CODE VIOLATIONS: Violations issued by government agencies shall be corrected immediately by the Contractor. Any and all costs associated with code violations will be the responsibility of the Contractor. The Contractor will be informed immediately of any Contractor regulatory infractions discovered by the UAA Contract Administrator. Failure to correct regulatory infractions will be deemed a contract deficiency and subject to \$250 deductions per incident without application of the repeat deficiency rule.

NON-PERFORMANCE OF SERVICES:

UAA Contract Administrators have the authority and responsibility to determine whether services are being performed in accordance with the contract. Failure to comply with the directions of the Contract Administrator and/or the Contract Administrator in resolving non-performance may lead to suspended or reduced payments, breach of contract, and/or termination of the contract for default.

Services shall be considered not to have been performed properly when, in the sole judgment of the Contract Administrator, or designee, that the services in an area were not performed in strict accordance with the Performance Standards contained herein, as defined by the requirements of the contract.

CORRECTION OF NON-PERFORMANCE OF SERVICES: The Contractor shall, at his own expense, remedy and correct any deficiencies in his work. Each instance of non-performance shall be noted in writing and made a part of the contract file. The Contractor will be made aware of all deficiencies. When the Contractor has been made aware of a deficiency by the Contract Administrator, the Contract Manager shall, within two (2) hours, re-deploy the Supervisor, and/or Service Workers as necessary, to remedy deficiency to the satisfaction of the Contract Administrator, or present a plan of action for correcting the deficiency. Upon completion of the corrective efforts, but before dismissing the crew, the Contract Manager shall contact the Contract Administrator to request a re-inspection.

In the event quality control measures fail to produce acceptable work and deficiency corrections are still unacceptable to UAA after two (2) hours (after notice), an assessment in the amount of \$250 per day for each such occurrence may be deducted from payment otherwise due the Contractor. In addition, any and all costs incurred by UAA to remediate the situation will be deducted from the Contractor payment. If the Contractor is unable to correct deficiencies because of any Contractor's operational conflicts, the Contractor will still be assessed \$250 per occurrence plus any additional costs of remediation.

Repeat deficiencies: In the event that multiple callback requests in a 30-day period are necessitated to correct deficiencies, the Contract Administrator shall request a written plan to cure unsatisfactory performance. The plan shall identify methods of improving level of service to ensure callbacks are eliminated. Continued performance deficiencies may result in termination of the contract.

Assessments are to offset the expenses incurred by UAA for direct and indirect costs associated with the additional burden of compelling compliance. This assessment is separate and distinct from any other payments that may be withheld, or prorated that might otherwise be due the Contractor. UAA's decision to impose any assessment is final.

(b) Payments shall be based on approved Contractor's invoices submitted in accordance with this provision. The sum of payments shall not exceed allowable compensation stated in purchase order(s) and no payments shall be made in excess of the maximum allowable total for this contract.

(c) The Contractor shall not perform any services or deliveries of products without a purchase order or other written notice to proceed with the work. Accordingly, the Contracting Agency will not pay the Contractor for any goods, services or associated costs, if any, performed outside those which are authorized by the applicable purchase order. The Contracting Agency will exert every effort to obtain required approvals and to issue purchase orders in a timely manner.

(d) The Contractor shall submit a final invoice and required documentation within 90 days after final acceptance of goods or services by the Contracting Agency. The Contracting Agency will not be held liable for payment of invoices submitted after this time unless prior written approval has been given.

(e) In the event items on an invoice are disputed, payment on those items will be held until the dispute is resolved. Backup documentation including but not limited to invoices, receipts, proof of payments and signed time sheets, or any other documentation requested by the Contracting Agency's Contract Administrator, is required, and shall be maintained by the Contractor in accordance with cost principles applicable to this contract. Contractor invoices shall be signed by the Contractor's official representative, and shall include a statement certifying that the invoice is a true and accurate billing. Cost principles contained in the federal acquisition regulations, 48 CFR, Subpart 31.3 and OMB circular A-21 shall be used as criteria in the determination of allowable costs.

(c) In the event items on an invoice are disputed, payment on those items will be held until the dispute is resolved. Undisputed items will not be held with the disputed items.

(d) The Contractor shall submit a final invoice and required documentation within 90 days after final acceptance of services by the Contracting Agency. The Contracting Agency will not be held liable for payment of invoices submitted after this time unless prior written approval has been given.

32. TERMINATION FOR CONVENIENCE - FIXED PRICE CONTRACT (This provision is applicable only to fixed-price contracts)

The Procurement Officer, by written notice, may terminate this contract, in whole or in part, when it is in the Contracting Agency's interest. 33. TERMINATION FOR DEFAULT; DAMAGES FOR DELAY; TIME EXTENSIONS – FIXED PRICE CONTRACT (This provision is applicable only to fixed-price contracts.)

(a) The Contracting Agency may, subject to the provisions of subsection (c) below, by written notice of default to the Contractor, terminate the whole or any part of this contract in any one of the following circumstances:

- (1) If the Contractor fails to make delivery of the work products or to perform the services within the time specified herein or any extension thereof; or
- (2) If the Contractor fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and

in either of these two circumstances does not cure such failure within a period of 10 days (or such longer period as the Procurement Officer may authorize in writing) after receipt of notice from the Procurement Officer specifying such failure.

(b) In the event the Contracting Agency terminates this contract in whole or in part as provided in subsection (a) of this provision, the Contracting Agency may procure, upon such terms and in such manner as the Procurement Officer may deem appropriate, work products or services similar to those so terminated, and the Contractor shall be liable to the Contracting Agency for any excess costs for such similar work products or services; provided, that the Contractor shall continue the performance of this contract to the extent not terminated under this provision.

(c) Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform arises out of causes beyond the control and without the fault or negligence of the Contractor. Such cause may include acts of God or of the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies, work products, or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule.

(d) If this contract is terminated as provided in subsection (a) of this provision, the Contracting Agency, in addition to any other rights provided in this provision, may require the Contractor to transfer title and deliver to the Contracting Agency, in the manner and to the extent directed by the Procurement Officer, such completed and partially completed reports, materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights and any other work product as the Contractor has specifically produced or specifically acquired for the performance of such part of this contract as has been terminated; and the Contractor shall, upon direction of the Procurement Officer, protect and preserve the property in possession of the Contractor in which the Contracting Agency has an interest. Payment for completed work and work products delivered to and accepted by the Contracting Agency shall be at the contract price. Payment for partially completed work and work products delivered to and accepted by the Contracting Agency shall be in an amount agreed upon by the Contractor and the Procurement Officer, and failure to agree to such amount shall be a dispute concerning a question of fact which shall be resolved under the Disputes clause of this contract.

(e) The rights and remedies of the Contracting Agency provided in this provision shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

(f) If after termination for failure of the Contractor to fulfill its contractual obligations, it is determined that the Contractor had not failed to fulfill contractual obligations, or that such failure was excusable under criteria set forth herein, the termination shall be deemed to have been for the convenience of the Contracting Agency. In such event, settlement costs and the contract price may be adjusted as provided in the Termination For Convenience provision of this contract.
