Award shall be made to the responsive, responsible Offeror whose proposal received the highest total points in accordance with the Alaska Statutes Title AS.36.30, and the University of Alaska procurement regulations, policies, procedures, and the terms and conditions of this solicitation.

In accordance with the scoring methodology of the RFP process, an award may be made to other than the lowest price offered. Likewise, the proposal with the top technical rating may not necessarily receive the award. Proposals that are unrealistic in terms of program commitments, or reflect an inherent lack of comprehension of the complexity and risks of the proposed contractual requirements may be rejected.

### 2. PROPOSAL CONTENT:

The Offeror's proposal shall consist of a Technical Proposal and Cost / Price Proposal which satisfy requirements of the RFP. The Offeror shall decide the level of detail necessary to adequately describe the goods / services included in their proposal. However, the University discourages overly lengthy proposals.

See Section H, Proposal Content Requirements, for a detailed description of required information to be provided in a response to this RFP.

### 3. EVALUATION PROCESS:

Initially, all proposals shall be reviewed by the UAA Procurement Services Department to determine if they are administratively responsive to the RFP.

Those proposals that are administratively responsive shall be distributed to the proposal evaluation committee (PEC). First, the Contract Officer shall determine if the proposal meets the administrative responsiveness requirements. This is a pass / fail evaluation. Second, those proposals that pass shall then be distributed to the PEC members for evaluation of the proposal content as described in Section H.

After the evaluation is complete, the University may elect to request verbal and / or written discussions with those Offerors determined to be in the competitive range. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals and such revisions may be permitted after submission and prior to award for the purpose of obtaining Best and Final Offers.

In addition, the evaluation committee may also elect to extend requests for product demonstrations or invitations for presentations to one or more Offerors, within the competitive range. If presentations are conducted, a member from the evaluation committee will contact the selected proposer(s) to schedule a date, time, and location for such presentation. The presentation may be conducted as a web-based meeting and will be primarily focused on introducing the features and functionality of the software system to the committee. Presentations will be limited to 90 minutes followed by 30 minutes for questions from the evaluation committee.

However, UAA may award a contract on the basis of initial proposals received without discussions. Therefore, each initial proposal should contain the Offeror's best terms from a technical standpoint and price.

### 4. EVALUATION CRITERIA:

Each of the identified criterion has an assigned weight (whole numbers between 1 and 100) that is used to establish their relative importance in the evaluation process.

The criterion for this RFP are as noted below:

<u>CRITERION</u>	<u>WEIGHT</u>
<b>RFP Response/Understanding of the Project</b>	<b>15</b>
<b>Experience &amp; Qualifications</b>	<b>25</b>
<b>Management Plan (Implementation &amp; Support)</b>	<b>30</b>
<b>Business Model/Financial Proposal</b>	<b>30</b>

**PROPOSAL EVALUATION AND AWARD (CONT.)****5. SCORING METHOD:**

**Technical Criterion:** The Proposal Evaluation Committee (PEC), consisting of UAA representatives, will independently review each proposal determined to be administratively responsive. Each evaluator independently enters a scaled rating (e.g. 1-10) for each technical evaluation criterion. The scaled rating is multiplied by the weight to produce a weighted score for each criterion. The weighted scores of all criteria are summed to provide a total weighted score for each offer. The aggregate score of each offer is divided by the number of evaluators to produce an average score. High and Low scores, which skew results, may be eliminated from consideration.

**Price:** The maximum score for the Price / Cost Proposal included in this RFP, as provided by the Offerors, shall be awarded to the firm offering the highest total guaranteed revenue return to UAA. Appropriate proportional scores shall be assigned to the other Offerors using the following formula:

$$\frac{\text{Lower return to UAA} \times \text{maximum points available}}{\text{Higher return to UAA}} = \text{Cost/Price Score}$$

**6. BEST AND FINAL OFFERS:**

The University Procurement Officer shall notify all Offerors within the competitive range, in writing, of the request for a Best and Final Offer. The notice shall include all questions, changes, or modifications to be addressed and establish a due date and time for submission. If an Offeror does not submit a Best and Final Offer or a notice of withdrawal, their immediate previous offer will be considered to be their Best and Final Offer.

**END G. PROPOSAL EVALUATION AND AWARD.**

UAA may obtain information from references provided by the offeror, customers known to UAA, consumer protection organizations, and any other source that may have useful and relevant information. - (1) Drawings, designs, or Specifications.
- (2) Method of shipment or packing.
- (3) Place of inspection, delivery or acceptance.

(b) If any such change causes an increase or decrease in the estimated cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects any other terms and conditions of this contract, the Procurement Officer shall make an equitable adjustment in the (1) price, performance or completion schedule, or both; and (2) other affected terms and shall modify the contract accordingly.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the Procurement Officer decides that the facts justify it, the Procurement Officer may receive and act upon a proposal submitted before final payment of the contract. No claim by the Contractor for an adjustment hereunder shall be allowed if notice is not given prior to final payment under this contract.

(d) Any adjustment in contract price pursuant to this provision shall be determined in accordance with the Price Adjustment provision of this contract.

By proceeding with the Work, the Contractor shall not be deemed to have prejudiced any claim for additional compensation, or an extension of time for completion.

(f) Except as otherwise provided in this contract, no payment for any extras, for either services or materials, will be made unless such extras and the price therefor have been authorized in writing by the Procurement Officer.

**27. PRICE ADJUSTMENT - FIXED PRICE CONTRACT (This provision is applicable only to fixed price contracts.)**

**28. CHANGES - COST-REIMBURSEMENT CONTRACT (This provision is applicable only to cost-reimbursement type contracts.)**

No claim by the Contractor for an adjustment hereunder shall be allowed if notice is not given prior to final payment under this contract.

(d) Failure to agree to any adjustment shall be resolved in accordance with the Disputes provision of this contract. (e) Notwithstanding the terms and conditions of paragraphs (a) and (b) above, the estimated total cost of this contract shall not be increased or considered to be increased except by specific written modification of the contract indicating the new contract estimated total amount. (b) In the event the Contracting Agency terminates this contract in whole or in part as provided in subsection (a) of this provision, the Contracting Agency may procure, upon such terms and in such manner as the Procurement Officer may deem appropriate, work products or services similar to those so terminated, and the Contractor shall be liable to the Contracting Agency for any excess costs for such similar work products or services; provided, that the Contractor shall continue the performance of this contract to the extent not terminated under this provision.

(c) Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform arises out of causes beyond the control and without the fault or negligence of the Contractor. Such cause may include acts of God or of the public enemy, acts of the government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather, but in every case the failure to perform must be beyond the control and without the fault or negligence of the Contractor. Payment for completed work and work products delivered to and accepted by the Contracting Agency shall be at the contract price. Payment for partially completed work and work products delivered to and accepted by the Contracting Agency shall be in an amount agreed upon by the Contractor and the Procurement Officer, and failure to agree to such amount shall be a dispute concerning a question of fact which shall be resolved under the Disputes clause of this contract.

(e) The rights and remedies of the Contracting Agency provided in this provision shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

(f) If after termination for failure of the Contractor to fulfill its contractual obligations, it is determined that the Contractor had not failed to fulfill contractual obligations, or that such failure was excusable under criteria set forth herein, the termination shall be deemed to have been for the convenience of the Contracting Agency. In such event, settlement costs and the contract price may be adjusted as provided in the Termination For Convenience provision of this contract.
