived at, without collusion, under penalty of perjury,
- G. the budget information submitted in the proposal is accurate, true and correct,
- H. that their offers will remain open and valid for at least 150 days (from the proposal due date), and
- I. that programs, services, and activities provided to the general public under the resulting contract conform with the Americans with Disabilities Act of 1990, and the regulations issued thereunder by the federal government.
- J. by placing their signature on their proposal, proposers certify that their activities and proposal meets the provisions of the Federal Government's "Certificate of Independent Price Determination", FAR 52.203.2 (copy in attachments).

If any offeror fails to comply with [A] through [J] of this paragraph, the State reserves the right to disregard the proposal, terminate the contract, or consider the contractor in default.

### **1.17 Conflict of Interest**

Each proposal shall include a statement indicating whether or not the firm or any individuals working on the contract has a possible conflict of interest (e.g., employed by the State of Alaska or has a relative under the supervision of the Alaska Department of Corrections) and, if so, the nature of that conflict. The Commissioner, Department of Corrections, or designee, reserves the right to cancel the award if any interest disclosed from any source could either give the appearance of a conflict or cause speculation as to the objectivity of the program to be developed by the offeror. The Commissioner's determination regarding any questions of conflict of interest shall be final.

### **1.18 Right to Inspect Place of Business**

The CONTRACTOR shall provide the State of Alaska DOC, and any other legally authorized governmental entity, the right to enter at all reasonable times the CONTRACTOR'S premises or other places where work under this contract is performed to inspect, monitor or otherwise evaluate the quality, appropriateness, and timeliness of services performed under this contract. The CONTRACTOR shall provide reasonable facilities and assistance for the safety and convenience of the persons performing those duties (e.g. assistance from CONTRACTOR staff to retrieve and/or copy materials. All inspection, monitoring and evaluation must be performed in such a manner as not to unduly interfere with the work being performed under this contract. All inspections or audits shall be conducted in a manner to not unduly interfere with the performance of CONTRACTOR'S or any subcontractors activities. The CONTRACTOR shall be given 10 working days to respond to any findings of an audit before the State shall finalize its findings. All information so obtained will be accorded confidential treatment as provided under applicable law.

### **1.19 Solicitation Advertising**

Public notice has been provided in accordance with 2 AAC 12.220.

### **1.20 News Releases**

News releases or other public disclosures related to this RFP will not be made without prior approval of the Commissioner of Corrections, and then only in coordination with the project director.

### **1.21 Severability**

If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected. The rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

### **1.22 Federal Requirements**

The offeror must identify all known federal requirements that apply to the proposal, the evaluation, or the contract.

### **1.23 Lobbying**

The contractor shall not utilize any funds (except profit factors) generated from any contract awarded as a result of this RFP for lobbying activity.

### **1.24 Right to Cancel RFP**

The state retains the right to cancel this Request for Proposal in accordance with AS 36.30.350.

### **1.25 Assignment**

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the chief procurement officer or the head of the contracting agency.

### **1.26 Disputes**

Any dispute arising out of this agreement will be resolved under the laws of Alaska. Any appeal of an administrative order or any original action to enforce any provision of this agreement or to obtain relief from or remedy in connection with this agreement may be brought only in the Superior Court for the First Judicial District of Alaska.

### **1.27 Right to Audit Expenditure of State Funds**

At reasonable times, the State reserves the right to audit all financial records, expenditures, and costs related to this contract. When the State performs an audit, the contractor must provide reasonable assistance in providing the required information. Failure to provide the required information within 30 days is a breach of the contract resulting from this RFP and the contractor will be in default of the contract. Any such default may result in the loss of the entire contract, and may result in the contractor being considered as a non-responsive bidder for future State of Alaska solicitations.

## **SECTION TWO STANDARD PROPOSAL INFORMATION**

### **2.01 Authorized Signature**

All proposals must be signed by an individual authorized to bind the offeror to the provisions of the RFP. Proposals must remain open and valid for at least 150 days from the opening date.

### **2.02 Pre-proposal Conference**

No pre-proposal conference is scheduled at this time. If a sufficient number of potential vendors request a conference, the DOC may schedule one at a later date.

### **2.03 Site Inspection**

The State may conduct on-site visits as part of the proposal evaluation process. The purpose would be to evaluate the offeror's capacity to perform the contract and to evaluate the facility proposed. An offeror must agree, at risk of being found non-responsive and having their proposal rejected, to provide the State reasonable access to relevant portions of their work sites. Site inspection will be made by individuals designated by the procurement officer and at the State's expense.

### **2.04 Amendments to Proposals**

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the State's request in accordance with 2 AAC 12.290.

### **2.05 Supplemental Terms and Conditions**

Proposals must comply with Section 1.11 Right of Rejection. However, if the State fails to identify or detect supplemental terms or conditions that conflict with those contained in this RFP or that diminish the State's rights under any contract resulting from the RFP, the term(s) or condition(s) will be considered null and void. After award of contract:

- A. if conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and
- B. if the State's rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

### **2.06 Clarification of Offers**

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the proposal evaluation committee may be adjusted as a result of a clarification under this section.

## **2.07 Discussions with Offerors**

The State may conduct discussions with offerors in order to determine if a proposal is reasonably susceptible for award in accordance with 2 AAC 12.285. Such discussions between the offeror and the procurement officer or the Procurement Evaluation Committee (PEC) are permitted to clarify uncertainties or eliminate confusion concerning the contents of a proposal and which do not result in a material or substantive change to the proposal.

The State may also conduct discussions with offerors for the purpose of clarification in accordance with AS 36.30.240, and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the PEC. If modifications are made as a result of these discussions they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal should be reduced to writing by the offeror.

## **2.08 Prior Experience & Mandatory Qualifications**

CRC Standards require minimum experience for specific personnel or positions; otherwise, no specific minimums for operation of a CRC facility have been set for this RFP.

- The minimum qualification for all contract employees providing direct or indirect services under these established standards shall be:
  1. High school diploma or has passed a General Education Development (GED) test.
  2. Must be 19 years of age at time of employment.
  3. Complete a full criminal background investigation to include fingerprints, and NCIC/NLET check to determine criminal history.

## **2.09 Evaluation of Proposals**

The procurement officer, or an evaluation committee made up of at least three State employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in Section 6 of this RFP.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

## 2.10 Vendor Tax ID

A valid Vendor Tax ID number (EIN) for the firm or individual must be submitted to the issuing office with the proposal or within five days of the State's request.

## 2.11 F.O.B. Point

Not applicable

## 2.12 Alaska Business License & Other Required Licenses

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

## 2.13 Application of Preferences

Certain preferences apply to all contracts for professional services, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply and provide examples of how to calculate the preferences are available at the **Department of Administration, Division of General Service's** web site:

<http://doa.alaska.gov/dgs/pdf/pref1.pdf>

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050

- Employment Program Preference - AS 36.30.321(b)
- Alaskans with Disabilities Preference - AS 36.30.321(d)
- Alaska Veteran's Preference - AS 36.30.321(f)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business' or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the state to disallow the preference.**

#### **2.14 5 Percent Alaskan Bidder Preference – 2 AAC 12.260 & AS 36.30.170**

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

- 1) holds a current Alaska business license prior to the deadline for receipt of proposals;
- 2) submits a proposal for goods or services under the name appearing on the offeror's current Alaska business license;
- 3) has maintained a place of business within the state staffed by the offeror, or an employee of the offeror, for a period of six months immediately preceding the date of the proposal;
- 4) is incorporated or qualified to do business under the laws of the state, is a sole proprietorship and the proprietor is a resident of the state, is a limited liability company (LLC) organized under AS 10.50 and all members are residents of the state, or is a partnership under AS 32.06 or AS 32.11 and all partners are residents of the state; and
- 5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

##### **Alaska Bidder Preference Statement**

In order to receive the Alaska Bidder Preference, the proposal must include a statement certifying that the offeror is eligible to receive the Alaska Bidder Preference.

If the offeror is a LLC or partnership as identified in (4) of this subsection, the statement must also identify each member or partner and include a statement certifying that all members or partners are residents of the state.

If the offeror is a joint venture which includes a LLC or partnership as identified in (4) of this subsection, the statement must also identify each member or partner of each LLC or partnership that is included in the joint venture and include a statement certifying that all of those members or partners are residents of the state.

#### **2.15 5 Percent Alaska Veteran Preference AS 36.30.175**

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

- A. sole proprietorship owned by an Alaska veteran;
- B. partnership under AS 32.06 or AS 32.11 if a majority of the partners are Alaska veterans;
- C. limited liability company organized under AS 10.50 if a majority of the members are Alaska veterans; or
- D. corporation that is wholly owned by individuals, and a majority of the individuals are

Alaska veterans.

**Alaska Veteran Preference Statement**

In order to receive the Alaska Veteran Preference, the proposal must include a statement certifying that the offeror is eligible to receive the Alaska Veteran Preference.

**2.16 Formula Used to Convert Cost to Points – AS 36.30.250 & 2 AAC 12.260**

The distribution of points based on cost will be determined as set out in 2 AAC 12.260(d). The lowest cost proposal will receive the maximum number of points allocated to cost. The point allocations for cost on the other proposals will be determined through the method set out below. In the generic example below, cost is weighted as 70% of the overall total score. The weighting of cost may be different in your particular RFP. See Section Six to determine the value, or weight of cost for this RFP.

**EXAMPLE**

**Formula Used to Convert Cost to Points**

**[STEP 1]**

List all proposal prices, adjusted where appropriate by the application of all applicable preferences.

Offeror #1	-	Non-Alaskan Offeror	\$40,000
Offeror #2	-	Alaskan Offeror	\$42,750
Offeror #3	-	Alaskan Offeror	\$47,750

**[STEP 2]**

Convert cost to points using this formula.

$$\frac{[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})]}{(\text{Cost of Each Higher Priced Proposal})} = \text{POINTS}$$

The RFP allotted 70% (70 points) of the total of 100 points for cost.

**Offeror #1 receives 70 points.**

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 70 points.

**Offeror #2 receives 65.5 points.**

$$\frac{\$40,000 \times 70}{\text{LOWEST COST MAX POINTS}} = \frac{2,800,000}{\$42,750} = 65.5$$

Offeror #2 POINTS  
ADJUSTED BY  
THE APPLICATION OF  
ALL APPLICABLE  
PREFERENCES

**Offeror #3 receives 58.6 points.**

$$\frac{\$40,000 \times 70}{\text{LOWEST COST MAX POINTS}} = \frac{2,800,000}{\$47,750} = 58.6$$

Offeror #3 POINTS  
ADJUSTED BY  
THE APPLICATION OF  
ALL APPLICABLE  
PREFERENCES

## 2.17 Alaskan Offeror's Preference – AS 36.30.250 & 2 AAC 12.260

2 AAC 12.260(e) provides Alaska offerors a 10% overall evaluation point preference. Alaska bidders, as defined in AS 36.30.990(2), are eligible for the preference. An Alaska offeror will receive 10 percent of the total available points added to their overall evaluation score as a preference.

### EXAMPLE

#### Alaskan Offeror's Preference

##### [STEP 1]

Determine the number of points available to Alaskan offerors under the preference.

##### Total number of points available - 100 Points

$$\begin{array}{r} 100 \\ \text{Total Points} \\ \text{Available} \end{array} \times \begin{array}{r} 10\% \\ \text{Alaskan Offerors} \\ \text{Percentage Preference} \end{array} = \begin{array}{r} 10 \\ \text{Number of Points} \\ \text{Given to Alaskan Offerors} \\ \text{Under the Preference} \end{array}$$

##### [STEP 2]

Add the preference points to the Alaskan offers. There are three offerors; Offeror #1, Offeror #2, and Offeror #3. Offeror #2 and Offeror #3 are eligible for the Alaskan Offeror's Preference. For the purpose of this example presume that all of the proposals have been completely evaluated based on the evaluation criteria in the RFP. Their scores at this point are:

*Offeror #1 - 89 points*  
*Offeror #2 - 80 points*  
*Offeror #3 - 88 points*

Offeror #2 and Offeror #3 each receive 10 additional points. The final scores for all of the offers are:

*Offeror #1 - **89 points***  
*Offeror #2 - **90 points***  
*Offeror #3 - **98 points***

Offeror #3 is awarded the contract.

## 2.18 Contract Negotiations

2AAC 12.315 Contract Negotiations. After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. The option of whether or not to initiate contract negotiations rests solely with the State. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the State may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations are commenced, they may be held in the DOC administrative offices in either Anchorage or Juneau, Alaska. The exact location will be determined at a later date.

If the contract negotiations take place in Anchorage or Juneau, Alaska, the offeror will be responsible for their travel and per diem expenses.

## **2.19 Failure to Negotiate**

If the selected offeror;

- A. fails to provide the information required to begin negotiations in a timely manner; or
- B. fails to negotiate in good faith; or
- C. indicates they cannot perform the contract within the budgeted funds available for the project; or
- D. (if the offeror) and the State, after a good faith effort, simply cannot come to terms,

the State may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

## **2.20 Notice of Intent to Award (NIA) - Offeror Notification of Selection**

After the completion of contract negotiations the procurement officer will issue a written Notice of Intent to Award (NIA) and send copies to all offerors. The NIA will set out the names of all offerors and identify the proposal selected for award.

## **2.21 Protest**

AS 36.30.560 provides that an interested party may protest the content of the RFP. An interested party is defined in 2 AAC 12.990(a)(7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract." If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract. If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received in writing by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- A. the name, address, and telephone number of the protester;
- B. the signature of the protester or the protester's representative;
- C. identification of the contracting agency and the solicitation or contract at issue;
- D. a detailed statement of the legal and factual grounds of the protest, including copies of relevant documents; and
- E. the form of relief requested.

Protests filed by telex, e-mail, or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision, and will contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax, or another method that provides evidence of receipt.

All offerors will be notified of any protests. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8, "Legal and Contractual Remedies."

## **SECTION THREE STANDARD CONTRACT INFORMATION**

### **3.01 Contract Type**

This contract is a firm fixed price contract for beds using tiered pricing. All beds will be considered per diem beds and the State will only pay for the beds if they are filled.

### **3.02 Contract Approval**

This RFP does not, by itself, obligate the State. The State's obligation will commence when the contract is approved by the Commissioner of the Department of Corrections, or the commissioner's designee. Upon written notice to the contractor, the State may set a different starting date for the contract. The State will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the State.

### **3.03 Standard Contract Provisions**

The contractor will be required to sign and submit the attached State's Standard Agreement Form for Professional Services Contracts (form 02-093/Appendix A, copy attached as Attachment 5.1 and 5.2). The contractor must comply with the contract provisions set out in this attachment. No alteration of these provisions will be permitted without prior written approval from the Alaska Department of Law. Objections to any of the provisions in Appendix A (Attachment 5.2) must be set out in the offeror's proposal.

### **3.04 Proposal as a Part of the Contract**

Unless otherwise specified in the contract, the requirements and specifications set forth in this RFP and the successful proposal will be incorporated into Appendix C of the contract, and will be binding upon the contractor. In any case in which these differ, the contract and then the RFP in that order, shall take precedence over the proposal submitted by the contractor.

### **3.05 Additional Terms and Conditions**

The State reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the proposal evaluations.

### **3.06 Insurance Requirements**

The Contractor must provide proof of insurance prior to contract approval.

The Contractor must secure the insurance coverage required by the State. The coverage must be satisfactory to the Department of Administration, Division of Risk Management. An offeror's failure to provide evidence of such insurance coverage is a material breach and grounds for withdrawal of the award or termination of the contract. See also Attachment 5.3.

#### **A. Indemnification**

The Contractor shall indemnify, save harmless and defend the state, its agents, and its employees from any and all claims, actions, or liabilities for injuries or damages sustained by any person or property arising directly or indirectly out of any act, error, or

omission by the Contractor, its agents, and its employees connected with the Contractor's performance under this contract; however this provision has no effect if, but only if, the sole proximate cause of the injury or damage is the department's negligence.

B. Insurance

Without limiting Contractor's indemnification, it is agreed that Contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If Contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the Contractor's services. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under AS 21.

Evidence of insurance, consisting of a certificate of insurance or the policy declaration page with required endorsements attached hereto – all of which have been executed by the insurer's representative and issued to the Department – shall denote the type, amount, class of operations covered, effective (and retroactive) dates, and dates of expiration must be furnished to the Contracting Officer prior to beginning work and must provide for a 30-day prior notice of cancellation, nonrenewal or material change of conditions.

If a certificate of insurance is submitted as evidence it shall contain the following statement:

“This is to certify that the policies described herein comply with all aspects of the insurance requirements of (Contract Name and Number, and Project Number).”

1) Workers' Compensation Insurance

The Contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045. The policy must waive subrogation against the State, its agents and employees.

2) Commercial General Liability Insurance

On an occurrence policy form covering all operations by or on behalf of the Contractor with combined single limits not less than: \$1,000,000 each occurrence, \$2,000,000 general aggregate with \$1,000,000 for personal injury liability limits. Coverage must extend protection to the Department for any vicarious liability it may have for any act (including alleged misconduct), error or omission by the Contractor, subcontractor or anyone directly or indirectly employed by them in the performance of services under this contract.

The State of Alaska shall be named additional insured. This insurance shall contain a “cross liability” or “severability of interest” clause or endorsement and be considered to be primary and non-contributory to any other insurance carried by the State through self insurance or otherwise.

3) Commercial Automobile Liability Insurance

Covering all vehicles used by the Contractor in the performance of services under this agreement with minimum coverage limits not less than \$1,000,000 combined single limit per occurrence.

In addition to providing the above insurance coverage the Contractor shall require that all indemnities obtained from any subcontractor be extended to include the State as an additional named indemnitee. Contractor shall further require that the State be named as an additional insured on all liability insurance policies maintained by all subcontractors under their contracts with Contractor, and that an appropriate waiver of subrogation in favor of the State, its agents and employees be obtained with respect to all other insurance policies.

### **3.07 Bid Bond – Performance Bond – Surety Deposit**

Not used.

### **3.08 Utilities**

All utilities are the responsibility of the contractor.

### **3.09 Contract Funding**

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation.

### **3.10 Proposed Payment Procedures**

The State will make payments based on a negotiated payment schedule at rates established in the contract. Each billing must consist of an itemized invoice. No payment will be made until invoices have been approved by the Director of Institutions, or designee. All billings should be submitted timely and reference the RFP and contract numbers.

Upon determination that a portion or the entire invoice is incorrect, the Contractor shall receive written notice from the DOC Director of Institutions, or designee, of the amount of the billing or portion thereof is in dispute and stating the reasons for the dispute. That portion of or entire invoice shall not be processed for payment until after resolution of the dispute.

Per diem definition. The per diem rate for detention services under this agreement is per man-day (see also the definition of prisoner day and per diem rate). This rate covers an inmate per day. A portion of any day shall count as a man-day under this agreement, except that the State may not be billed for two days when an offender is admitted one evening and removed the following morning. In that situation, the Contractor will bill for the day of arrival, but not the day of departure. The intent is to pay for the number of beds filled as of the 00:01am count and the count submitted for payment needs to be equal to the 00:01am count for each day and the only exception to the count changing is IF after a count at 00:01am, and sometime during the next 24 hour period before that next count is taken at 00:01am, an inmate spends any time at the facilities and gets released or remanded and never got picked up on any of the previous counts...ever...then you can count them. The state will pay up to the maximum of beds under the contract per day; in no case will the state pay for more than the number of beds under contract.

