

Notice of Pipeline Carrier Tariff Filing

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Kenai Beluga Pipeline, LLC (KBPL) filed TL49-668, requesting a change to the frequency for the calculation of reimbursement amounts from shippers for Fuel Retention and Lost and Unaccounted For (LAUF) gas. Currently, reimbursement amounts are calculated annually. KBPL proposes that they be calculated twice a year to provide greater flexibility in preventing over- or under-retentions of gas that can cause operating problems for the pipeline.

This notice does not contain all requested revisions and the Commission may approve a rule or classification, which varies from that proposed.