### **3.11 Contract Payment**

No payment will be made until the contract is approved by the Commissioner of the Department of Corrections, or designee, and the invoices have been approved by the Director of Institutions, or designee. Under no conditions will the State be liable for the payment of any interest charges associated with the cost of the contract. The State is not responsible for and

will not pay local, state, or federal taxes. (Clarification: This sentence refers to direct payment by the state; however, it is expected that offerors include their taxes in the proposal budget and incorporate these costs into their per bed contract cost.) All costs associated with the contract must be stated in U.S. currency.

In the event of an error that causes payment(s) to the CONTRACTOR (or benefits to others) to be issued in error, the CONTRACTOR shall reimburse the State within thirty (30) days of written notice of such error for the full amount of the payment. Interest shall accrue at the statutory rate upon any amounts not paid and determined to be due after the thirtieth (30th) day following the notice.

### **3.12 Informal Debriefing**

When the contract is completed, an informal debriefing may be performed at the discretion of the Director of Institutions, or designee. If performed, the scope of the debriefing will be limited to the work performed by the contractor.

### **3.13 Contract Personnel**

Any change of the key project team members named in the proposal must be approved, in advance and in writing, by the Director of Institutions, or designee. Personnel changes that are not approved by the State may be grounds for the State to terminate the contract.

The Department of Corrections, Director of Institutions, or designee, reserves the right to disallow the use of any individual (under the terms of any contract awarded as a result of this RFP) whose performance or conduct is not acceptable to the Department.

### **3.14 Specification of Audit Criteria and Corrective Action Procedures**

The contractor is responsible for the performance and completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the Director of Institutions, or designee. The State may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract

The DOC or its representatives will be afforded unlimited access to all areas of the facility for the purposes of auditing its operations or for any other official purposes as described in the Contract not limited to but including:

- A. Financial Audits: AS 36.30.420 states: The State may audit the books of a contractor or a subcontractor to the extent that the books and records relate to the performance of the contract or subcontract. Books and records shall be maintained by the contractor for a period of three years after the date of final payment under the prime contract, and by the subcontractor for a period of three years after the date of final payment under the subcontract, unless a shorter period is authorized in writing by the commissioner.

The Department of Corrections, Commissioner or Designee, will conduct periodic financial audits of each facilities financial records pertaining to the funds and services of this contract. The DOC may choose an independent auditor(s) to perform the audits and will provide the auditing criteria, which will be based upon standard accounting practices. The cost of these audits shall be borne by the state.

- B. Program Audits: Program audits and contract compliance monitoring shall be conducted as deemed necessary by designated staff. Custody, security, program administration,

and physical plant audits shall be conducted to determine compliance with DOC required standards. Areas noted as being in partial compliance or non-compliance shall be corrected by the Contractor within thirty to ninety (30-90) days as specifically stated in the written audit report.

- C. **Corrective Plans:** The Contractor shall receive official written notice as to the areas of partial compliance or non-compliance. Within twenty (20) days of receiving the notice, the Contractor shall submit to the Director of Institutions, or designee, a remedial plan indicating action to be taken and time frames for full compliance. The plan shall be reviewed and DOC will either concur with the plan or notify the Contractor of his/her non-concurrence. In cases of non-concurrence, the DOC shall specifically identify the corrective actions to be taken and the time frames for their completion. The Contractor must implement these before any appeal.
- D. **Appeal Process:** In case of disagreement, an appeal process shall be available. A written appeal must be filed within ten (10) days of the Contractor's receipt of the notice of non-concurrence. The first level of appeal shall be to the Director of Institutions. The next and final level of appeal shall be to the Commissioner of the Department of Corrections.

Substantial failure of the contractor to perform the contract may cause the State to terminate the contract in whole or in part. In this event, the State may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages. Please also refer to Section 3.35 for additional information on non-compliance penalties.

### **3.15 Disputes**

Any dispute arising out of this agreement shall be resolved under the laws of Alaska. Any appeal of an administrative order or any original action to enforce any provision of this agreement or to obtain any relief from or remedy in connection with this agreement may be brought only in the superior court for the State of Alaska. See Appendix A, Article 3 (Attachment 5.2).

### **3.16 Termination**

A Contractor's failure to comply with any of the terms and conditions of this RFP and contract may result in a default action by the State after a thirty (30) calendar day written notice to cure the problem that had produced the apparent default.

If the Director of Institutions, or designee, determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the State may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all of the remaining work.

This clause does not restrict the State's termination rights under the contract articles or provisions of Appendix A, if used.

### **3.17 Liquidated Damages**

See Section 3.35 for penalties.

### **3.18 Contract Changes – Anticipated Amendments**

The Department anticipates that it may be in the State’s best interest to extend the contract for additional periods of service. If the State exercises this option, extension will be within the maximum period allowable under administrative authority # 2019-2000-4064.

The State may increase or decrease the provision for these services, depending on the needs of the department and upon the funding available. This includes adding or deleting beds, adding up to \$500,000 for in-house substance abuse treatment and up to \$200,000 for additional educational services. Any changes in work requirements will be within the scope of work specified in the RFP and contract and will be approved through the required amendment procedures. **All changes must be in writing. Verbal agreements are not binding.**

### **3.19 Contract Changes - Unanticipated Amendments**

During the course of this contract, the Contractor may be required to perform additional work. That work will be within the general scope of the contract. When additional work is required, the Director of Institutions, or designee, will provide the contractor a written description of the additional work and request for the Contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The Contractor will not commence additional work until the Director of Institutions, or designee, has secured any required State approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Corrections, or designee. All changes must be in writing. Verbal agreements are not binding.

### **3.20 Contract Extension**

Unless otherwise provided in this contract, the State and the Contractor agree:

Excluding any exercised renewal options, the State may extend the term of this contract by written notice to the contractor no later than 15 days before the expiration of the contract, in order to:

- A. Complete negotiations between the state and current or new provider of these services; complete legal requirements for a 10 day protest period after a Notice of Intent to Award is issued and before a contract is signed, or; prevent a lapse in service for number of beds contracted at this facility.
- B. Notification under this clause does not commit the State to an extension.
- C. The State may require continued performance of any services within the limits and at the rates specified in the contract if the state exercises this option.
- D. The State agrees to make a good faith effort to limit the duration of this option if it is invoked.
- E. If the State exercises this option, the extended contract shall continue to include this provision.

### **3.21 Transition at End of Contract**

The Contractor agrees to assist the Department and any subsequent provider in facilitating

the transition between providers in the event of termination or completion of this contract. This includes extensions of this agreement at current rates to cover transition periods. This agreement is a condition precedent to the Contractor's right to receive any final payment of funds under this contract.

### **3.22 Per Diem Adjustment & CPI Adjustment**

Not used.

### **3.23 Contract Invalidation**

If any provision of this contract is found to be invalid, such invalidation will not be construed to invalidate the entire contract.

### **3.24 Performance Standards**

The Department reserves the right to evaluate (or audit) the services being provided by the Contractor under the terms of a contract awarded as a result of this RFP. The Contractor will be responsible for developing a plan of action to address any areas of concern raised through an evaluation process. The action plan **MUST** be approved by the Director of Institutions, or designee. The Department reserves the right to refuse contractor utilization of any individual whose standards of performance are not acceptable to the Department.

### **3.25 Investigation & Litigation**

Contractors are obligated to notify the Director of Institutions, or designee, the next working day if, they, or any member of their contract staff, are being investigated for malpractice and/or ethical violations by a licensing board or professional organization, or if they are named as a party in a civil or criminal litigation relating to their professional activities. The Department reserves the right to disallow the provision of contract services by any individual undergoing investigation and/or litigation under this section.

### **3.26 Continuing Education (CE)**

The Contractor must assure, at no cost to the State, that all persons working under the terms of the contract meet and maintain any and all legal requirements for licensing and Continuing Education.

### **3.27 Records**

The records and other information compiled by the Contractor in accordance with the duties and responsibilities of this RFP shall be the property of the Department of Corrections. Copies of such records shall be provided to the Department within a reasonable period, upon request. This requirement is mandatory irrespective of any payment due to the Contractor for service provision.

### **3.28 Research**

Any research conducted under the terms of the contract must receive prior written approval by the Commissioner of Corrections, or designee. A written description of the research project must be submitted prior to consideration for approval. In addition, all research projects must comply with the provisions of Policy and Procedure 501.02.

### **3.29 Format of Reports and Data**

If needed, the contractor will be expected to provide electronic reports and data in a format compatible with the department's systems and formats, and it will be the contractor's responsibility to create the data files. This includes data entry and the development of any automated interfaces to the contractor's information systems or data entry software needed for this purpose.

### **3.30 Legal Proceedings**

Confinement by the Contractor shall not deprive any prisoner of a legal right which he would have if confined in a State of Alaska managed facility.

The State of Alaska will defend any post conviction action, including appeals and writs of habeas corpus, by any prisoner in an Alaskan Court challenging the underlying judgment of conviction or the administration of the sentence imposed at no cost to the Contractor. The State will defend a prisoner challenge to placement within the facility or at any facility.

The Contractor will defend, at its expense any actions filed against it by a prisoner which challenge conditions of confinement operational policies, treatment by staff of other matters related to confinement at the Facility.

### **3.31 Assignment**

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer.

### **3.32 Intellectual Property**

The CONTRACTOR warrants that all materials produced hereunder shall be of original development by CONTRACTOR, and shall be specifically developed for the fulfillment of this Agreement and shall not infringe upon or violate any patent, copyright, trade secret or other property right of any third party, and the CONTRACTOR shall indemnify and hold the State harmless from and against any loss, cost, liability, or expense arising out of breach or claimed breach of this warranty.

### **3.33 Excusable Delays**

The CONTRACTOR shall be excused from performance hereunder for any period that it is prevented from performing any services hereunder in whole or in part as a result of an act of God, war, civil disturbance, epidemic, court order, or other cause beyond its reasonable control, and such nonperformance shall not be a default or ground for termination of the Agreement.

### **3.34 Prohibition of Bribes, Gratuities & Kickbacks**

Pursuant to Alaska Statute 39.52, the receipt or solicitation of bribes, gratuities and kickbacks is strictly prohibited.

No elected or appointed officer or other employee of the State of Alaska shall benefit financially or materially from this Agreement. No individual employed by the State of Alaska shall be admitted to any share or part of the Agreement or to any benefit that may arise therefrom.

### **3.35 Non-Compliance Penalties**

#### **A. Immediate Compliance**

If the DOC Director of Institutions or designee determines that the Contractor is not operating in compliance with a term or condition of the Contract which in the opinion of the Director may adversely affect the security of the Facility or which may present a hazard to the safety or health of Prisoners or other individuals, Contractor shall be notified in writing (or verbally if it is believed an emergency situation exists). The notice shall direct Contractor to immediately correct the noncompliance. Please also see section 3.14.

- 1) Contractor shall immediately notify the Director of Institutions or designee of the proposed corrective action. If the Director or designee does not object to the proposed corrective action, Contractor shall immediately implement said corrective action.
- 2) If the Director of Institutions or designee disagrees with the proposed corrective action or if Contractor fails to notify the Director or designee immediately of its proposed corrective action, the Commissioner of the Department shall be notified. The Commissioner shall either agree with Contractor or specify corrective action which Contractor shall immediately implement.
- 3) Notwithstanding any provision contained herein to the contrary, in such a circumstance, Contractor shall immediately implement the corrective action specified by the Commissioner before any appeal is taken.
- 4) In the event Contractor disagrees with the determination of noncompliance or designated corrective action, an appeal may be taken to the Commissioner. In no event shall the corrective action be delayed pending appeal to the Commissioner.
- 5) Upon examination, if the Commissioner determines in his or her sole discretion that a noncompliance did not exist or that the required corrective action was excessive, the Commissioner shall authorize payment to Contractor of the actual expense incurred in taking said corrective action or excessive corrective action upon receipt of appropriate documentation substantiating said expense from Contractor.

#### **B. Breach**

A party shall be deemed to have breached the Contract if any of the following occurs:

- 1) Failure to perform in accordance with any term or provision of the Contract;
- 2) Partial performance of any term or provision of the contract; and
- 3) Any act prohibited or restricted by the Contract.

For the purposes of this article, items 1) through 3) above shall be hereinafter be referred to as "Breach".

In the event of a breach by Contractor, the State shall have available the following remedies as described further herein:

- 1) Actual damages and any other remedy available at law or equity;
- 2) Liquidated Damages;

- 3) Partial Default; Partial Recovery; and/or
- 4) Termination of the Contract.

In the event of Breach by Contractor, the Director of Institutions or designee shall provide Contractor written notice of the Breach and a time period to cure said Breach described in the notice. In the event Contractor disagrees with the Director or designee's determination of Breach, period to cure, or initiation of liquidated damages, Contractor shall notify the Department's Commissioner in writing, provided, however, any appeal to the Commissioner shall not toll or otherwise affect the period to cure. The decision by the Commissioner shall be final and binding. In the event Contractor fails to cure the Breach within the time period provided, then the State shall have available any and all remedies described herein. In the event the Breach is not cured and in the event the State elects to invoke liquidated damages said liquidated damages shall commence on the date the cure period expires; provided, however, if the Commissioner determines Contractor's management team has concealed or misled the State concerning the Breach, the liquidated damages shall commence on the date of the Breach. For purposes stated herein, Contractor's management team is defined as consisting of persons in the rank of shift supervisor or above. This subsection regarding notice and opportunity to cure shall not be applicable in the event of successive or repeated Breaches of the same nature, or in the event the Director of Institutions or designee or Commissioner invokes the immediate compliance provisions of Sections of this contract.

### **C. State Breach**

In the event of a Breach of Contract by the State, Contractor shall notify the State in writing within thirty (30) days of any Breach of contract by the State. Said notice shall contain a description of the Breach. The State shall be afforded a forty-five (45) day period in which to effect a cure or in which to take reasonable steps to effect a cure; provided, however, that if the alleged Breach concerns the State's failure to make payment under this Contract, the State shall have sixty (60) days after the notice to effect a cure unless the payment is the subject of a dispute between the parties.

- 1) Failure by Contractor to provide the written notice described above shall operate as an absolute waiver by Contractor of the State's Breach.
- 2) With the exception of the provisions contained in subsection (5) herein, in no event shall any Breach on the part of the State excuse Contractor from full performance under the Contract.
- 3) In the event of Breach by the State, Contractor may avail itself of any remedy at law in the forum with appropriate jurisdiction; provided, however, failure by Contractor to give the State written notice and opportunity to cure as described in this Section operates as a waiver of the State's Breach.
- 4) Failure by Contractor to file a claim before the appropriate forum in Alaska with jurisdiction to hear such claim within one (1) year of the notice described in subsection (a) shall operate as a waiver of said claim in its entirety. It is agreed by the parties this provision establishes a contractual period of limitations for any claim brought by Contractor.
- 5) In the event the State fails to make any payment due under the contract within the cure period specified herein and the amount not paid exceeds one hundred thousand dollars (\$100,000.00), Contractor may terminate the contract upon 90 days prior written notice to the Commissioner, provided, however, Contractor may terminate the Contract only upon the State's failure to pay an amount which is not in dispute.

### **D. Penalties**

In the event of a Breach by Contractor, the State may withhold as a penalty the amounts as described herein from any amounts owed Contractor.

- 1) The State shall notify Contractor in writing of the Breach and the amounts to be withheld as a penalty.
- 2) Penalties related to staffing deficiencies or vacancies shall be imposed beginning 30 days from the date a position becomes vacant. For professional positions, penalties will not be imposed until 60 days after the position becomes vacant. The amount of the penalty shall be equal to the position's salary and benefits as identified in the Contractor's budget document for the period the position is vacant.
- 3) Penalties related to contractual service deficiencies shall be imposed beginning after the cure period specified by the Commissioner (see Section B above). The State shall review the Contractor's budget to determine the amount the Contractor is being paid for any particular service. If the service is identified in the budget, the amount will be used to determine the amount of the penalty. If the service is not specifically identified in the budget, the Commissioner or designee shall make the final and binding determination of said amount. The Commissioner's determination shall be reasonable under the circumstances and supported by findings that the Commissioner has reason to believe is accurate.
- 4) The State may continue to withhold the penalties or a portion thereof until Contractor cures the Breach, the State exercises its option to declare a Partial Default, or the State terminates the Contract.
- 5) The State is not obligated to assess penalties before availing itself of any other remedy.
- 6) The State may choose to discontinue liquidated damages and avail itself of any other remedy available under this Contract or at law or equity; provided, however, Contractor shall receive a credit for said penalties previously withheld except in the event of a Partial Default.

**E. Partial Default**

- 1) In the event of a Breach by Contractor, the State may declare a Partial Default.
- 2) If Contractor fails to cure the Breach within the time period provided in the notice, then the State may declare a Partial Default and provide written notice to Contractor of the following:
  - a) The date upon which Contractor shall terminate providing the service associated with the Breach; and
  - b) The date the State will begin to provide the service associated with the Breach.

The State may revise the time periods contained in the notice upon written notice to Contractor.

- 3) In the event the State declares a Partial Default, the State may withhold from the amounts due Contractor the greater of:
  - a) Amounts which would be paid Contractor to provide the defaulted service as provided in subsection (5); or

- b) The cost to the State of providing the defaulted service, whether said service is provided by the State or a third party;

together with any other damages associated with the Breach.

- 4) To determine the amount the Contractor is being paid for any particular service, the State shall review the Contractor's budget. The Commissioner or designee shall make the final and binding determination of said amount.
- 5) The State may assess penalties against the Contractor pursuant to Section 3.35 (D) for any failure to perform which ultimately results in a Partial Default with said Penalties to cease when said Partial Default is effective.
- 6) Upon Partial Default, Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.
- 7) Contractor agrees to cooperate fully with the State in the event a Partial Default is taken.

#### **F. Termination**

- 1) In the event of a Breach by Contractor, the State may terminate the contract immediately or in stages.
- 2) Contractor shall be notified of the termination in writing signed by the Commissioner. Said notice shall hereinafter be referred to a Termination Notice.
- 3) The Termination Notice may specify either that the termination is to be effective immediately, on a date certain in the future, or that Contractor shall cease operations under this Contract in stages.
- 4) Contractor agrees to cooperate with the State in the event of a termination, Partial Default or Partial Takeover.
- 5) In the event of a termination, the State may withhold any amounts which may be due Contractor without waiver of any other remedy or damages available to the State at law or at equity.
- 6) In the event of a termination, Contractor shall be liable to the State for any and all damages incurred by the State including but not limited to transportation of Prisoners, activation of the National Guard or any other state agency, expenses incurred by the State to staff the Facility, and any and all expenses incurred by the State to incarcerate the Prisoners which exceed the amount the State would have paid Contractor under this Contract.

#### **G. Partial Takeover**

- 1) The State may, at its convenience and without cause, exercise a partial takeover of any service which Contractor is obligated to perform under this Contract, including but not limited to any service which is the subject of a subcontract between Contractor and a third party, although Contractor is not in Breach (hereinafter referred to as "Partial Takeover"). Said Partial Takeover shall not be deemed a Breach of Contract by the State.

- 2) Contractor shall be given at least thirty (30) days prior written notice of said Partial Takeover with said notice to specify the area(s) of service the State will assume and the date of said assumption.
- 3) Any Partial Takeover by the State shall not alter in any way Contractor's other obligations under this Contract.
- 4) The State may withhold from amounts due Contractor the amount Contractor would have been paid to deliver the service as determined by the Commissioner. The amounts shall be withheld effective as of the date the State assumes the service.
- 5) Upon Partial Takeover, Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

#### **H. Termination Due to Unavailability of Funds or Court Order.**

The payment of money by the State under any provisions hereto is contingent upon the availability of funds appropriated to pay the sums pursuant to this Contract. In the event funds for this Contract become unavailable due to non-appropriation, or if the State is ordered not to transfer Prisoners to Contractor by a court of competent jurisdiction, the State shall have the right to terminate this Contract without penalty, upon the State retaking all Prisoners from Contractor and payment of all amounts due under the Contract.

#### **3.36 Nondisclosure and Confidentiality**

Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to and/or use by third parties of, the confidential information. "Reasonable care" means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Confidential information, as used herein, means any data, files, software, information or materials (whether prepared by the state or its agents or advisors) in oral, electronic, tangible or intangible form and however stored, compiled or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the state to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to: technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may

disclose the confidential information after providing the state with written notice of the requested disclosure ( to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor's receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

## SECTION FOUR SCOPE OF WORK

### 4.01 Introduction and Background Information

The **Alaska Department of Corrections** is soliciting proposals to secure the services of an agency(s), corporation(s), or individuals(s) to provide community residential center (CRC) and support services for a total of **175 Beds (Tiered Pricing)** to meet the security and residential needs of adult offenders in the **Anchorage, Alaska area**.

The department requires a contractor to provide a residential halfway house facility (CRC) for offenders in order to provide security, food, shelter, transportation, supervision, programing and the additional services specified herein and according to the minimums specified in the currently adopted set of Community Residential Center Operational Standards. The CRC will facilitate the safe and successful transition of offenders from incarceration to being productive members of the community.

Community Residential Centers help facilitate the transition of offenders from institutional confinement to parole/probation supervision, as well as providing an “intermediate sanction” for confined misdemeanants and parolees/probationers who commit technical violation of parole/probation.

To facilitate the transition from institutional confinement back into the community, offenders may request and receive furlough to a Community Residential Center (CRC). After placement in a CRC, offenders are restricted to the center except for specifically approved passes from the facility for the purpose of work, education, treatment, and/or counseling activities. Residents must be engaged in approved employment, education or community work service projects, or some combination of these activities to constitute a full workweek of at least forty hours.

As an intermediate sanction for parole/probationers who commit violations of parole/probation conditions, CRC’s serve as a “halfway-in” facility to provide support, structure, and more supervision than parole/probation supervision can provide. These individuals are allowed to continue employment in the community but must return to the facility when not at work.

Community Residential Center also serves as an intermediate sanction for confined misdemeanants who are placed in the center in lieu of incarceration. These placements are not allowed to leave the facility unless they are participating in community work service projects with direct supervision, and/or other approved Department of Corrections supervision.

All offenders in Community Residential Centers (with the exception of unsentenced and confined misdemeanants) are expected to enter into, and progress through, a “multi-level” program. The program is designed to be responsive to individual and collective offender needs and to provide increasing opportunities for resident independence and responsibility. The “multi-level” program provides incentives for those offenders, through increased privileges, who demonstrate progress in learning skills and behaviors through participation in the program, which will support the successful reintegration of offenders back into the community.

Community Residential Centers must provide:

1. Detention and/or supervision of offenders on behalf of the Department of Corrections.
2. Flexibility in behavioral based programs which are oriented to the specific needs of each individual in residence.

3. Either in-house or through referral to community providers, counseling, to address the substance abuse, sex offender, anger management, pre-release and mental health treatment requirements of offenders in residence.
4. Assistance with all aspects of community transition, to include addressing offender needs for employment, housing and aftercare counseling referral.

This Request for Proposals will re-solicit for these CRC services currently under contract with a private provider (260 beds with Cornell Corrections of Alaska). The contract award(s) based on this RFP will replace the current contract when they expire. Both new and current providers may submit proposals for these services.

**Proposals offering to provide services for any or all of the 175 Beds will be accepted.** The actual number of offenders assigned to a specific CRC facility may vary, depending on the needs of the Department of Corrections.

The Department will establish target populations for each category of offender housed in the CRC based on an annual review of regional and departmental utilization of community beds. The Department is requesting each offeror to indicate in their proposal what categories their program can provide services for and the number of participants in each category. The approximate prisoner custody level populations for the contract facility are: Numbers 15-20% female beds, 15-20% confined, restitution center and unsentenced misdemeanants, 30-50% furloughees, and 25-35% probationers/parolees. These are subject to change depending on the needs of the department.

- A. **Offers for fewer than the total number of beds specified in this RFP are welcome.** In the event that the highest ranked contractor does not propose to provide the entire number of beds (or slots) required in this RFP, the Department of Corrections maintains the right to negotiate and accept a best and final offer from the next highest remaining offeror(s) for provision of fewer than the number of beds (or slots) originally offered in their proposal. The best and final offers in the cost category from the remaining providers will be scored and converted into points per the method set out in Section 2.16 of the RFP, and the cost point section will be recalculated into the total evaluation points to obtain the next highest ranked proposal susceptible for award. This process will continue until the department obtains the number of beds it requires.

The department requires a contractor to provide a residential halfway house facility (CRC) for offenders in order to provide security, food, shelter, transportation, supervision, programing and the additional services specified herein and according to the minimums specified in the currently adopted set of Community Residential Standards. The CRC will facilitate the safe and successful transition of offenders from incarceration to being productive members of the community.

An offeror who enters into a contract with the Department of Corrections as a result of this RFP will also be required to provide a plan and comply with the following service provisions. Include sections to address how proposer will meet DOC requirements for the following, as specified in this RFP and in the Community Residential Standards.

The general and specific scopes of work follow.

#### **4.03 Administration**

##### **A. Qualifications of Facility Director**

The facility and its correctional services shall be managed by a single facility director employed by the Contractor. Written policy and procedure shall provide that the facility director's office be located with the facility and that his/her position be a full-time assignment. He/she will be required to personally inspect and review the facility and all operations on at least a weekly basis. Documentation of such reviews shall be maintained including action plans to correct any noted deficiencies. The facility director shall be empowered with full authority to act for the Contractor, and shall be responsible for all facility employees and subcontractors.

##### **B. ACA Accreditation**

It is not the intent of the Department of Corrections to require implementation of any contract provisions which jeopardize or require the American Correctional Association (ACA) accreditation of any Community Residential Center program. The Department is willing to consider and negotiate changes in the provisions of this contract that are necessary to obtain or maintain ACA accreditation. This provision does not obligate the Department to provide financial resources to the Contractor for such accreditation.

##### **C. Policies, Procedures and Post Orders**

The Contractor shall develop and submit to the State, for the State's approval, no later than 60 days before the Service Commencement date the following:

- a facility policy and procedure manual that covers the full range of Facility operations.
- Post orders for security staff must be by post and shift and be maintained and updated annually.

D. Non-Smoking

The Facility will be non-smoking for staff and residents.

E. Self Monitoring by Contractor

The Contractor will be responsible to establish a process for self-monitoring the facility operations to ensure compliance with all applicable DOC Community Residential Center Operational Standards, DOC policies, state and federal laws, and all applicable health and safety standards. All monitoring reports and copies of corrective action plans will be forwarded to the Contract Monitor and the Director of Institutions within 30 days of the monitoring.

F. Contract Monitor

The State will be responsible for the costs of contract monitoring. The Contract Monitor shall have access at all times, with or without notice, to residents and staff, all areas of the Facility and to inspect all documents and records relating to the Contract and the Contractor's performance. This includes employee qualifications or the requirements of training, disciplinary records relating to serious incidents and security breaches and reports kept by the Contractor concerning the operation of the Facility. The Contractor shall permit the Contract Monitor and authorized representatives to make and remove copies of records. The Contractor shall obtain written waivers from its employees permitting the Contract Monitor to review employee qualifications and disciplinary records. Any such inspection or removal shall be in strict compliance with privacy rights and shall be kept confidential.

G. Office Space/Furnishings/Clerical Support

The Department of Corrections does not need contractor provided office space, furnishings, or clerical support within the contractor's facility for its exclusive use.

H. Department of Corrections Policies & Procedures

The administration and operation of the facility must be in accordance with certain DOC Policies. Subject to the provisions of the Contract, the Facility shall adopt and follow the departmental policies and procedures and any subsequent directives or policy changes.

I. Governing Policies

Please list and briefly reference only those governing or organizational policies that are pertinent to the operations of the proposed CRC. Include copies of the actual policies in properly labeled and page numbered appendices section(s) of the proposal.

J. Prisoners from other Jurisdictions

Prisoners from other jurisdictions will not be housed in the same living units as Alaskan prisoners without written permission of the Director of Institutions.

K. Photographing and Release of Information

The Contractor shall permit reporters or photographers to interview or photograph residents only with permission of the Deputy Commissioner and consistent with DOC 808.02, Prisoner/Media Contact.

L. Incident Reporting

All incidents as described in DOC Policy 104.01, Special Incident Reporting, shall be reported to the Shift Supervisor of the closest correctional institution. The Shift Supervisor will notify the Superintendent who in turn will notify the Director of Institutions. Notification will be done telephonically within 24 hours and followed in writing within 48 hours. The Department may investigate any incident pertaining to the performance of the Contract.

M. Other Reports

Monthly activity reports must be submitted to the Contract Oversight Officer detailing monthly program activities on a form provided by the DOC. In addition to the monthly activity report, the contractor must also send:

1. Monthly financial report, detailing resident's monthly financial earnings and disbursements.
2. The monthly check for the total amount collected from resident earnings withholding.
3. Report all CWS hours for CWS performed.
4. Copies of all incident reports that result in program terminations.
5. Copies of all grievances filed by residents.
6. Summary of all resident program evaluations for the preceding month.
7. List of current sex offenders.
8. Medical fees for services.

The contractor shall submit all reports to the Contract Oversight Officer no later than the 20th of the following month.

N. Statement of Standards/Manual

The successful offeror will be required to adhere to the contract conditions and reporting requirements cited in the current adopted Community Residential Center Operational Standards (**available upon request**). The Statement of Standards may be revised during the period covered by this RFP. The Contractor's compliance with the revised standards and reporting requirements will be required upon adoption or at an effective date to be determined by the Director of Institutions.

O. Public Information and Publicity

Contractor may release any non-exempt public record information which it possesses regarding DOC prisoners. Contractor will not release public record information which

is exempt from public disclosure, or any non-public record information which it possesses regarding DOC prisoners. Contractor will refer to the DOC requests for public information which it does not possess, public record information which may be exempt from public disclosure pursuant to Alaska laws, and non-public information.

Contractor will comply with DOC Policy 808.02 Prisoner/Media Contact with regard to all public information release and prisoner access to the media. Contractor will not knowingly subject any resident to unwanted publicity.

P. Target Populations / Categories of Offenders

The Department will establish target population configurations for each category of offender housed in the Community Residential Center (CRC) based on an annual review of regional and departmental utilization of community beds. The Department is requesting each offeror to indicate in their proposal what categories their program can provide services for and the number of participants in each category indicated below:

- Female Beds 15-20 %
- Confined, Restitution Center, and Unsenteded Misdemeanants 15-20%
- Furloughees 30-50%
- Probationers/Parolees 25-35%

The Department reserves the right to alter the target population configurations due to the needs of the Department. The Department will give as much prior notification as possible whenever a modification to target population configurations is required, and will take into consideration the ability of each provider to adapt to any modification. Changes in target population configurations will require the approval of the Director of Institutions.

1) **Final Determination and Placement:** The Department reserves the right to make the final determination on the acceptance or rejection of offenders referred to community residential/community restitution centers. Final determination for acceptance will be as follows:

- a. **Placement of less than sixty (60) days:** When space is available, the Center shall accept all Department referrals. Placement shall be in accordance with the most current adopted Community Residential Center Operational Standards (CRC Standards).
- b. **Program placements of more than sixty (60) days:** When space is available, the Center shall accept Department referrals, except for specific cause. In the event of a disagreement between the center director and the DOC regarding acceptance of a referral, the participant (**furloughee\***) shall remain at the sending institution until the issue is resolved by the Deputy Commissioner. A written record will be submitted by both parties and submitted through the Director of Institutions to the Deputy Commissioner, and a final determination shall be issued. The written record will contain sufficient evidence and documentation to substantiate respective positions. Other placement procedures shall be in accordance with most current adopted CRC Standards. (\*Clarification: Only

furlough referrals may remain at the sending institution, others shall be placed in the CRC.)

- 2) **Categories of Offenders:** Offenders housed in a community residential center will either be furloughed or designated to the center. Contractors may categorize these residents into the following categories based on the resident's program needs:

a. ***Furlough Placement***

- (1) Furloughs: Felon and misdemeanor offenders who meet the statutory requirements for pre-release furlough eligibility and who are approved by the Department for up to three (3) years from their release date for purposes of work, education, vocational training or treatment as part of a graduated planned release from incarceration.

b. ***Designated Program Placements***

- (1) Restitution: Offenders classified as either a felony or misdemeanor who have no history of the use of force or violence, may be designated to a CRC in order to provide restitution through participation in community work service, treatment and/or employment. These offenders will not be eligible to participate in the Multi-Level Program.
- (2) Court-Ordered Prob./Parole: Offenders with probation or parole conditions requiring residence in a CRC facility.
- (3) Voluntary Prob./Parole: Offenders under probation or parole supervision who volunteer for residence in a CRC at the request or suggestion of their probation officer. Voluntary placement is an intervention strategy other than incarceration for probation or parolees who are experiencing difficulty in adhering to their conditions of supervision while on probation or parole.

c. ***Designated Non-Program Placements***

- (1) Unsentenced: Offenders designated or classified to a CRC as an alternative to incarceration in a state correctional institution. Unsentenced offenders are not authorized in the community without direct supervision of CRC staff.
- (2) Confined: Offenders designated or classified to a CRC as an alternative to incarceration in a state correctional institution. Minimum custody felons or misdemeanor offenders may only be authorized in the community when under the constant and direct supervision of CRC staff and/or third party DOC approved agency supervisors.
- (3) Exception: Department Policy and Procedure 818.07 allows for the housing of an offender at a CRC based on space availability if

there is a delay between the time of release and the public transportation service departure. Upon release from incarceration, offenders awaiting transportation from the local area may reside temporarily at the CRC on a voluntary basis. Residents residing at a CRC as an exception to a regular program referral under Department of Corrections Policy and Procedure 818.07, will be required to sign a Community Residential Center Waiver, agreeing to abide by all CRC program policies and procedures.

d. **Court Ordered Placements**

(1) Judicial Supervision: Offenders placed in this supervision category are referred by the court and the level of supervision is determined by a specific court order. This category may include:

(a) Third Party: Individuals in unsentenced status for either a pending misdemeanor or felony, released from the Department of Corrections custody to the supervision of a Community Residential Center. These individuals are required to abide by specific court orders and CRC conditions until further action by the court, either sentencing or release.

(b) Drug Court: Community custody placements that are either in pre-trial or pre-sentence phase of their court process and are referred by the court for the specific purpose of participating in the Drug Court Programs.

**3) Statutory and Regulatory Provisions**: The statutory, regulatory, and service provision requirements vary for the offender populations listed. The populations may be housed within a single facility but shall be separated and managed separately to the extent necessary to comply with the current adopted CRC Standards. The applicable sections of Alaska Statutes and regulations covering these offender populations are included as an Attachment of the RFP. Current adopted CRC Standards governing services provision to these populations is included as **Attachment 14** of the RFP.

Q. Community Residential Center Operational Standards

The offeror must agree to abide by the minimum standards set out in the current adopted version of the Community Residential Center Operational Standards.

In addition, please present a plan for service provision of each of the specific items indicated below. Specify which (if any) services will vary for an offender population category. (Personnel policies are addressed under Chapter 3).

1. Physical Plant Sanitation-Hygiene-Housekeeping;
2. Safety and Emergency Procedures;
3. Food Service;
4. Program;

5. Medical Care and Health Service;
6. Resident Accounts;
7. Search and Surveillance;
8. Disciplinary Procedures;
9. Resident Removal;
10. Unlawful Evasion;
11. Use of Force;
12. Resident Grievances;
13. Records & Reports;
14. Citizen Involvement & Volunteers, and;
15. Monitoring & Evaluation.

R. Monitoring & Evaluation

In order to maintain quality services and ensure contract compliance, contact and communication between the Division of Institution and the contractor is essential. In addition to reviewing required reports from contractors, the department will conduct annual inspections of all community residential centers.

CRC inspection teams shall be selected by the Contract Oversight Officer, with representatives from DOC correctional institutions and field probation, whose responsibilities have required interaction with the CRC on a regular basis, or whose responsibilities require a knowledge of CRC standards and operations.

No later than sixty (60) days following the date of the inspection, the contractor shall receive a written report of the inspection team findings.

The contractor shall submit, within thirty (30) days of receipt of the inspection report, a written plan of action to address any area of non-compliance.

A contractor's failure to take appropriate corrective action will constitute a breach of the terms of the contract and may subject the contractor to appropriate action, up to and including termination of the contract.

S. PREA Compliance

The Contractor shall comply with the national standards to prevent, detect, and respond to prison rape under the Prison Rape Elimination Act (PREA), Federal Rule 28 C.F.R. Part 115. The Contractor shall also comply with all Department policies and procedures that relate to PREA to include but not limited to: conducting investigations, background checks, audits and training. The Contractor is responsible for all costs associated with PREA compliance, to include certification by an accredited auditor.

#### **4.04 Staffing and Human Resources**

##### **A. Staffing Plan/Vacancies**

The Contractor shall maintain a staffing plan and organizational chart that fully describes the facility organization and the relationships between functions, services and activities. The staffing plan shall identify any vacant or essential positions including but not limited to case management, food service, programs and security. The plan shall identify all security post assignments for the operation of all shifts, including any outside or off-premise assignments. The plan shall identify the minimum level of staffing that would be maintained on a daily basis for each functional area.

In addition to remedies provided in the contract document, the DOC may deduct from an invoice the Contractors' cost of any vacant position. "Vacant position" means any actual vacancy in a staff position in the institution engaged in the delivery or support of the operation and management services described in the proposal. It also includes a staff position that is filled with a person who does not possess the training, licensure, or credentials to perform the function. "Vacant position" does not include a vacancy in a position if the Contractor arranges for the service to be provided by another appropriately qualified individual, so long as the service is actually provided on the shift or during the hours and in the manner intended by the Contract. This adjustment shall not be considered a form of liquidated or actual damages, but is a withholding of payment for a service not received. Penalties related to staffing deficiencies or vacancies shall be imposed beginning thirty days from the date a position becomes vacant. For professional positions penalties will not be imposed until 60 days after the position becomes vacant. The amount of the penalty shall be equal to the position's salary and benefits as identified in the Contractor's budget document for the period the positions is vacant.

If the CONTRACTOR fails to fill a position as required or within the specified time-frame, see section 3.35 for penalties.

All positions identified in the response to this proposal will be assumed to be 40 hours per week unless otherwise stated. Unless expressly stated in the response, key supervisory positions identified will be assumed to be occupied by persons whose duties and responsibilities are exclusively associated with the management of Alaskan prisoners. The Contractor will be responsible to report the vacancy rate monthly on a form provided by the State.

The Contractor must maintain a contingency plan covering work actions or strikes and include this as part of their personnel manual.

##### **B. Staff Qualifications/Personnel**

The Contractor shall maintain job descriptions and qualifications for all facility positions, including the Director.

The Contractor shall provide personnel to deliver twenty-four (24) hour care and supervision of prisoners, as well as administrative, treatment, and support service personnel for the overall operation of the facility according to the staffing pattern described in the proposal.

No changes in that staffing pattern may be made except by written agreement of the State and the Contractor.

Daily security staff assignment rosters that reflect both scheduled and actual assignments by shift and for each post shall be maintained for the facility.

C. Pre-employment Screening

No applicant or subcontractor shall be offered employment or access to the facility until a criminal background check, employment background check and reference check, at minimum, have been submitted, verified, and processed by the Contractor. Staff having direct involvement with the operation of the facility must never have been convicted of a felony or a crime involving moral turpitude (no exceptions). All procedures, forms etc. will apply equally to all levels of employees.

Periodically all employee's criminal history will be rechecked.

D. Personnel Records

The Contractor shall maintain a personnel file for each employee that contains records of the background investigation, dates of employment, training records, performance objectives and appraisals conducted at least annually, disciplinary actions, commendations, and related records. All files shall be accessible to the employee and the DOC. Personnel requirements of the contractor shall convey to all on-site subcontractor personnel and volunteers.

E. Code of Ethics and Standards of Conduct

The Contractor shall adopt and assure compliance of policies and procedures similar to DOC Policy and Procedures 202.01, Code of Ethical and Professional Conduct and 202.15, Standards of Conduct. The Contractor shall submit their related policy and procedures to the DOC for review and approval. The contractor shall notify employees and subcontractors of the standards of conduct and document this information in the individual's personnel file. The employee shall sign an acknowledgment form stating he/she understands the standards of conduct.

If any employee of the Contractor violates any of the rules or standards set forth in the DOC ethics and standards of conduct policies or the equivalent Contractor's policies that have been approved by the DOC; the Contractor shall immediately appraise the Contract Oversight Officer by telephone, followed in writing within 72 hours. The DOC reserves the right to exclude from employment any person deemed by the DOC to be incompatible with the goals, mission, security or safety of its program.

F. Drug-Free Workplace

The Contractor agrees to comply with all applicable federal, state, and local laws relating to maintaining a drug-free workplace and further agrees to require all of its subcontractors to comply with the same.

G. Personnel Policies

The contractor shall develop written personnel policies that reflect the contractor's management philosophy and include the following:

1. Organizational chart;
2. Annual staff development plan;

3. Recruitment and selection procedures;
4. Promotion;
5. Job qualifications and job descriptions;
6. Affirmative action;
7. Grievance and appeal procedures;
8. Orientation;
9. Employee evaluation;
10. Personnel records;
11. Compensation, benefits, holidays, leave [annual, holiday, maternity and sick];
12. Hours of work; and
13. Disciplinary procedures, terminations and resignation.

The Contractor shall maintain written personnel policies available to all staff and accessible to employees. The policies shall assure equal employment opportunities, avoid any discrimination, address hiring practices, promotions, grievance procedures, staff development, performance appraisals, benefits, disciplinary procedures, and terminations. These documents shall be reviewed at least annually.

#### H. Collective Bargaining Agreement

The Contractor shall include in any Collective Bargaining Agreement applicable to the Facility, a provision that no strike will be held during the term of the Contract. It shall also include a provision that neither the Union or Management will call or support a strike.

In the absence of a Collective Bargaining Agreement, the contractor shall require their employees to sign an agreement that they shall provide uninterrupted service in return for adequate consideration including a grievance procedure and shall not strike or interrupt service without 10 days notice.

#### I. Security and Background Checks

The Department of Corrections reserves the right to refuse contractor utilization (for provision of services under the terms of any contract/subcontract awarded as a result of this RFP) of any individual deemed by the Director to pose a security risk. The Department of Corrections requires personnel providing contract services to comply with background checks. (See Section 2.08 and 3.13 for additional information on Background checks).

In addition, the 2010 Standards state: Prior to employing any individual providing services under DOC contract, the contractor will review a current certified copy of the Alaska State Department of Public Safety (D.P.S) record, notating any criminal history for the applicant and (the contractor will) exclude from any employment any person currently under DOC

supervision or indictment for any offense. DPS screening will be maintained in the employee personnel file.

In the event an applicant submits a DPS criminal history report with a reported FBI number the CRC Director will immediately provide written notification to the Contract Oversight Officer. The notification will include a Waiver and Authorization to Release Information Form signed by the applicant and witnessed by the Director and/or designee. The Contract Oversight Officer will then conduct a review of any additional criminal history information and discuss the findings with the CRC Director before offering employment to the applicant.

In the event the background investigation reveals the employee/applicant has misrepresented or omitted significant facts concerning his/her personal history, the contractor will not appoint the applicant and/or will discharge the employee if an appointment has been made, unless the Director of Institutions approves, in writing, the appointment of the employee/applicant.

The contractor must have adequately trained, physically able, paid security staff, awake and on the premises to provide 24-hour coverage, seven days a week.

- Minimum staffing requires two security staff members on duty on a 24-hour basis in facilities housing up to 25 residents; three staff, designated as security, must be on duty on a 24-hour basis in facilities housing 26 or more residents, four security staff for 100 residents and five security staff for 150 or more. Security staff will be assigned the specific responsibility of monitoring resident activity and maintaining the security of the facility and may perform additional duties that may be required.
- Case management staff, working with program offenders, should be allocated at a ratio of one for 50 - 60 residents.

The staffing pattern of the facility shall concentrate case management on the premises at times when most residents are available in the facility.

The contractor must maintain copies of job descriptions, for all staff positions performing services under this contract, which accurately describe duties for the position and include, at a minimum: job title, responsibility of the position, and the required minimum education and experience. The contractor will likewise maintain such information for any contract and sub-contract staff retained under this contract.

The minimum qualifications for all contract and sub-contract employees providing direct or indirect services under these established standards shall be:

- High school diploma or has passed a General Education Development (GED) test;
- Must be 19 years of age, or older at time of employment;
- Have a valid Alaska Drivers license and be insured by the contractor;
- Complete a full criminal background investigation to include fingerprints, NCIC/NLET check to determine criminal history;

- Never convicted (by a civilian court of Alaska, the United States, or another state or territory, or by a military court) of a felony;
- During the past ten (10) years not convicted (by a civilian court of Alaska, the United State, or another state or territory, or by a military court) of a misdemeanor crime that resulted in serious physical injury to another person;
- During the past ten (10) years, not convicted (by a civilian court of Alaska, the United State, or another state or territory, or by a military court) of two or more driving-while-intoxicated offenses or chemical test refusals;
- Never convicted of a crime of domestic violence;
- Never illegally manufactured, transported, or sold a controlled substance, and;
- During the past ten (10) years, not been convicted (by a civilian court of Alaska, the United State, or another state or territory, or by a military court) of a misdemeanor crime of dishonesty.

The minimum education and experience qualifications for the position of agency administrator (who directly supervises the CRC director/facility manager) are a Bachelor's Degree in one of the Social or Behavioral Sciences or a related field or four years of experience and training at the supervisory level.

The minimum education and experience for the position CRC Director (who directly supervises the CRC operation of 50 or more beds) is a Bachelor's Degree in psychology, social work, counseling, criminal justice and/or related field plus one (1) year management in the operation of a Community Residential Center (CRC); or three (3) years program management experience in the field of criminal justice, social work, community development, social services, or related field, one (1) year of which includes experience in the management of the operation of a CRC or in facilities similar to a CRC.

For facilities smaller than 50 beds: The above standards apply except that equivalent experience may be substituted for the one (1) year of experience in management of the operation of a CRC or in facilities similar to a CRC.

The contractor shall be required to provide the Contract Oversight Officer with a letter of appointment for all CRC Directors. The letter shall include such documentation as a current resume, job application and any prior work related evaluations demonstrating that the applicant meets the minimum qualification.

The contractor must maintain a complete, confidential and current personnel record for each employee. Written policy and procedure shall provide for the confidentiality of the record and provide for employee challenge of information that is in the file, which stipulates that the information may be corrected or removed if proved inaccurate or found to be in violation of personal privacy unrelated to employment.

The contractor shall develop a written policy and procedure, which provides for regular performance reviews of all employees. Such reviews shall be completed at least annually. The review must be written, discussed with the employee, and signed by both the employee and the evaluator.

The contractor shall have a written policy to prevent conflict of interest, which specifically states that no employee may use his or her official position to secure privileges or advantages.

An initial orientation shall be provided to all new employees during the first week of employment, with documentation maintained in the personnel file.

The contractor shall develop policy and procedure to address employee/resident allegations of sexual misconduct.

When the director becomes aware of an allegation, or allegations, of sexual misconduct the contractor shall immediately telephonically notify the Contract Oversight Officer of the employee/resident allegations of sexual misconduct. The contractor shall provide a written report detailing the allegation and/or violation of staff misconduct that violates the Code of Ethical and Professional Conduct, Standards of Conduct or violation of state or federal law. The contractors shall, after discussing the misconduct with the Contract Oversight Officer, notify local law enforcement to determine if an external investigation is required and to determine if criminal charges are to be filed based on any official law enforcement investigation.

Prior to employing any individual, providing services under DOC contract, the contractor will review a current, certified copy of the Alaska State Department of Public Safety (D.P.S.) Information Network (APSIN) record and a review of the National Law Enforcement Tracking System (NLETS) record in each state in which the prospective employee has resided. These record checks must be provided to the DOC, along with two (2) sets of fingerprints. The Contractor shall exclude from any employment any person currently under DOC supervision or indictment for any offenses. The criminal record check (if not done by the DOC) and one (1) set of fingerprints shall be maintained in the employee personnel file. In the event an applicant submits a D.P.S. criminal history report with a reported FBI number the CRC director shall immediately provide written notification to the Contract Oversight Officer. The notification shall include a waiver and authorization to release information form signed by the applicant and witnessed by the CRC director or designee. The contract oversight officer will then conduct a review of any additional criminal history information and discuss the findings with the CRC Director.

In the event the background investigation reveals the employee/applicant has misrepresented or omitted significant facts concerning his/her personal history, the contractor shall not appoint the applicant and/or discharge the employee if an appointment has been made unless the Director of Institutions approves, in writing, the appointment of the employee/applicant.

#### **4.05 Training**

The contractor shall develop an annual staff-training curriculum to provide CRC staff with essential training related to code of ethics, standards of conduct, use of force, surveillance, facility and resident searches, resident employment, suicide prevention, urinalysis collection and breath-analysis testing, disciplinary procedures and other related topics. All employees will participate in forty hours of training and education annually.

#### **4.06 Fiscal Management Practices**

##### **A. Indigent Prisoners**

The Contractor will provide for the needs of Indigent Prisoners consistent with DOC Policy 808.12 Photocopying For Prisoners, 810.03 Prisoner Mail, and 806.02 Prisoner Hygiene, Grooming and Sanitation. See Section 4.02 for the definition of “Indigent Prisoner”.

B. Resident Trust Accounts

The contractor shall develop a written policy and procedures that are in line with sound accounting practices. Additionally, the policy and procedures will govern the receipt and disbursement of resident funds, provide for financial assistance to the resident, allow the resident reasonable access to their funds, and ensure that the required subsistence and medical payments are collected.

Account ledgers must be established for each resident, which document all money deposited to and disbursed from their financial account. Residents should be provided reasonable access to these records.

Residents will not be authorized the use of any form of credit, automated teller machine, personal savings or checking account or other form of financial transaction, without specific prior approval of the CRC director and notification to the supervising probation officer. Offender supervision participants are responsible for their own finances, these include food, medical, dental, mental health treatment, and incidentals to maintain themselves in the community.

Residents must receive a receipt for all money deposited to their account and documentation of the resident's signature will be required for each disbursement.

For each program resident, the case manager shall assist in the development of a written budget and savings plan, which is updated periodically to reflect any change in resident earnings or liabilities and plans for release.

Program residents residing in the center will be required to submit twenty-five percent (25%) of their gross earnings, excluding personal gifts, (not to exceed the contracted tiered pricing bed rate) to the State of Alaska. Earnings are defined as wages, salaries, commissions and tips earned by the resident during the period in which they reside in the CRC.

All furlough, probation/parole, and restitution residents who have been court-ordered to pay fines and/or restitution shall be responsible for setting up a payment schedule with their case manager once employment has begun, or if sufficient funds are available in their Resident Trust Account. This amount will normally be specified on the furlough agreement or court paperwork but in the absence of such guidance, the amount will generally be twenty percent (20%) of their net wages.

Offender supervision participants are required to submit payroll receipts showing gross income and hours worked as verification of their employment. The offender is responsible for the payment of twelve and a half percent (12.5%) of gross earnings to the State, to be collected by the CRC.

The contractor shall verify resident earnings by the verification of residents' rate of pay and review of employed hours. Copies of all residents' pay stubs will be kept in their case file.

As appropriate, the following disbursements will be incorporated into each resident's budget plan:

- 25% of gross earnings subsistence payment (Not to exceed the cost of care).
- Support to the dependents of the resident and child support payments as required by AS 09.65.132 and specified by the court.
- 20% of net earnings for any restitution or fine ordered by the court.
- Any civil judgment arising out of the criminal conduct of the resident.
- Reimbursement to the State for an award for violent crimes compensation arising out of the criminal conduct of the resident.
- Any disciplinary sanction wherein restitution or reimbursement is outstanding.
- The resident's account.

No later than the 20th of each month, the contractor shall submit to the contract oversight officer, a monthly residents financial report detailing all residents' earnings, account deposits and disbursements to include restitution, fines paid and subsistence collected, with a check for the total residents' subsistence collected.

The CRC will withhold twenty-five percent (25%) of the resident's gross earnings while residing in the CRC with the exception of each resident's last paycheck accrued, but not scheduled to be received prior to the resident's release from the CRC.

For any resident who unlawfully evades custody, the CRC will forward all funds in that resident's trust account to the Contract Oversight Officer for deposit into the General Fund.

Residents found in possession of funds not authorized by the CRC or the supervising probation/parole officer will have those funds treated as contraband in accordance with AS33.30.261. If, after a disciplinary hearing, a resident is found to have been in possession of contraband funds, they shall be forfeited to the state and forwarded to the Contract Oversight Officer for deposit into the general fund.

The contractor shall ensure all resident accounts established with financial institutions by the contractor for the safe keeping of resident funds will be a non-interest bearing account.

C. Resident Funds From Outside Sources

Residents are permitted to receive funds from outside sources.

D. Financial Audit

The contractor will be required to obtain a complete financial audit by an independent Certified Public Accountant, according to generally accepted accounting standards, when the contract amount is equal to or greater than \$150,000.00 annually. A copy of the completed audit covering funds expended from each State fiscal year must be submitted to the Anchorage Correctional Complex – West, Classification Unit, Contract Oversight Officer, 1300 E. 4<sup>th</sup> Avenue, Anchorage, Alaska 99501 by no later than (90) days following the end of the Contractor's fiscal year end. In the event that the contractor's

fiscal year differs from the State fiscal year, an extension may be granted by the Director of Institutions or designee upon submission of a written request by the contractor prior to the audit deadline.

#### E. Fiscal Reports

The Department may modify the content and format of fiscal reports during the course of the contract period. Prior to the implementation of any new reporting requirements, the Department will consider the resources necessary to implement any new change. The contractor will be required to comply with any new reporting requirements.

- The contract agency operates under an annually written budget of anticipated revenues and expenditures, which is approved by its governing authority.
- The contractor has a budgeting and accounting system, which links the cost of program function to the resources necessary for their support.
- Written policies govern revisions in the budget.
- The contractor has a written policy and procedure that specifies that the methods used for receipt, safeguarding disbursement and recording of funds comply with accepted accounting procedures. The policy shall include at a minimum: internal controls; petty cash; bonding; signature control on checks; resident funds and employee reimbursement.
- The contractor will submit their quarterly financial report which compare actual expenditures to budget authorization for each major expenditure category. Explanations shall be provided for category variances in excess of 10%. Submission of these reports is required no later than forty-five (45) days following the end of the State fiscal quarter. These reports will be submitted to the Anchorage Correctional Complex – West, Classification Unit, Contract Oversight Officer, 1300 E. 4<sup>th</sup> Avenue, Anchorage, Alaska 99501.
- A contract agency that does not have a federally approved indirect-cost rate may include administrative costs in the budget. These costs must be identified in the budget as direct costs.
- The contractor shall ensure all resident accounts established with financial institutions by the contractor for the safe keeping of resident funds will be a non-interest bearing account.

#### 4.07 Resident Management Practices

##### A. Resident Communication

The Contractor shall make available to residents, written communication forms for the purpose of contacting staff to resolve questions and problems. The Contractor's staff shall provide timely answers.

##### B. Resident Reception and Orientation

The contractor shall develop a written policy and procedure which details the intake process of residents to the facility.

Upon admission, an intake form shall be completed which includes at a minimum:

- Offender Number;
- Name;
- Address;
- Date of birth;
- Sex;
- Race or ethnic origin;
- Reason for referral;
- Who to notify in case of emergency;
- Date of information gathered;
- Name of referring and/or supervising probation officer;
- Special medical problems or needs;
- Legal status, including the length and conditions of the sentence;
- Resident case record number; and
- Signature of both the resident and the staff taking the information.

The contractor's intake policy and procedure shall stipulate that each resident receives an orientation to the program, which includes, at a minimum:

- Services available to residents;
- Fire safety and emergency procedures;
- Rules of conduct and disciplinary procedures;
- Program goals; and
- The use of public transportation system (in metropolitan areas).

The resident shall have the opportunity to review and discuss the orientation information, which is verified by the signatures of the resident and the staff providing the information.

The contractor's written policy shall stipulate that assistance will be provided to residents who have learning disabilities or language barriers which could prevent the resident from learning or understanding center rules or the requirements of placement.

C. Rules and Discipline

The contractor shall develop a written policy and procedure, which details the rules of the facility, disciplinary procedure and time lines and the sanctions, which may be imposed for violations of these rules.

The contractor shall submit, to the DOC Contract Oversight Officer, the list of sanctions, which may be imposed for violations of center rules. These sanctions may include reprimand, restriction to the facility, extra community work service, loss of level status, loss of recreational privileges, and similar action. Changes to this approved list of sanctions must be approved by the contract oversight officer prior to implementation.

Certain sanctions may occasionally have an impact on the resident's ability to perform his or her employment, but restriction from employment in and of itself may not be used as a disciplinary measure.

The contractor shall provide a written policy and procedure stating that residents are not to be subjected to unusual punishment, mental abuse or punitive interference with the daily functions of living, such as eating or sleeping.

The contractor shall develop a written policy and procedure detailing the process by which the resident may appeal these disciplinary actions and sanctions to an impartial authority that has played no role in the disciplinary process. This appeal process need not be applicable for house rules violations.

Upon admission to the facility, each resident shall receive a copy of these rules, disciplinary process, and sanctions. Documentation of receipt and understanding, with resident signature, must be maintained in each resident file.

The rules of the facility shall be posted in a prominent place. CRC staff shall enforce the rules of conduct uniformly and without prejudice, or favoritism towards any resident or class of residents. The facility rules must clearly state that sentenced and unsentenced misdemeanant and restitution placements have no specific rights to be admitted to or remain in the facility and they may be removed and returned to the physical custody of the Department at any time and for any reason at the discretion of the department.

A record of all disciplinary action shall be maintained in each resident's case file and detailed on the monthly resident progress report to the supervising probation officer.

Article 5 of the Alaska Administrative Code, Programs, 22 AAC 05.300 (g) subjects a prisoner housed in a contract facility to the provisions of Article 6 of the Alaska Administrative Code, Discipline, Section 05.400 through 05.480 defines prohibited acts for persons in correctional facilities by severity categories: Major, High Moderate, Low Moderate and Minor. These prohibited acts are applicable to all offenders in a CRC and shall be incorporated into the contractor's disciplinary procedures.

#### D. Housing of Residents

The contractor shall provide documentation that the facility complies with all provisions of the applicable zoning ordinances, and building codes; this includes mechanical devices (e.g. boilers, elevators, etc.) requiring periodic inspections and certifications, as well as applicable provisions of the Americans with Disabilities Act.

All sleeping areas shall be well lit, ventilated and provide some degree of privacy.

Residents are required to participate in the general cleanliness and maintenance of the overall center, their individual units, and their personal living areas.

Residents may decorate their personal living areas with personal items that do not display nudity or sexual acts/behavior, promote or advertise alcohol or other drugs, or imply racist or prejudicial attitudes.

The contractor shall ensure that residents are afforded a reasonable degree of privacy. Co-educational facilities must provide for separate sleeping, bathing, and toilet facilities by gender.

The contractor's facility shall be accessible to the physically handicapped and must provide equal access and services to residents, visitors, and staff.

Designated program space must be available for counseling, visiting and recreational purposes and should provide residents with the opportunity for recreational and leisure time activities.

The contractor shall outline, at the time of the original proposal, any security devices to be utilized in the facility.

At a minimum, the facility must have one (1) operable toilet for every ten (10) residents, one (1) shower, or bathing area for every eight (8) residents and one (1) wash basin for every six (6) residents.

The facility shall have one (1) operable washer and one (1) operable dryer for every sixteen (16) residents or the equivalent laundry capacity will be available within one (1) mile of the facility, or the contractor shall make alternate arrangements for service.

Telephone facilities will be accessible to all residents.

#### E. Resident Grievances

Residents shall have the ability to air grievances related to the facility conditions, services, and treatment in accordance with DOC policy 808.03 Prisoner Grievances.

The Contractor shall provide, at their expense, someone designated as a Grievance Coordinator.

The Contractor shall develop a written policy and procedures, which governs the resident grievance procedure similar to those described in Alaska Administrative Code 22.05.185. It should be noted that matters concerning classification and discipline may not be subject to a grievance, but must only be raised through an appeal of those actions.

If the grievance filed is against the Department of Corrections, form 808.03 (c) shall be used and procedures outlined in DOC Policy and Procedure 808.03 followed. Grievances alleging failure to provide medical, dental, or mental health services are to be logged in the facility grievance log and forwarded to probation officer.

No later than the 20th day of each month, the contractor will forward copies of all completed grievances to the contract oversight officer for review.

The contractor shall utilize a grievance log to record all action relating to resident grievances, to include:

- Resident's name;
- Resident status;
- Date grievance filed;
- Subject matter;
- Investigator assigned & date;
- Date findings received;
- Date decision returned to resident;
- Appeal request; and
- Final action taken.

#### F. Resident Death

In the event of a death of a resident, the Contractor must immediately contact law enforcement if it appears criminal activity was involved. For any death, the Shift Supervisor of the closest correctional institution will be notified immediately. The Shift Supervisor will notify the Superintendent. The DOC will be responsible to notify the next of kin.

The costs of disposition of the body will be borne by the DOC. The Contractor is responsible to obtain a certified copy of the death certificate and forward it to DOC.

#### G. Research

Any research conducted by the Contractor will be consistent with DOC Policy 501.02, Research Activities.

#### H. Use of Force

The Contractor must follow Alaska policy 1208.09, Use of Force. If the contractor requests to use an alternative policy, this must be approved in writing by the Director of Institutions.

The contractor shall develop a written policy and procedures, which govern the use of force in the facility, prohibit the use of personal abuse and corporal punishment, with the safety of residents and staff to be given the highest priority.

The use of physical force shall be resorted to only:

- In instances of justifiable self-defense;
- To prevent harm to others;
- To prevent self-inflicted harm; and

- To prevent loss or damage to property.

Only the degree of force necessary to control the resident shall be utilized and must terminate once the resident is subdued.

The presence of firearms, stun guns, pepper spray/mace, or restraints is prohibited in the CRC.

Incidents involving the use of any degree of force by contractor staff shall be reported telephonically to the supervising probation officer and the Contract Oversight Officer immediately, with a written report forwarded within twenty-four hours of the incident. A copy of the report shall be maintained in the resident file.

#### I. Transportation of Residents

Include a brief plan for offender transport to and from closest institution, and to and from work (if public transportation is not available). Include costs in budget and budget narrative section. The offeror will be responsible for establishing regularly scheduled transportation routes between the hours of 1000 and 1900 in order to provide transportation for a minimum of the following (see standards for more detail):

- Initial transfer of offenders from State Correctional Center to CRC facility, six (6) days a week;
- Employment, education and treatment needs not provided by the public transportation system.
- Regularly scheduled medical appointments at the designated state Correctional Center and other scheduled medical appointments where public transportation is not feasible. Regularly scheduled is defined as: those appointments scheduled in advance as well as those scheduled with little or no notice to CRC staff, and are required during normal transport hours (1000 to 1900 six days a week). Most of these transports will require round trips between the designated state Correctional Center and the CRC facility.
- The specific hours of contractor provided transportation routes will be established by mutual agreement of the DOC and the successful offeror.

#### J. Escapes or Unlawful Evasion

The contractor shall develop a written policy and procedure designed to effectively detect unlawful evasions and provide for the prompt notification of the appropriate DOC official. In accordance with A.S. 11.56.340, a resident commits the crime of unlawful evasion if, while charged with or convicted of a felony or a misdemeanor the resident fails to return to the place of confinement or residence within the time authorized by the CRC.

The Contractor shall provide a detailed security plan and procedures for notification of DOC Officials. Notification: In addition to requirements as specified in the current adopted CRC Standards (Page 74-75), the successful offeror will be required to notify the Contract Oversight Officer within twenty four (24) hours of any escape/or evasion from the CRC.

The determination that a resident has unlawfully left an approved location shall be made immediately upon determining that a resident is not where they should be and all efforts to locate the resident have failed. Efforts to locate the resident, prior to notifying the appropriate DOC official, will not exceed one hour.

Furlough, restitution, confined and unsentenced placements who are determined to have unlawfully left from a CRC, are subject to prosecution under the criminal laws of the State of Alaska or any local municipal ordinances.

K. Arrest Authority

The Contractor will comply with all state laws regarding authority to arrest. The extent of arrest authority will be documented in writing by the law enforcement agency with jurisdiction. This documentation will be forwarded to the Director of Institutions within 30 days of the Service Commencement Date. Note: arrest authority remains with the DOC. Contractor must only comply with any authority to arrest requirements.

L. Delivery and Return of Residents

Upon demand by the DOC, the Contractor will relinquish to the State, physical custody of any resident, unless the Contractor's compliance would cause the Contractor to violate the order of a court of competent jurisdiction.

M. Searches of Residents and Center Areas

In order to ensure effective control of contraband and to locate lost or stolen property, the contractor shall develop written policy and procedure requiring the systematic search of facility common areas and resident living quarters.

All searches of prisoners must be done in accordance with DOC Policy 1208.08 Searches of Prisoners and Institutional Areas or a Contractor's policy that has been approved in writing by the Director of Institutions.

N. Reporting of Daily Count

The successful offeror will be responsible for the reporting of daily offender counts to all local correctional institutions and to the central classification office. This report will be as of: Midnight, 00:01 a.m. daily, and according to bed type as follows:

- Female Beds;
- Confined, Restitution Center, and Unsenteded Misdemeanant;
- Probationers/Parolees;
- Furloughees.

O. CRC Program

The core of any adult community residential center is the program it offers. This program must be responsive to the residents' individual and collective needs and provide increasing opportunities for residents' independence and responsibility. The residential community program is most effective when it helps direct the focus of correctional efforts in a careful balance between custody/control and assistance. At a minimum, the

residential community program seeks to release residents to the community with an established residence, means of financial support, and a network of community support to assist in further transitional issues.

The following program elements shall be developed:

- Individual Case Management and training related to acquiring appropriate employment, job training, academic and vocational opportunities, money management skills, re-establishment of family ties and adjustment to the CRC and the community.
- The program provides comprehensive case management services and referrals based on individual need through in-house or referrals to community providers.
- Assistance with all aspects of community transition, to include addressing offenders' needs for employment, housing and aftercare counseling referral.

#### **4.08 Security and Control**

##### **A. General Statement**

The Contractor is responsible at all times to provide security and control of residents.

##### **B. Intelligence Information**

A policy must be established for collecting, analyzing and disseminating intelligence information regarding issues affecting safety and security. Criminal behavior must be investigated and referred to local authorities.

##### **C. Tool Control**

A policy must be established that requires controlled tools and equipment to be classified by security risk and those most likely to be used as a weapon or in an escape must be used only with direct staff supervision.

##### **D. Counts**

The contractor shall develop a written policy and procedure designed to maintain resident accountability, both in the facility and in the community.

##### **E. Master Control Center / Communication System**

A control center will be provided for integrating security, program and communications functions. The control center shall be staffed as a 24-hour post and access shall be limited to authorized personnel only.

##### **F. Key Control**

The Contractor must have a procedure for the maintenance and security of keys and locking mechanisms. The policy must define which keys are allowed to be checked out and must prevent 24-hour keys from check out.

Emergency keys shall be available for all areas of the facility to which emergency access or egress may be necessary.

G. Control of Contraband Introduction

The Contractor shall have written policies for the detection, control and disposition of contraband. The policy must include provisions for resident and visitor searches. The policy must include procedures for searches of the facility, residents and others on the premises.

H. Documentation

The Contractor shall maintain written policies that require the facility to maintain shift logs that documents personnel on duty, counts, admissions/releases, shift activities, entry and exit of staff and visitor and any unusual shift occurrences.

I. Off Grounds Security/Transportation

Transportation of residents off grounds are at the Contractor's expense.

The Contractor shall provide security at all times for residents assigned to its care.

J. Emergency procedures

The contractor shall have a written policy and procedure that specifies the facility's fire prevention regulations and practices to ensure the safety of staff, residents, and visitors.

K. Substance Abuse Testing

The Contractor shall provide for drug and alcohol urinalysis. Testing will be random or for cause. Should residents request a blood test to confirm a positive finding, arrangements must be made, at the resident's expense for this. This must be included in the Contractor's policy.

L. Search and Surveillance

1. Search Procedures:

In order to ensure effective control of contraband and to locate lost or stolen property, the contractor shall develop written policy and procedure requiring the systematic search of facility common areas and resident living quarters.

All residents are subject to clothed body searches (pat down) on a random basis and at any time staff suspects the presence of contraband. The contractors written policy and procedure must ensure that a staff person of the same gender conducts these searches in the greatest degree of privacy available.

2. Surveillance:

In addition to community contacts required for employed residents, the contractor shall ensure that random surveillance of residents is conducted at their place of employment, during pass time and all other activity in the community.

#### M. Disciplinary Procedures

Article 5 of the Alaska Administrative Code, Programs 22 AAC 05.300 (g) subjects a prisoner housed in a contract facility to the provisions of Article 6 of the Alaska Administrative Code, Discipline. Section 05.400 through 05.480 defines prohibited acts for persons in correctional facilities by severity categories: Major, High Moderate, Low Moderate and Minor. These prohibited acts are applicable to all offenders in a CRC and shall be incorporated into the contractor's disciplinary procedures.

The Contractor shall develop a written policy and procedure, which details the rules of the facility, disciplinary procedure and time lines and the sanctions, which may be imposed for violations of these rules.

The Contractor shall submit, to the DOC Contract Oversight Officer, the list of sanctions, which may be imposed for violations of center rules. These sanctions may include reprimand, restriction to the facility, extra community work service, loss of level status, loss of recreational privileges, and similar action. Changes to this approved list of sanctions must be approved by the Contract Oversight Officer prior to implementation.

The Contractor shall provide a written policy and procedure stating that residents are not to be subjected to unusual punishment, mental abuse or punitive interference with the daily functions of living, such as eating or sleeping.

The Contractor shall develop a written policy and procedure detailing the process by which the resident may appeal these disciplinary actions and sanctions to an impartial authority that has played no role in the disciplinary process. This appeal process need not be applicable for house rules violations.

#### N. Resident Removal

The contractor shall develop a written policy and procedure which details for staff and residents, the conditions and processes by which a resident can be removed from the program and specifies that residents being returned to custody from the program will be transported by the Department of Corrections unless contract provisions stipulate another method.

Furloughed residents may be removed from the CRC for violation(s) of their furlough conditions prior to completion of the program in accordance with DOC Policy and Procedure 818.02.

- If a violation of the conditions of the pre-release furlough is alleged, the CRC director shall immediately notify the probation officer or, if the probation officer is unavailable, the shift supervisor of the appropriate state correctional institution designated on the pre-release furlough agreement. The center shall forward a written report to the probation officer/shift supervisor as soon as possible but, no later than before the staff member goes off duty.
- If, as a result of the alleged violation, the probation officer or shift supervisor determines that a furlougee presents an immediate threat to public safety or to the security of the CRC, the probation officer or shift supervisor will have the resident returned to the state correctional institution.
- A furlougee who is alleged to have violated the conditions of a furlough but who does not, in the opinion of the probation officer or shift supervisor, present

a threat to public safety or the security of the center, may not be returned to actual confinement in a state correctional center until a preliminary hearing is held at which a determination is reached that there is probable cause to believe that the violations occurred.

- The CRC director or designee will provide written notification at least twelve (12) hours in advance to the furlougee of the date and time of the preliminary hearing. The written notice will include the statement that the purpose of the hearing is to determine whether probable cause exists to believe the furlougee has violated the conditions of the furlough and what conditions are alleged to have been violated.
- A copy of the written summary of the hearing officer's decision, which includes the determination as to whether probable cause exists to believe the resident violated conditions of the furlough, shall be delivered to the furlougee.

A furlougee returned to actual confinement in a state correctional facility must be granted a classification hearing within seven (7) days to determine whether the pre-release furlough will be terminated or continued.

If the furlough is continued, the furlougee shall be returned to the CRC as soon as space is available or placed on the waiting list for space if it is not available.

Probation and parole residents may be removed for violation(s) of their placement conditions prior to completion of the program. The supervising probation/parole officer must be notified by the CRC director prior to the removal or violation of the resident. The CRC must submit a copy of the violation report to the supervising probation/parole officer within 24 hours of the removal of a probationer or parolee. If a violation constitutes a violation of law, the appropriate local law enforcement agency will be notified.

The contractor's rules shall clearly state that unsentenced misdemeanants, confined misdemeanants and restitution placements have no specific rights to remain in the CRC and that they may be removed and returned to the physical custody of the DOC at any time, and for any reason, at the discretion of the Department of Corrections.

Unsentenced, confined, and restitution placements who are suspected of committing low moderate or higher infractions or repeated violation of rules, may be returned to the nearest correctional institution without a preliminary hearing.

Judicial placements that have violated conditions of placement and/or are non-compliant with CRC rules will be referred back to the designated legal authority.

#### **4.09 Facility Requirements**

##### **A. General Statements**

The facility must be in full compliance with applicable zoning ordinances and applicable building, fire, and life safety codes as well as applicable provisions of the Americans with Disabilities Act.

The facility must be able to accommodate prisoners with disabilities and meet ADA compliance. A minimum of 2% of the housing units shall be capable of accommodating disabled prisoners.

B. Safety, Sanitation and Health Standards/ Life Safety

The Contractor shall ensure that safety, sanitation, and health standards are maintained at all times for the welfare of offenders, facility staff, visitors, and others to include:

- National Fire Protection Association Life Safety Codes as well as all local, state, and national health and safety codes. In the case of a conflict in these, the most stringent will apply.
- A smoke alarm system that complies with applicable NFPA Standards. The system must be hard wired into an annunciation panel at a manned 24 hour location. Fire extinguishers shall be maintained in a fully charged condition and shall be inspected at least monthly.
- A written fire and emergency evacuation plan, including diagrams that are communicated to all staff and prisoners must be clearly and prominently posted in all areas. These shall indicate the location of all exits, fire extinguishers and the location of first aid supplies.
- Evacuation drills shall be done at least quarterly. Staff must be trained in the implementation of all written fire and emergency plans.
- Fire retardant bedding, pillow and mattress that do not contain petroleum-based synthetic materials such as polystyrene or polyurethane.
- Trash and vermin control.
- Weekly cleanliness inspections of all areas.
- Weekly laundering of clothing and bedding at no cost to the prisoner. Clarification: Weekly laundering of clothing is to be provided at no cost to indigent prisoners only. The contractor must provide weekly bedding, linen and towel laundering.
- Personal hygiene items for indigent offenders.
- A comprehensive housekeeping and maintenance plan to include Infectious Disease control.
- A safety program operated consistent with OSHA Standards.
- Sufficient outside lighting to illuminate the entire perimeter.

C. Facility and Location

1. **Facility description and location.** A brief description of facility and its location are to be included in the body of the proposal. The DOC will perform site visits to inspect facilities. Acceptance of proposals is contingent upon potential vendor's location meeting DOC facility requirements as set out in section 4 of the RFP, and building codes, ordinances, etc.

2. **Facility Leasing/Ownership.** In the body of the proposal, briefly describe the ownership and lease arrangements of the facility. Copies of actual documentation, purchase or lease/rental agreements are to be included in properly labeled appendices. Documents should detail arrangements from the offeror, through any intermediaries, to the current owner of the property; and should provide verification of rental, lease or owner's payment and agreement information.
3. **Facility Detail Information:** The following information is required and should be placed in the Facility appendix:
  - Vicinity Map - showing location of facility and surrounding road access.
  - Address/Location Map (larger scale) -- a "taxi", real estate, or street map that shows house numbers and cross streets of the location.
  - Photos of exterior, all four side views and any outlying buildings and parking areas.
  - Copy of the as-built survey for the site (an "as-built" is the city drawing of the building location on the property).
  - Interior Building Layout, to scale, with square footage and planned occupancy per room, showing offender rooms, bathrooms, common areas and any office areas.
  - Description of heating, electric, water, sewer and fire protection systems.
  - Number of parking spaces.
  - Site plan showing road access and/or description of ingress/egress.
  - Distance from closest access to public transportation or city center for work or employment.
  - Distance from closest institution, for pick up of offenders.
  - Aerial distance from nearest: bar; liquor store; licensed day care center; and school.
  - Street distance from nearest fire station.
4. **Site visit, inspection, and verification rights.** The Department reserves the right to conduct site visits, walk throughs, and to independently contact the appropriate agencies, records, or persons to verify the availability of the facility and compliance with codes, permits, taxes, or other requirements necessary to allow the operation of the proposed program. The department reserves the right to disallow a proposed site for security or safety reasons.
5. **Codes.** Facility must comply with all applicable federal, state and local codes. In the event there is a discrepancy in requirements between a local code, a state code, and a national code, the most stringent requirement will apply.

D. Zoning and Permits

**Zoning must be completed at the time of proposal submissions. If zoning is not in place, indicate in your proposal that it is not complete, and describe the item(s) and timeline needed to receive a zoning permit.**

The offeror **MUST** fill out and submit the Verification of Approved Zoning Form (Attachment 12). The offeror **MUST** indicate any restrictions placed upon occupancy (types, numbers, etc.) by the local government agencies or community councils. If zoning approvals are not completed, the offeror **MUST** indicate:

- which steps have been completed and dates completed;
- which steps need to be completed; and
- the time schedule and estimated date(s) of completion.

Proposals that do not have zoning or approvals completed at the time of submission will be evaluated on the extent to which they have completed the process, the needs of the department, and the acceptability and reasonableness of their schedule to obtain zoning within the time frame. Exact start-up dates may be negotiated with provider(s) reasonably susceptible for award.

**Misdemeanant and Felon Populations.** Anchorage only: Anchorage zoning restrictions may preclude facilities that house felons from some zoned areas. The department will consider proposals for facilities that cannot house all categories of offenders if the limitation is due to local zoning prohibitions (i.e., a facility that houses only Misdemeanants).

**State not responsible for zoning and code compliance.** It is the sole responsibility of the potential vendor to comply with zoning, conditional use, location approval, and other codes or permits, and to inquire of any local, state or federal agencies as to those requirements.

E. Physical Plant

The contractor shall provide documentation that the facility complies with all provisions of the applicable zoning ordinances, and building codes; this includes mechanical devices (e.g. boilers, elevators, etc.) requiring periodic inspections and certifications, as well as applicable provisions of the Americans with Disabilities Act.

The facility must be located within one mile of public transportation or the contractor will ensure that alternate transportation is available to residents.

All sleeping areas shall be well lit, ventilated and provide some degree of privacy.

Each CRC shall provide a minimum of 150 square feet per resident. The square footage of each facility is calculated by including all bedroom, kitchen, bathroom, and living, recreational and other common use areas of the facility. Closets, utility rooms, garages and other areas not ordinarily used for living areas, will be excluded from the square footage calculations. In facilities providing common dining areas, residents must have a minimum 100 square feet of space. The department will inspect each facility and a capacity limit established based upon the minimum square footage calculation described above. *Note:* The Department may allow minor deviations from these square footage

requirements when a determination is made that the deviation will not result in an adverse impact on the health and safety of the residents, or the orderly operation of the facility.

Designated program space must be available for counseling, visiting and recreational purposes and should provide residents with the opportunity for recreational and leisure time activities.

The contractor shall outline, at the time of the original proposal, any security devices to be utilized in the facility.

F. Sanitation/Hygiene/Housekeeping

The contractor shall provide documentation demonstrating that the facility complies with all applicable sanitation and health codes.

The contractor shall ensure that the facility and surrounding area remain clean and in good repair.

The contractor shall develop written policies and procedures for effective vermin and pest control, trash and garbage removal.

The contractor shall develop a written policy and procedure that requires weekly sanitation and safety inspections of all internal and external areas and equipment. Documented follow-up, to ensure proper and timely corrective action is taken on discrepancies found during these inspections, shall be completed and retained for review.

When a resident is indigent, the contractor shall provide personal hygiene articles to include toothbrush, tooth paste, soap and comb at no cost to the resident.

The facility will be non-smoking for staff and residents.

**4.10 Case Management and Parole Planning**

A. Case Management

The Contractor will ensure that there is a case manager to resident ratio of one to 50 - 60 and that the case manager maintains individual files documenting each resident's program goals, employment, programmatic involvement, and any other significant events.

The Contractor will provide release services to include regular progress reports as required by the State and release planning.

B. Alaska Parole Process

At the request of the DOC staff or the Parole Board, Contractor shall provide prisoner's progress reports summarizing prisoner progress, conduct and recommendation for retention at Contractor's facility.

**4.11 Records and Reporting**

A. Sentence Computation

The Contractor will provide to the Department any necessary information for sentence computation. The Department will do all sentence computation. Copies shall be furnished to the Contractor and Contract staff shall provide this to the resident. No resident will be admitted to or released from the Facility without permission from the DOC.

**B. Records and Reports**

The Facility will maintain resident records at their sole expense in accordance with applicable Department record keeping practices and shall adhere to federal, state and local laws governing confidentiality. Criminal history, a judgement and sentence, recent classification actions and infractions will be provided to the Contractor.

**1. Resident Records:**

The Contractor shall develop and operate an organized system of information collection, recording, reporting, storage and retrieval, designed to ensure confidentiality and minimize the possibility of theft, loss or destruction of all resident case records.

**2. Facility Records:**

The Contractor shall develop a written policy and procedure, which require the systematic documentation of resident activity and compliance with standards established for their placement.

**3. Monthly Activity Reports:**

Monthly activity reports must be submitted to the Contract Oversight Officer detailing monthly program activities on a form provided by the DOC.

**4. Contract Records:**

The Contractor shall retain contract records, to include records of receipt and disposition of contract funds, resident files, resident residency logs, financial files, and facility operational logs and documentation, for a period of three (3) years with the following qualifications:

- The contractor will retain the records as long as an audit is in progress or as long as audit findings, litigation, or claims involving the records are pending; and
- The retention period for each year's records begins on the first day of the contract fiscal year.

**4.12 Resident Programs**

**A. Recreation program**

Time, space and equipment must be provided which encourages healthy leisure activities.

Day rooms must be provided for indoor leisure activities and will be equipped with televisions, furniture, games, etc.

B. Volunteer Program

A volunteer program shall be developed within the Facility to provide support groups and religious opportunities. Programs should include offerings from a variety of faith and non-faith based offerings presented by individuals who have passed background investigations. Groups such as Alcoholics Anonymous and Narcotics Anonymous should be included.

C. Visitation

Visitation must be provided for at least four hours per day, four days per week. Special visits must be allowed for approved visitors who have traveled long distances. Such approvals must be made in advance.

Arrangements will be made for visits with attorneys per DOC 810.02, Visitation.

D. Community Work Service Plan

The offeror **MUST** submit a plan for service that includes a community work service component for furloughees, confined misdemeanor and restitution placements. The offeror **MUST** demonstrate a plan for or liaison with Federal, State and/or local government agencies as well as other recognized public agencies and organizations for the purpose of developing and promoting community service projects.

E. Citizen Involvement & Volunteers

In accordance with AS 33.30.171, the commissioner shall appoint a community advisory committee for each center, to consist of five members of the community in which the center is located. The committee shall act as a liaison between the community and the department regarding concerns with the center.

#### 4.13 Support Services

A. Mail

The Contractor shall handle and provide delivery of resident mail and correspondence in accordance with DOC Policy 810.03, Prisoner Mail. Five pieces of mail weighing no more than two pounds each may be mailed out for indigent prisoners per week. This is not intended for mail out of property or hobby craft items.

B. Telephones

Telephone facilities will be accessible to all residents.

Legal calls cannot be recorded or monitored. Arrangements must be made for prisoners to receive calls from their attorney.

C. Laundry

The facility shall have one (1) operable washer and one (1) operable dryer for every sixteen (16) residents or the equivalent laundry capacity will be available within one (1) mile of the facility, or the contractor shall make alternate arrangements for service.

D. Personal Clothing and Items

The Contractor will determine the amounts and types of personal clothing and items residents are allowed. Property lost or damaged when in control of the Contractor will remain the sole responsibility of the contractor.

E. Food Services

Food Services will be provided consistent with DOC Policy 805.01, Food Service Standards and 805.02, Food Service Safety and Sanitation.

Special diets will be provided to prisoners consistent with DOC policy 805.03, Special and/or Religious Diets or Meals. The menu rotation must be at least every four weeks.

A registered dietician or nutritionist must review and approve the nutritional value of the menu, annually if fixed and semi-annually if the menu is not fixed or whenever the menu changes substantially. A copy of each new menu shall be forwarded to the Contract Oversight Officer. Costs associated with providing dietician services is the responsibility of the contractor. All meals will meet the recommended daily allowances and the dietary guidelines as set by the current version of the American Dietetic Association.

The contractor shall have written policy and procedures, which allow subsistence food items to the extent that the adequate health and safety concerns are maintained in accordance with Department of Environmental Conservation (DEC) guidelines. (REF: 18 AAC 31.210 and 18 AAC 31.205)

F. Facility Supplies

The Contractor will provide facility supplies that include general hygiene items, towels, linens, office and building cleaning supplies.

G. Health Care Services

It is the responsibility of the Department of Corrections, to provide essential medical and dental services to unsentenced misdemeanants, confined misdemeanants, restitution, and furloughed residents residing in a CRC.

The Contractor shall assist probation/parole placements in identifying available community resources to meet their medical and dental needs and will maintain a written agreement with a licensed general hospital, clinic or physician to provide both routine medical and emergency service to residents on a 24 hour a day basis.

The Contractor shall develop a written policy and procedures to provide for the medical examination of any resident or employee suspected of having a communicable or debilitating disease.

The Contractor must ensure that at least one (1) staff member present on each shift in the facility is trained in emergency procedures and holds a current certification in first aid and cardiopulmonary resuscitation.

The Contractor shall develop a written policy and procedures implementing a monthly inventory system of first aid supplies and equipment and continually replenish the supply.

The Contractor's written policies and procedures shall require the immediate contact of emergency personnel, when a medical emergency exists.

The Contractor shall develop policy and procedures to collect medical fees for DOC provided medical and dental treatment from residents and submit the payments and documentation to the Contract Oversight Officer by the 20<sup>th</sup> of each month.

The Contractor shall develop policy and procedure to ensure the supervision of confined, unsentenced, judicial and restitution residents requiring direct CRC supervision in the event there is a medical emergency transport until relieved by DOC/Institutions staff.

#### H. Deliverable Reports, Certified Payroll, Audits, and Billing

1. **Annual Financial Audit Requirement and Procedures:**  
Contractor is required to obtain a complete financial audit by an independent Certified Public Accountant, according to generally accepted accounting standards, when the contract amount is equal to or greater than \$150,000.00 annually. A complete copy of the final audit, covering funds from each state fiscal year, must be submitted to the Anchorage Correctional Complex – West, Classification Unit, Contract Oversight Officer, 1300 E. 4<sup>th</sup> Avenue, Anchorage, Alaska 99501, no later than ninety (90) days following the end of the Contractor's fiscal year end. In the event that the contractor's fiscal year differs from the State fiscal year (July-June), an extension of the submission deadline may be granted by the Director of Institutions and/or designee upon submission of a written request by the Contractor prior to the audit deadline.
2. **Certified Payroll Records:**  
Contractors will be required to submit certified payroll records for personnel providing services under the contract with monthly submission of billing for services. Certified payroll records will be reviewed to determine staffing levels and proposed salary levels for consistency with the offerors proposed personnel in the proposer's budget. Significant variance between proposed staffing levels and/or salaries provided in certified payroll records with those as proposed in the approved budget may, at the discretion of the Director of Institutions, result in a corresponding decrease in reimbursement for payment of services.
3. **Quarterly Financial Report Requirements and Procedures:**  
The contractor will submit their quarterly financial reports which compare actual expenditures to budget authorizations for each major expenditure category. Explanations shall be provided for category variances in excess of 10%. Submission of these reports is required no later than forty-five (45) days following the end of the State fiscal quarter. These reports will be submitted to the Anchorage Correctional Complex – West, Classification Unit, Contract Oversight Officer, 1300 E. 4<sup>th</sup> Avenue, Anchorage, Alaska 99501. In the event that the contractor's fiscal year differs from the State fiscal year (July-June), an extension of the submission deadline may be granted by the Director of Institutions and/or designee upon submission of a written request by the Contractor prior to the audit deadline.
4. **Reporting and Annual Inspection:**  
The Contractor MUST submit the Monthly Activity Report (See standards, chap 16.) and other reports as specified in the CRC Standards. The Department will perform an annual inspection of the successful offeror's CRC facility and records in accordance with work requirements as specified in the Current Adopted CRC

Standards and the CRC Audit Document (**See Attachment 14**). A formatted disk will also be provided to the contractor by the Contract Oversight Officer.

5. Billing for Services:

The Contractor **MUST** provide a monthly billing for services, with support documentation, to demonstrate provision of services sufficient to meet the following requirements: All billing invoices **MUST** be certified by the Contractor. Billings **MUST** be submitted each month with the documentation required below.

a. Monthly Billings:

Contractors **MUST** use the standardized reporting billing sheet separately summarizing the total reimbursements for tiered pricing bed days (paid if used) for services due to the Contractor for the period of service and **MUST** include sufficient documentation to support all billing charges. Tiered Pricing bed billings **MUST** include the days of the month, the number of beds charged for each day, the total number of tiered pricing bed days for tiers one through four charged for that month.

The Department of Corrections reserves the right to request additional information as necessary to support requested reimbursement or to limit the amount of support documentation provided by the successful offeror in support of the billing invoice.

b. Submission of Billings:

Billings **MUST** be submitted, through the Anchorage Correctional Complex – West, Classification Unit, Contract Oversight Officer, 1300 E. 4<sup>th</sup> Avenue, Anchorage, Alaska 99501 for approval and payment. Billings will be periodically audited by the Department.

c. Procedural Billing Submission Change:

Billing invoices may no longer be grouped and submitted in advance at the beginning of a year to be paid automatically in subsequent months. To allow for accurate invoicing and auditing, monthly billings **MUST** be submitted once a month, after the services have been performed.

d. Advance payments of contract amount disallowed:

The Department of Corrections hereby notifies providers that 15% advance payments of monthly contract amounts have been discontinued because they are generally prohibited by the Administrative Manual.

## **SECTION FIVE PROPOSAL FORMAT AND CONTENT**

### **5.01 Proposal Format and Content**

#### **A. General Information**

The State discourages overly lengthy and costly proposals. However, in order for the State to evaluate proposals fairly and completely, offerors shall use the following format and provide all of the information requested.

Proposals should be prepared without expensive artwork, unusual printing or materials not essential to its utility and clarity. Written proposals should be submitted in binders (3-hole punched) to facilitate duplication if necessary.

A maximum of 100 pages (single sided, 12 point type and 8.5 x 11" page size) may be used for the body of the proposal. The number of pages that may be included in the appendices is not limited in order to provide the opportunity to include additional information.

The proposals should be presented in the order set forth below. Each section should be numbered and titled with the corresponding number and titled section, with all relevant material included. Each page should be numbered consecutively and supplemental materials should be presented as labeled appendices, each of which is referenced in the text of its respective section.

The original copy shall be marked "Original" and contain the original signed offeror information and assurance form.

#### **B. Proposal Format**

Proposals shall contain the following items in the order listed: (Refer to Sections 5.02-5.09 for an explanation of each category and additional details).

- 1) Table of Contents
- 2) Introduction
  - Offeror Information and Assurance Form
  - Licensing Requirements / Permit
  - Conflict of Interest Statement
  - Alaska Bidder Preference Affidavit
  - Alaska Veterans Preference Affidavit
  - Federal Government FAR Certificate
- 3) Technical Proposal
  - Understanding of Work and Plan for Service
  - Experience and Qualifications
- 4) Cost Proposal
- 5) Budget Narrative and Detail Forms
- 6) Alaska Offeror's Preference

### **5.02 Table of Contents**

List each section of the proposal with applicable page number. If appendices are included, provide a list identifying the contents of each.

### 5.03 Introduction

This section shall contain the following:

- A. Offeror Information and Assurance Form (RFP Attachment #4). This form must be signed by an individual or company officer empowered to bind the company. One of the proposals should be marked "original" and contain the original signed Offeror Information and Assurance Form.

Proposals must identify a contact person for issues regarding the proposal and include the complete name and mailing address of the firm, telephone number, E-mail if available, and fax number.

Proposal must also confirm that the firm (and any subcontractor) will comply with all of the provisions of this RFP, and if applicable, provide notice that the firm qualifies as an Alaskan bidder, Alaskan Offeror, or other preferences.

- B. Licensing Requirements – Offerors shall include acceptable evidence that the offeror possesses a valid Alaska Business License and meets any professional license(s) or certification requirements outlined in Sections 2.12 and 5.04. A copy of the contractor’s permit to operate a community residential center shall be provided.
- C. Conflict of Interest Statement – Offerors shall include a statement identifying any conflicts of interest that may exist; or a statement that none exist.
- D. Alaska Bidder Preference Statement. Offerors shall include, if applicable, a signed certification of qualification as an Alaska Bidder as outlined in Section 2.14 and Attachment 7.
- E. Alaska Veterans Preference Statement. Offerors shall include, if applicable, a signed statement as outlined in Section 2.15 and Attachment 15.
- F. Federal Government FAR “Certificate Of Independent Price Determination” form. The proposer should complete the FAR form included in the attachments (#13), and include it in the Introduction section of their proposal. Include the original of this form in the proposal marked “original”.

**Note: Proposals that do not provide sufficient detail for the Department of Corrections to adequately evaluate the proposer’s plan for service, or proposals that do not completely address each category or requirement in Section 4 and 5 of the RFP, may be rejected as non-responsive. The Department of Corrections will have sole discretion in determining what constitutes “sufficient detail”. The department will not accept a proposal as responsive if the proposer plans to design their program as they go.**

### 5.04 Technical Proposal

- A. Understanding of Work to be Performed and Plan for Service

- 1) Abstract

The abstract should briefly summarize the needs being addressed; culturally relevant programming, target group(s), proposed service(s), budget summary, outcome(s) to be achieved, facility security, facility location, accommodations for prisoners, segregation of Alaska prisoners, work opportunities, administrative requirements (explain your proposed administrative oversight of the CRC, including on-site administrative support and management staff, and if applicable, your corporate management oversight/support), and schedules to meet.

Describe in detail your understanding of the work that is to be performed as described in Section Four of the RFP.

Provide a comprehensive narrative statement that sets out the methodology you intend to employ, and the management plan you intend to follow, and illustrate how each will serve to accomplish the work and meet the State's project schedule.

Include in this section: the location where the work is expected to be performed; a detailed statement explaining the extent of the on-going services; a determination of how much time the offeror is expecting to be on-site auditing and monitoring (if applicable); and how much travel is anticipated in the performance of this contract (if applicable).

If you are providing a proposal that utilizes a subcontractor approach with one or more firms, you must detail how each firm's work will assist in the work to be performed.

This section should not merely paraphrase the scope of services from the RFP. This section must demonstrate an understanding of what has been requested, the major issues involved, and what must be done to accomplish the objectives.

## 2) Plan for Service

The offeror must provide a comprehensive narrative statement that sets out their plan for providing the services and illustrates how their plan will serve to accomplish all the work addressed in Section Four of this RFP. Address each item in order presented in Section Four of the RFP.

The following must also be provided:

- ACA accreditation or the plan for achieving accreditation. ACA accreditation is not required under the resulting contract.
- Drawings, photographs or videotapes of the facility day areas. Exterior security, interior security and control room segregation, living areas, program areas, medical, food service, recreation/outside exercise area, visiting area, law library, case management offices, exterior of the building;
- A description of the internal and external security of the housing units to include the type of construction i.e. concrete, block, metal, etc.;
- A description of the cell / dorm configuration with the number of prisoners assigned to each living area. Floor plans may be submitted in lieu of the description;

- Information on the location of the facility to include distance from a major airport, state highways, fire protection, law enforcement;
- Availability to recruit and retain staff;
- A description of the current or proposed contract users/ occupants of the facility;
- A copy of the Facility's Policy Manual and Post Orders up through Chief of Security;
- Identify your assumptions, any problems foreseen and conflicts of policies and offer potential solutions;
- Subcontractor: If you are providing a proposal that utilizes a subcontractor approach with one or more firms, you must detail how each firm's work will assist in the work to be performed.

If all of the above items are not adequately addressed in offerors' proposals, any omission may have a negative impact on the evaluation and scoring of the proposal. These sections should not merely paraphrase the scope of services from the RFP. This section must demonstrate an understanding of what has been requested, the major issues involved, and what must be done to accomplish the objectives.

## **B. Experience, Qualifications, and Organizational Structure**

### 1) Organizational Structure

Briefly describe the following for the organization submitting the proposal, and any proposed subcontractors providing services as a part of the contract.

- History of the organization.
- Management and administrative experience.
- Fiscal management experience.
- Staffing pattern of Facility, and its relationship to any parent or sub-level organization,
- Number of staff actually on duty at the facility each day by shift (if already managing a prisoner population, and include prisoner to security staff ratio).
- Parent organizational chart as it relates to the Facility.

### 2) Personnel Information

Please see the latest version of the Community Residential Center Operation Standards for key CRC staff. The minimum qualification requirements for all contract employees providing direct or indirect services under these established standards shall be:

- A. High school diploma or has passed a General Education Development (GED) test.
- B. Must be 19 years of age at the time of employment.
- C. Complete a full criminal background investigation to include fingerprints, and NCIC/NLET check to determine criminal history.

Proposal shall:

- Provide the name, title and resume of the Facility's Chief Administrator.

- Provide a personnel roster that identifies each **key** individual who will be on the project team and who will actually work on the contract and include each person's title and resume.
- Provide level of authority for each key person for making decisions related to the day-to-day operations of offeror's facility.
- Provide an itemized total annual cost and the number of estimated hours for each individual named above.
- Provide position descriptions.
- Letters of commitment from named staff stating that they agree to work for the proposer if a contract is awarded.
- Provide an organizational chart specific to the personnel assigned to accomplish the work in this RFP, illustrate lines of authority, designate the individual responsible and accountable for the completion of each component and deliverable of the RFP. Include proposed chain of command.
- Provide organizational policies, and
- Personnel policies.

3) Location(s) where work will be performed

If Management, legal, administration, programming etc., is in a location other than the offered facility, please specify. If work is performed in facility, specify area of work performed, i.e., management, administration, security, program areas, laundry, food service, etc.

4) Organizational Experience

List and provide a brief description of experience in ALL contracts, subcontracts and grants entered into during the past seven years that involve the delivery of CRC services similar to those in this RFP. For each of these contracts, offerors must identify the name, title, agency, address, and current telephone number of the official to whom they were most directly responsible.

Provide additional reference names and phone numbers for other contracts for prison-related services your firm has completed, especially those contracts with Government entities that are similar in size, custody levels, and program services to this RFP.

5) Contract Performance Problems, Contract Default

The offeror must provide detailed information regarding any previous contract performance problems, disputes and/or terminations. This section should contain the process the offeror used to overcome performance problems and disputes to achieve compliance with the contract.

6) Litigation History

For the proposed facility and management staff, offeror must include a summary of all litigation (including bankruptcy cases) associated with providing the same services, or management services required in this RFP. Include past and present litigation in which the offeror (under current and previous businesses and any person in this offeror's current administration who will be responsible for the administration or operations related to providing these services) has been named a party, including state jurisdiction, case number and final disposition. Include all

bankruptcy and negligence litigation, as well as criminal convictions relevant to these services. List current (pending) and past seven years of information.

Litigation of personal issues not germane to the services herein (i.e., automobile not related to substance abuse, divorce, child custody or support) is not required.

7) Organization Subcontract Agreements

Copies of any agreements or commitments that have been entered into between potential providers and proposed subcontractors must be included in the proposals. Place copies in a labeled appendix. The offeror must provide a detailed explanation outlining how the subcontractor's work will assist in the overall work to be performed.

### 5.05 Cost Proposal

Offeror cost proposals must include a detailed budget (and detailed budget narrative) of **ALL** direct and indirect costs associated with the performance of this contract including, but not limited to, total number of staff position hours at various hourly rates, direct expenses, payroll, supplies, overhead assigned to each person working on the project, percentage of each person's time devoted to the project, and profit.

The proposed rates (including any revisions established through the contract negotiation process) will be binding upon the Contractor for the full term of the contract and increases to the rates will not be considered. Personnel costs should be commensurate with the current scale of the professional skill level in the geographical area where the services are to be provided.

#### A. Calculation Method for Evaluation of Proposal's Costs

**Budget Summary Form.** Budgets MUST be submitted on the attached final proposal cost summary form, or on equivalent forms with the same categories, etc., created by the offeror as part of the proposal. One budget proposal per facility must be submitted. Fill out **Attachment 1**, Cost Proposal Form, indicating price for all four tiered pricing rates. This attachment will be used to determine your final budget evaluation ranking scores.

**B. Calculating Cost Proposal Points from the Budget Summary Form (Weighted Average).** The budget points to be awarded each proposal will be determined by calculating a weighted average of the four tiered pricing rates "per bed per day" costs. The actual number of beds proposed will be the number used for the weighted average calculation.

The weighted average will be calculated by: (the cost of tier 1 beds times the % of beds) + (the cost of tier 2 beds times the % of beds) + (the cost of tier 3 beds times the % of beds) + (the cost of tier 4 beds times the % of beds) = (the cost per bed per day) that will be used to calculate the number of budget points to be awarded.

Example. For 175 beds, if the tier 1 through tier 4 bed costs are 71.4% @ \$125, 14.3% @ \$90, 8.6% @ \$30, and 5.7% @ \$15.65; the calculation would be:  $(\$125.00 \times 71.4\%) + (\$90 \times 14.3\%) + (\$30 \times 8.6\%) + (\$15.65 \times 5.7\%) = \$105.59$ . The \$105.59 would then be used as the dollar figure used to calculate the number of budget points assigned according to 2 AAC 12.260(d) (see RFP section 2.16, Formula used to convert costs to points, above).

- C. **Awards for subsequent rounds.** If the highest point winner is unable to provide the entire number of required beds, in subsequent rounds providers will be given an opportunity to re-submit cost and budget forms for the remaining number of beds. These costs will be re-calculated and points re-assigned to the cost section according to Section 2.16. These revised cost section points will be re-calculated into the total evaluation points and the new highest point winner will be susceptible for award, and so on, until department requirements are met.

In the event that the highest ranked contractor does not propose to provide the entire number of beds required in this RFP, and there is a single remaining bidder, the Department of Corrections maintains the right to request revised costs and negotiate to possible award with that single remaining bidder. If there are multiple remaining bidders, the DOC will award the remaining beds by the method of requesting subsequent rounds of revised costs. Revised costs will be requested from all subsequent round proposers reasonably susceptible for award (proposers may revise their costs based upon the number of remaining beds).

The revised costs that are submitted will be used to recalculate the cost section of each proposal's score. Subsequent rounds of offers will only change the scores in the cost category. The cost category from remaining providers will be re-scored and converted into points per the method set out in Section 2.16 of the RFP, and the cost point section will be recalculated into each proposal's total evaluation points to obtain the next highest ranked proposal susceptible for award. This process will continue until the department obtains the number of beds it requires and can afford based upon departmental needs and funding.

D. **Cost Proposal - Budget Detail Forms**

Specific cost details for provision of services must be indicated on the budget detail forms in the attachment (#9) section of this RFP. Every blank on these sheets should be addressed. There should be no blanks. If a cost will not be applicable, so indicate in the blank. A narrative explaining each line item and zero amounts (or any blanks) must be included in the budget narrative section. The budget break out costs must comply with the definitions of allowable costs for each category. Shifting of operating costs to other contracts with DOC is not allowed. Failure to provide **ALL** operating costs of this contract in your budget detail forms may be cause for the contracting officer to find your proposal non-responsive.

E. **Cost Proposal Budget – Tier 1 through Tier 4 Bed Costs:**

- 1) Lot 1 – Tier 1 through Tier 4 CRC Beds

For Tier 1 through Tier 4 beds, offerors **MUST** include a per bed per day cost (per individual or bed rate) which includes **ALL** direct and indirect costs, and profit margin (if applicable). The maximum number of tiered pricing beds for budget calculations may not exceed **175** beds under the terms of this RFP. The maximum number of tiered pricing beds for each Tier 1 through Tier 4 beds multiplied by the per bed day cost multiplied by 365 days will equate to the total proposed cost for provision of tiered pricing bed day services (on an annualized basis).  $(\$Cost/bed/day \times \# \text{ Tier 1 beds} \times 365) + (\$Cost/bed/day \times \# \text{ Tier 2 beds} \times 365) + (\$Cost/bed/day \times \# \text{ Tier 3 beds} \times 365) + (\$Cost/bed/day \times \# \text{ Tier 4 beds} \times 365) = \text{annual cost of Tier 1 through Tier 4 beds}$ . See Cost Proposal Form - Attachment 1.

2) Per Diem Bed Rate Definition

The per diem rate for detention services under this agreement is per man-day (see also the definition of prisoner day and per diem rate). This rate covers an inmate per day. A portion of any day shall count as a man-day under this agreement, except that the State may not be billed for two days when an offender is admitted one evening and removed the following morning. In that situation, the Contractor will bill for the day of arrival, but not the day of departure. The intent is to pay for the number of beds filled as of the 00:01am count and the count submitted for payment needs to be equal to the 00:01am count for each day and the only exception to the count changing is IF after a count at 00:01am, and sometime during the next 24 hour period before that next count is taken at 00:01am, an inmate spends any time at the facilities and gets released or remanded and never got picked up on any of the previous counts...ever...then you can count them. The state will pay up to the maximum of beds under the contract per day; in no case will the state pay for more than the number of beds under contract.

**F. Budget Submission Information**

1) Annualized Budget Submission

Proposal budgets are based upon an annualized service period; however, some contract periods may be more or less than an entire year (first year is fiscal year only, leap years, and optional last 6 month period). Payment during this period for Tier 1 through Tier 4 beds will be at the proposed annualized per bed per day rate, based upon the number of days of service, multiplied by the number of Tier 1 through Tier 4 beds in the contract.

2) Administrative and Personnel Costs

The cost of **ALL** individual contract elements, administrative costs (or federally approved indirect-cost rate, if applicable), and proposed personnel costs for each staff position **MUST** be listed separately in the format provided on the attached forms, or equivalent form created by contractor. (A contract agency that does not have a federally approved indirect-cost rate may include administrative costs in the budget. These costs **MUST** be identified in the budget as direct costs.)

3) Allowable Costs

Providers are reminded that only allowable costs may be included in their proposals. Allowable costs are those that pertain to the direct provision of services at this facility. (For example, it would be inappropriate to include any item in a proposal that addresses costs associated with proposal preparation, travel and per diem costs associated with attending a pre-submission conference, costs for association/certification dues or meetings not required by the RFP, legal suits not specific to defense of services provision, or the efforts of any person or firm who may have assisted the provider [e.g. a firm retained to lobby a legislature for necessary enabling legislation or appropriations for the services being procured].) In addition, legal actions concerning zoning, permits, etc. at a facility other than

the one proposed under this RFP and any resulting contract, are not allowable costs.

Budgets and Budget narratives will be compared with similar service budgets and will be analyzed for authenticity and ability to provide services. Offerors may be asked to provide additional information to substantiate these costs, and costs that cannot be reasonably justified by the provider may be reduced or deleted during negotiations.

4) Subcontracted Services

Proposals calling for consultants, consulting services, and other subcontracted services must provide a description of the anticipated services and the anticipated cost of these services, and the means of establishing the cost of those services (e.g. 'W' number of dollars per day for 'X' specific services for 'Y' days plus 'Z' dollars in related travel, per diem, or overhead costs). The department reserves the right to disallow subcontracted services costs that do not provide this information.

5) Profits

Profit and profit margins for privately owned organizations MUST clearly be designated as "Profits", include the percentage of direct and indirect cost, which it represents, and be included in the proposed budget, and on the break out forms provided.

6) Auditor Costs

The normal costs to meet the annual independent auditing requirements MUST be separated as indicated on the budget break-out form.

**G. Budget Submission Information: Budget/Cost Line Item and Category Definitions**

Proposal Budget Form itemization must be broken down using the following definitions for budget categories and line items (Utilize Attachment 9, Budget Break Out Detail Submission Forms). Include the information pertaining to the provision of services for this contract. **A line item budget submission (Attachment 9) is required for tiered pricing beds. Also a single cost proposal form (Attachment 1) is required to be completed.**

**PERSONAL SERVICES/BENEFITS:**

101 PS/Administrative Staff (Administrators, Director's etc): Enter the Title of the position, staff name or "vacant", individual quarterly salary of each position title and percent of time on budgeted job. Position titles should match job descriptions, the organizational chart and staff responsibility section of proposal. Examples of positions to be included are Agency Administrators, Directors, Assistant Directors, Corporate Officers, Partners or other individuals receiving funds for ownership interest or Management related duties.

102 PS/ Support Staff (Accountants, Clerks, etc): Enter the Title of the position, staff name or "vacant", individual quarterly salary of each position title and percent of time on budgeted job. Position titles should match job descriptions, the organizational chart and staff responsibility section of proposal. Examples of positions to be included are Accountants, Bookkeepers, Clerks, Administrative Assistants, Office Managers, Resident Accountants, Cafeteria/Cooks, Business Manager or other individuals providing a record keeping and office support role.

- 103 PS/ Program Staff (Counselors, Case Managers etc): Enter the Title of the position, staff name or “vacant”, individual quarterly salary of each position title and percent of time on budgeted job. Position titles should match job descriptions, the organizational chart and staff responsibility section of proposal. - 105 PS/ Transportation (Drivers, etc): Enter the Title of the position, staff name or “vacant”, individual quarterly salary of each position title and percent of time on budgeted job. Position titles should match job descriptions, the organizational chart and staff responsibility section of proposal. Examples of positions to be included are Drivers, Couriers, Transport Officers or other individuals providing transportation.
- 106 PS/ Facilities Maintenance (Maintenance, etc): Enter the Title of the position, staff name or “vacant”, individual quarterly salary of each position title and percent of time on budgeted job. Position titles should match job descriptions, the organizational chart and staff responsibility section of proposal. Examples of positions to be included are Facility Service, Maintenance, Building Manager, Janitor, Environmental Engineer or other individuals providing Building or Facility maintenance.

TRANSPORTATION/TRAVEL:

- 201 Offender Transportation: Enter the Transportation expenditures incurred in transporting prisoners by Ground. The Ground transportation line item should include Vehicle gas expense, taxi, per diem or meals and lodging paid to staff.
- 202 Personnel Training & Travel: Include all expenses for staff conference fees, in-service training costs, staff mileage, per diem or hotels, meals and incidentals, public transportation costs pertaining to this contract.

FACILITY EXPENSES:

- 301 Utilities: Include the following facility expenditures for electricity, natural gas, water, sewer, cable, heating fuel etc.
- 302 Communication: Telephone/Fax expenses. Include description of offender telephone service and the amount of revenue derived from resident phone profits if any. Include whether the Telephone Expenses are offset by resident phone revenue.
- 303 Facilities Maintenance /Repairs: Include expenses for the facility maintenance and repairs. Maintenance costs are those costs, such as lubrication, cleaning, adjustment, and painting, which are incurred on a continuous basis to keep operational assets in usable condition. Include inspection permits, and security system repairs under \$1,000, in this line item. Repairs are outlays for parts, labor,

and related supplies that are necessary to keep the asset in operating condition but neither:

- (a) add materially to the use value of the asset, nor
- (b) prolong its life appreciably.

Repairs are recurring and usually involve relatively small expenditures. Examples of repairs are repairing a broken chain or electrical circuit.

- 304 Depreciation/Amortization: Include the Facility or Building Depreciation. List the Depreciation method used and the recovery period. If fiscal or calendar year depreciation, break out into four even quarters as this report will only cover one quarter. (For non-profits, DOC will work with existing and potential non-profits to develop an alternate depreciation method. The alternate method must provide DOC with the same level of detail and quality of information that is currently required from the for-profits. Contact the procurement officer to obtain approval in writing before submitting the alternate method in a proposal).
- 305 Lease or Rent on Facility: Include a detailed explanation of all services or goods provided under the Building lease or rental.
- 306 Other: Include other miscellaneous Facility expenses that have not been included elsewhere. Total of the expenses in the "Other" section must not exceed 10% of the total category amount.

CONSUMABLE SUPPLIES:

- 401 Office Supplies: Include all expenses for providing office support. Examples include paper, pens, pencils, typewriter ribbons, ink, markers, staples, notepads etc. Do not include program supplies.
- 402 Program Supplies: Training and Educational Materials (i.e., substance abuse, AIDS, GED). Reference manuals and professional training courses. Uniforms, Recreation Supplies: (i.e, indoor and outdoor recreation and arts and crafts). Specific examples would be baseball gloves, bats, balls, basketballs, badminton, volleyball, soccer balls, board games, etc.
- 403 Household Supplies: Cleaning supplies, Linens, pots, pans etc.
- 404 Medical Supplies: Include First Aid Kits, Pharmacy Supplies, Preventative Care.
- 405 Immunizations (Flu Shots, TB Test, Hep-B etc.).
- 406 Subscriptions: Include expenditure for periodicals and subscriptions that are not program related. Examples would be subscriptions for Good Housekeeping, Business Week, Newsweek, etc.
- 407 Postage and Shipping: Include all expenses for postage and delivery service charges (Fed Ex, United Parcel Service, etc.) This would also include postage stamps and metered mail.
- 408 Computer Supplies and Software (under \$500): Thumb drives, Software, Multimedia Packages, CD-ROMS, Network Cards, Speakers, etc.

- 409 Food Service: Stock and food costs associated with providing meals to the residents. Provide an explanation if staff is allowed to consume meals prepared by the provider and whether a reimbursement from staff is collected. Also include a separate line listing amount, if any, collected for food reimbursement from staff.
- 410 Laundry: Costs to provide laundry services if available. Include all dry cleaning and other supplies associated with processing laundry services. Also list if residents reimburse the provider for any laundry services provided them and the amount.
- 411 Other Supplies: Supplies that could not be allocated within categories. Total of the expenses in the "Other" section must not exceed 10% of the total category amount.

EQUIPMENT:

- 500 Equipment Expense: Include expenses for equipment and replacement appliances purchased for less than \$1,000. Expenditures over this amount should be depreciated or amortized.
- 501 Furniture/Major Appliance Maintenance/Repairs: Include expenses for furniture and major appliance maintenance and repairs. Maintenance costs are those costs, such as varnishing furniture, steam cleaning sofa, painting furniture, which are incurred on a continuous basis to keep operational assets in usable condition. Repairs are outlays for parts, labor and related supplies which are necessary to keep the asset in operating condition but neither:
- (a) add materially to the use value of the asset, nor
  - (b) prolong its life appreciably.
- Repairs are recurring and usually involve relatively small expenditures.
- 502 Rentals: Equipment rentals for copiers, postage machines, computers, furniture, phone systems, and any other Facility or Office Equipment that is rented. Do not include Lease expenses. List the vendor or vendors that provide the rented equipment.
- 503 Leases: Equipment leases for copiers, computers, furniture, phone systems, buildings and any other Facility or Office Equipment that is leased. List whether a lease/purchase option exists and what the lease term is and the purchase terms. Describe any sale-and leaseback contracts in which the provider has sold an asset and is leasing the equipment back and the payout terms. Break out each lease with a brief explanation. Do not include Vehicle leases.
- 504 Vehicle Leases: List all vehicles leased and provide a brief description of the vehicle. List whether a lease/purchase option exists and what the lease term is and the purchase terms. Describe any sale-and leaseback contracts in which the provider has sold an asset and is leasing the equipment back and the payout terms. Also provide whether the vehicle is used to transport residents or is used primarily for Staff, Management or Corporate Officers.
- 505 Vehicle Maintenance/Repairs: Include expenses for the vehicle maintenance and repairs. Maintenance costs are those costs, such as oil changes, car washes, coolant flushes, lubrication, which are incurred on a continuous basis to keep

operational assets in usable condition. Also include insurance, licenses and inspection permits. Repairs are outlays for parts, labor, and related supplies that are necessary to keep the asset in operating condition but neither:

- (a) add materially to the use value of the asset, nor
- (b) prolong its life appreciably.

Repairs are recurring and usually involve relatively small expenditures under \$1,000. Also include the vehicle insurance, permitting and taxes under this line item.

- 506 Depreciation: Include the Equipment and Vehicle Depreciation. List the Depreciation method used and the recovery period. If fiscal or calendar year depreciation, break out into four even quarters as this report will only cover one quarter. Separate the equipment into depreciation methods and class. Example (3 year, 5 year, 7 year straight line etc. sum of the years, double declining).
- 507 Other: Include other Equipment expenses that have not been included elsewhere. Total of the expenses in the "Other" section must not exceed 10% of the total category amount.

OTHER OPERATING EXPENSES:

- 601 Printing: Printing material for in-house training programs should be captured under Program Supplies.
- 602 Advertising: Include expenditure for reprographics, brochure and pamphlet production, media advertising and open houses for public awareness programs.
- 603 Insurance: Include Facility Insurance if not listed elsewhere. Workmen Comp, Medical, Life Insurance should be included under Personal Services/Benefits.
- 604 Legal Expenses: Include all allowable Litigation expenses incurred in operating the facility.
- 605 Audit Expenses: Provide the Audit fees incurred for providing an independent audit of the financial statements and other services provided by independent accountants.
- 606 Urinalysis Testing: Include all expenses incurred in operating an in-house lab for the UA tests or costs incurred in having outside labs provide this service. Include the cost of screening and assessments. State whether the charges are for in-house or contracted testing expenditures. (The state may break out these costs and solicit for UA services separately during the course of this contract.)
- 607 Dues: List all expenses incurred for association or organizational dues. Fill in as N/A, as DOC does not currently authorize or require any association or membership dues.
- 608 Management Fees: Provide a detailed listing of any management fees paid to an organization or individual for providing management services or other type of consultation that cannot be provided by current staff. Examples would be consultants, specialists, or organizations providing human resources. List the organization and brief explanation of service provided with associated expense.

- 609 Professional Licensure: Any payments made on behalf of staff to renew or activate their state or federal licensure requirements.
- 610 Taxes: Include Tax payments made to State, Local or Federal. Do not include Payroll Taxes in this line item. Do not include personal income taxes in this line item.
- 611 Interest Expense: Include all interest expense paid for building or other loan obligations. Please describe briefly the type of loan. Break down into quarterly increments.
- 612 Contributions: Contributions are not allowable expenditures under this RFP.
- 613 Resident Trust Expense: Include all Bad Debt expense write off and uncollectible receivables related to this contract.
- 614 Resident Account Bank/Check Fees: Include costs of setting up banking and checking accounts for residents related to this contract. These accounts shall be non-interest bearing accounts.
- 615 Computer Technical Support: Include costs of programming services for specialized computer software or software enhancements related to this contract.
- 616 Nutritionist: Include cost of nutritionist services to approve meal plans.
- 617 Other: Include other expenses that have not been included elsewhere. Total of the expenses in the "Other" section must not exceed 10% of the total category amount.

## 5.06 Budget Narrative

A **detailed explanation** of how the Tier 1 through Tier 4 pricing per bed day individual costs were derived must be included in the proposal in a section labeled budget narrative. The budget narrative **MUST** address individual elements included in the Tier 1 through Tier 4 pricing per bed day costs in sufficient detail to allow analysis of the logic, adequacy and appropriateness of the offeror's proposed budget.

It also **MUST** include each individual contract element, **ALL** administrative costs (or federally approved indirect-cost rate, if applicable) and proposed personnel cost for each staff position separately (includes subcontractor staff). Costs will be compared with existing budgeted costs for CRC services. Providers should be careful to establish the linkage between their proposed costs, the services identified in their proposals, and the RFP requirements.

## 5.07 Alaska Offeror's Preference

Offerors shall include, if applicable, a signed certification of qualification as an Alaska Bidder as outlined in Section 2.14, 2.17 and Attachment 7.

If you provide a proposal that utilizes a subcontractor approach with another or more firms you must detail how each firm's individual presence qualifies them for the Alaska Offeror's Preference. If each firm is a partnership, describe the residence status of all of the firm's partners.

Other Preferences – see Section 2.13 and 2.15 for information regarding other preferences

that may apply.

#### **5.08 Evaluation Criteria**

All proposals will be reviewed to determine if they are responsive. Responsive offers will then be evaluated using the criteria set out in Section Six and Proposal Evaluation Form (Attachment 6).

An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror. A proposal shall be evaluated to determine whether the offeror responds to the provisions, including goals and financial incentives, established in the request for proposals in order to eliminate and prevent discrimination in State contracting because of race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, or disability.

#### **5.09 Licensing Requirements**

Offerors shall include acceptable evidence that the offeror possesses a valid Alaska Business License and meets other requirements as outlined in Section 2.08.

**SECTION SIX  
EVALUATION CRITERIA AND CONTRACTOR SELECTION**

THE TOTAL NUMBER OF POINTS ASSIGNED  
TO SCORE THESE PROPOSALS IS 200

**6.01 Technical Proposal Evaluation – (75/200 total points)**

Offerors should follow the technical format and content guidelines outlined in Section Five.

40 max. points – Understanding of the Work to Be Performed and Plan for Service

35 max. points – Experience and Qualifications

Subtotal: 75 maximum points

**6.02 Cost Proposal Evaluation – (100/200 total points)**

Offerors must submit proposed costs as outlined in Section 5.05. The cost amount used for evaluation may be affected by one or more of the preferences referenced under Section 2.13.

The lowest cost proposal will receive the maximum number points allocated to cost. The point allocations for cost on the other proposals will be determined through the method set out in paragraph 2.16.

**6.03 Cost Proposal Narrative – (5/200 total points)**

**6.04 Alaskan Offeror's Preference – (20/200 total points)**

If an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror's Preference. The preference will be 10% of the total available points. This amount will be added to the overall evaluation score of each Alaskan offeror.

Note: See Proposal Evaluation Form (Attachment 6)

**APPENDIX A  
GENERAL PROVISIONS**

**Article 1. Definitions.**

- 1.1 In this contract and appendices, "Project Director" or "Agency Head" or "Procurement Officer" means the person who signs this contract on behalf of the Requesting Agency and includes a successor or authorized representative.
- 1.2 "State Contracting Agency" means the department for which this contract is to be performed and for which the Commissioner or Authorized Designee acted in signing this contract.

**Article 2. Inspections and Reports.**

- 2.1 The department may inspect, in the manner and at reasonable times it considers appropriate, all the contractor's facilities and activities under this contract.
- 2.2 The contractor shall make progress and other reports in the manner and at the times the department reasonably requires.

**Article 3. Disputes.**

- 3.1 If the contractor has a claim arising in connection with the contract that it cannot resolve with the State by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – 632.

**Article 4. Equal Employment Opportunity.**

- 4.1 The contractor may not discriminate against any employee or applicant for employment because of race, religion, color, national origin, or because of age, disability, sex, marital status, changes in marital status, pregnancy or parenthood when the reasonable demands of the position(s) do not require distinction on the basis of age, disability, sex, marital status, changes in marital status, pregnancy, or parenthood. The contractor shall take affirmative action to insure that the applicants are considered for employment and that employees are treated during employment without unlawful regard to their race, color, religion, national origin, ancestry, disability, age, sex, marital status, changes in marital status, pregnancy or parenthood. This action must include, but need not be limited to, the following: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training including apprenticeship. The contractor shall post in conspicuous places, available to employees and applicants for employment, notices setting out the provisions of this paragraph.
- 4.2 The contractor shall state, in all solicitations or advertisements for employees to work on State of Alaska contract jobs, that it is an equal opportunity employer and that all qualified applicants will receive consideration for employment without regard to race, religion, color, national origin, age, disability, sex, marital status, changes in marital status, pregnancy or parenthood.
- 4.3 The contractor shall send to each labor union or representative of workers with which the contractor has a collective bargaining agreement or other contract or understanding a notice advising the labor union or workers' compensation representative of the contractor's commitments under this article and post copies of the notice in conspicuous places available to all employees and applicants for employment.
- 4.4 The contractor shall include the provisions of this article in every contract, and shall require the inclusion of these provisions in every contract entered into by any of its subcontractors, so that those provisions will be binding upon each subcontractor. For the purpose of including those provisions in any contract or subcontract, as required by this contract, "contractor" and "subcontractor" may be changed to reflect appropriately the name or designation of the parties of the contract or subcontract.
- 4.5 The contractor shall cooperate fully with State efforts which seek to deal with the problem of unlawful discrimination, and with all other State efforts to guarantee fair employment practices under this contract, and promptly comply with all requests and directions from the State Commission for Human Rights or any of its officers or agents relating to prevention of discriminatory employment practices.
- 4.6 Full cooperation in paragraph 4.5 includes, but is not limited to, being a witness in any proceeding involving questions of unlawful discrimination if that is requested by any official or agency of the State of Alaska; permitting employees of the contractor to be witnesses or complainants in any proceeding involving questions of unlawful discrimination, if that is requested by any official or agency of the State of Alaska; participating in meetings; submitting periodic reports on the equal employment aspects of present and future employment; assisting inspection of the contractor's facilities; and promptly complying with all State directives considered essential by any office or agency of the State of Alaska to insure compliance with all federal and State laws, regulations, and policies pertaining to the prevention of discriminatory employment practices.
- 4.7 Failure to perform under this article constitutes a material breach of contract.

**Article 5. Termination.**

The Project Director, by written notice, may terminate this contract, in whole or in part, when it is in the best interest of the State. In the absence of a breach of contract by the contractor, the State is liable only for payment in accordance with the payment provisions of this contract for services rendered before the effective date of termination.

**Article 6. No Assignment or Delegation.**

The contractor may not assign or delegate this contract, or any part of it, or any right to any of the money to be paid under it, except with the written consent of the Project Director and the Agency Head.

**Article 7. No Additional Work or Material.**

No claim for additional services, not specifically provided in this contract, performed or furnished by the contractor, will be allowed, nor may the contractor do any work or furnish any material not covered by the contract unless the work or material is ordered in writing by the Project Director and approved by the Agency Head.

**Article 8. Independent Contractor.**

The contractor and any agents and employees of the contractor act in an independent capacity and are not officers or employees or agents of the State in the performance of this contract.

**Article 9. Payment of Taxes.**

As a condition of performance of this contract, the contractor shall pay all federal, State, and local taxes incurred by the contractor and shall require their payment by any Subcontractor or any other persons in the performance of this contract. Satisfactory performance of this paragraph is a condition precedent to payment by the State under this contract.

**Article 10. Ownership of Documents.**

All designs, drawings, specifications, notes, artwork, and other work developed in the performance of this agreement are produced for hire and remain the sole property of the State of Alaska and may be used by the State for any other purpose without additional compensation to the contractor. The contractor agrees not to assert any rights and not to establish any claim under the design patent or copyright laws. Nevertheless, if the contractor does mark such documents with a statement suggesting they are trademarked, copyrighted, or otherwise protected against the State's unencumbered use or distribution, the contractor agrees that this paragraph supersedes any such statement and renders it void. The contractor, for a period of three years after final payment under this contract, agrees to furnish and provide access to all retained materials at the request of the Project Director. Unless otherwise directed by the Project Director, the contractor may retain copies of all the materials.

**Article 11. Governing Law; Forum Selection**

This contract is governed by the laws of the State of Alaska. To the extent not otherwise governed by Article 3 of this Appendix, any claim concerning this contract shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

**Article 12. Conflicting Provisions.**

Unless specifically amended and approved by the Department of Law, the terms of this contract supersede any provisions the contractor may seek to add. The contractor may not add additional or different terms to this contract; AS 45.02.207(b)(1). The contractor specifically acknowledges and agrees that, among other things, provisions in any documents it seeks to append hereto that purport to (1) waive the State of Alaska's sovereign immunity, (2) impose indemnification obligations on the State of Alaska, or (3) limit liability of the contractor for acts of contractor negligence, are expressly superseded by this contract and are void.

**Article 13. Officials Not to Benefit.**

Contractor must comply with all applicable federal or State laws regulating ethical conduct of public officers and employees.

**Article 14. Covenant Against Contingent Fees.**

The contractor warrants that no person or agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee except employees or agencies maintained by the contractor for the purpose of securing business. For the breach or violation of this warranty, the State may terminate this contract without liability or in its discretion deduct from the contract price or consideration the full amount of the commission, percentage, brokerage or contingent fee.

**Article 15. Compliance.**

In the performance of this contract, the contractor must comply with all applicable federal, state, and borough regulations, codes, and laws, and be liable for all required insurance, licenses, permits and bonds.

**Article 16. Force Majeure:**

The parties to this contract are not liable for the consequences of any failure to perform, or default in performing, any of their obligations under this Agreement, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party. For the purposes of this Agreement, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

**APPENDIX B - CRC  
INDEMNITY AND INSURANCE****Article 1. Indemnification**

The Contractor shall indemnify, save harmless, and defend the State of Alaska, its agents and its employees from the any and all claims, actions, or liabilities for injuries or damages sustained by any person or property arising directly or indirectly out of any act, error, or omission by the Contractor, its agents, and its employees connected with the Contractor's performance under this Contract; however, this provision has no effect if, but only if, the sole proximate cause of the injury or damage is the Department's negligence.

**Article 2. Insurance**

Without limiting Contractor's indemnification, it is agreed that Contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be minimum acceptable limits. If the Contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the Contractor's services. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under AS 21.

Evidence of Insurance, consisting of a certificate of insurance or the policy declaration page with required endorsements attached thereto - all of which have been executed by the insurer's representative and issued to the Department - shall denote the type, amount, class of operations covered, effective (and retroactive) dates, and dates of expiration must be furnished to the Contracting Officer prior to beginning work and must provide for a 30-day prior notice of cancellation, nonrenewal or material change of conditions.

If a certificate of insurance is submitted as evidence it shall contain the following statement:

**"This is to certify that the policies described herein comply with all aspects of the insurance requirements of (Contract Name and Number, and Project Number)."**

**2.1 Workers' Compensation Insurance:** The Contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045. The policy must waive subrogation against the State, its agents and employees.

**2.2 Commercial General Liability Insurance:** on an occurrence policy form covering all operations by or on behalf of the Contractor with combined single limits not less than: \$1,000,000 each occurrence, \$2,000,000 general aggregate with \$1,000,000 for personal injury liability limits. Coverage must extend protection to the Department for any vicarious liability it may have for any act (including alleged misconduct), error or omission by the Contractor, subcontractor or anyone directly or indirectly employed by them in the performance of services under this contract.

The State of Alaska shall be named as additional insured. This insurance shall contain a "cross liability" or "severability of interest" clause or endorsement and be considered to be primary and non-contributory to any other insurance carried by the State through self insurance or otherwise.

**2.3 Commercial Automobile Liability Insurance:** covering all vehicles used by the Contractor in the performance of services under this agreement with minimum coverage limits not less than \$1,000,000 combined single limit per occurrence.

In addition to providing the above insurance coverage the Contractor shall require that all indemnities obtained from any subcontractor be extended to include the State as an additional named indemnitee. Contractor shall further require that the State be named as an additional insured on all liability insurance policies maintained by all subcontractors under their contracts with Contractor, and that an appropriate waiver of subrogation in favor of the State, its agents and employees be obtained with respect to all other insurance policies.

**CERTIFICATION STATEMENT OF ENTITLEMENT TO THE ALASKA BIDDER PREFERENCE**

1. I am the Offeror or a duly authorized agent of the Offeror and I certify that the Offeror is entitled to the Alaska Bidder Preference. I know and understand that the Alaska Bidder Preference provides for substantial benefits which could be favorable to the Offeror and which could affect the award of the Request for Proposals to the Offeror's benefit. I am aware that falsely claiming the Alaska Bidder Preference is a violation of the State of Alaska Procurement Code (AS 36.30) and may be cause for felony prosecution and conviction.

I offer the following evidence or statements in support of my Certification of Entitlement to the Alaska Bidder Preference. As of the closing date of the Request for Proposals, the Offeror holds a valid Alaska business license in one of the following forms:

- (a) a cancelled check for the business license fee;
  - (b) a copy of a business license application with a receipt date stamp form the State's business license office;
  - (c) a receipt from the State's business license office for the license fee;
  - (d) the Offeror's valid business license certificate;
  - (e) a sworn notarized affidavit that the Offeror has applied and paid for a business license.
2. The Offeror is submitting its offer under the name as it appears on the Offeror's current Alaska business license.
  3. The Offeror has maintained a place of business within the State of Alaska staffed by the Offeror or an employee of the Offeror for a period of six (6) months immediately preceding the closing date of the Request for Proposals.
  4. The Offeror is incorporated or qualified to do business under the laws of the State, is a sole proprietorship, and the proprietor is a resident of the State, or is a partnership, and all partners are residents of the State; and,

In order to be considered an Alaska Bidder and entitled to the Alaska Bidder Preference, a limited liability company (LLC) organized under AS 10.50.010-10.50.995 must meet the requirements of AS 36.30.170(b) and the manager of the LLC must be a resident of the State of Alaska.

DEPARTMENT OF CORRECTIONS

**ALASKA VETERAN’S PREFERENCE STATEMENT**

In response to the Invitation to Bid for:

Project Name and Number \_\_\_\_\_,

I certify under penalty of perjury that \_\_\_\_\_  
(Name) qualifies for the Alaska Veteran’s Preference under the following conditions:

- (a) If a bidder qualifies under AS 36.30.170(b) as an Alaska bidder and is a qualifying entity, a five percent bid preference shall be applied to the bid price (preference may not exceed \$5,000). In this subsection, “qualifying entity” means a:
  - (1) Sole proprietorship owned by an Alaska Veteran;
  - (2) Partnership under AS 32.06 or AS 32.11 if a majority of the members are Alaska Veteran’s;
  - (3) Limited liability company organized under AS 10.50 if a majority of the individuals are Alaska Veterans.
  - (4) Corporation that is wholly owned by individuals and a majority of the individuals are Alaska veterans.
- (b) To qualify for a preference under this section, a bidder must add value by the bidder itself actually performing, controlling, managing and supervising a significant part of the services provided, or the bidder must have sold supplies of the general nature solicited to other state agencies, governments, or the general public.
- (c) In this section, “Alaska Veteran” means an individual who is a:
  - (1) Resident of this state; and
  - (2) Veteran; means an individual who:
    - (A) Served in the:
      - (i) Armed Forces of the United States, including a reserve unit of the United States armed forces; or
      - (ii) Alaska Territorial Guard, the Alaska Army National Guard, the Alaska Air National Guard, or the Alaska Naval Militia; and
    - (B) Was separated from the service under a condition that was not dishonorable.
