ITB 190000029

I. STANDARD TERMS AND CONDITIONS

A. INSTRUCTIONS TO BIDDERS

1. INVITATION TO BID (ITB) REVIEW: Bidders shall carefully review this ITB for defects and questionable or objectionable material. Bidders' comments concerning defects and questionable or objectionable material in the ITB must be made in writing and received by the purchasing authority at least ten (10) days before the bid opening date. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices. Bidders' original comments should be sent to the purchasing authority listed on the front of this ITB.

2. BID FORMS: Bidders shall use this and attached forms in submitting bids. A photocopied bid may be submitted.

3. SUBMITTING BIDS:

a. SEALED BIDS: Envelopes containing bids must be sealed, marked, and addressed to: **Department of Natural Resources, Division of Support Services, 550 W. 7th Avenue, Suite 1330, Anchorage, AK 99501.** Clearly annotate the ITB No. and the DEADLINE FOR RESPONSES DATE on the front of the envelope. **DO NOT** put the ITB number and Deadline for Responses date on the envelope of a **request for bid information.** Envelopes with ITB numbers annotated on the outside will not be opened until the scheduled date and time.

b. ELECTRONIC BID SUBMISSION: Bids may be emailed to dnr.ssd.procurement@alaska.gov, must be received in their entirety no later than the date and time listed on page one of this ITB as the deadline for responses, and must contain the ITB number in the subject line of the email. Emailed bids must be submitted as an attachment in PDF format. Please note that the maximum size of a single email (including all text and attachments) that can be received by the state is 20mb (megabytes). If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes and each email must comply with the requirements described above. The state is not responsible for unreadable, corrupt, or missing attachments or for delays in transmission between the sender and DNR Procurement. It is the bidder's responsibility to contact the issuing office at (907) 269-8687 to confirm that the bid has been received. Failure to follow the above instructions may result in the bid being found non-responsive and rejected.

---	--------------------------------	--	---------------------

c. FAX BID SUBMISSION: Bids may be faxed to (907) 269-8909 and must be received in their entirety no later than the date and time listed on page one of this ITB as the Deadline for Responses. The state is not responsible for unreadable, corrupt, or missing attachments or pages, or for delays in transmission between the sender and DNR Procurement. It is the bidder's responsibility to contact the issuing office at (907) 269-8687 to make arrangements prior to faxing the bid and to confirm that the bid has been received. Failure to follow the above instructions may result in the bid being found non-responsive and rejected.

4. PRICES: The bidder shall state prices in the units of issue on this ITB. Prices quoted for commodities must be in U.S. funds and include applicable federal duty, brokerage fees, packaging, and transportation cost to the FOB point so that upon transfer of title the commodity can be utilized without further cost. Prices quoted for services must be quoted in U.S. funds and include applicable federal duty, brokerage fee, packaging, and transportation cost so that the services can be provided without further cost. Prices quoted in bids must be exclusive of federal, state, and local taxes. If the bidder believes that certain taxes are payable by the State, the bidder may list such taxes separately, directly below the bid price for the affected item. The State is exempt from Federal Excise Tax except the following:

- Coal - Internal Revenue Code of 1986 (IRC), Section 4121 - on the purchase of coal;
- "Gas Guzzler" - IRC, Section 4064 - on the purchase of low m.p.g. automobiles, except that police and other emergency type vehicles are not subject to the tax;
- Air Cargo - IRC, Section 4271 - on the purchase of property transportation services by air;
- Air Passenger - IRC, Section 4261 - on the purchase of passenger transportation services by air carriers.
- Leaking Underground Storage Tank Trust Fund Tax (LUST) - IRC, Section 4081 - on the purchase of Aviation gasoline, Diesel Fuel, Gasoline, and Kerosene.

5. VENDOR TAX ID NUMBER: If goods or services procured through this ITB are of a type that is required to be included on a Miscellaneous Tax Statement, as described in the Internal Revenue Code, a valid tax identification number must be provided to the State of Alaska before payment will be made.

6. FILING A PROTEST: A bidder may protest the award of a contract or the proposed award of a contract for supplies, services, or professional services. The protest must be filed in writing and include the following information: (1) the name, address, and telephone number of the protester; (2) the signature of the protester or the protester's representative; (3) identification of the contracting agency and the solicitation or contract at issue; (4) a detailed statement of the legal and factual grounds of the protest,

including copies of relevant documents; and (5) the form of relief requested. Protests will be treated in accordance with Alaska Statutes (AS) 36.30.560-36.30.610.

B. CONDITIONS

1. AUTHORITY: This ITB is written in accordance with AS 36.30 and 2 AAC 12.

2. COMPLIANCE: In the performance of a contract that results from this ITB, the contractor must comply with all applicable federal, state, and borough regulations, codes, and laws; be liable for all required insurance, licenses, permits and bonds; and pay all applicable federal, state, and borough taxes.

3. SUITABLE MATERIALS, ETC.: Refer to Section F, Scope of Services, for suitable materials, etc..

4. SPECIFICATIONS: Unless otherwise specified in the ITB, product brand names or model numbers specified in this ITB are examples of the type and quality of product required, and are not statements of preference. If the specifications describing an item conflict with a brand name or model number describing the item, the specifications govern. Reference to brand name or number does not preclude an offer of a comparable or better product, if full specifications and descriptive literature are provided for the product. Failure to provide such specifications and descriptive literature may be cause for rejection of the offer.

5. FIRM OFFER: For the purpose of award, offers made in accordance with this ITB must be good and firm for a period of ninety (90) days from the date of bid opening.

6. EXTENSION OF PRICES: In case of error in the extension of prices in the bid, the unit prices will govern; in a lot bid, the lot prices will govern.

7. BID PREPARATION COSTS: The State is not liable for any costs incurred by the bidder in bid preparation.

8. CONSOLIDATION OF AWARDS: Due to high administrative costs associated with processing of purchase orders, a single low bid of \$50 or less may, at the discretion of the State, be awarded to the next low bidder receiving other awards for consolidation purposes. This paragraph is not subject to the protest terms enumerated in "INSTRUCTION TO BIDDERS", "FILING A PROTEST" above.

9. CONTRACT FUNDING: Bidders are advised that funds are available for the initial purchase and/or the first term of the contract. Payment and performance obligations for

Solicitation Assemble 190000029	Document Phase Final	Document Description As-Needed Portable Toilets & Hand Wash Stations for Forestry	Page 6 of 28
---	--------------------------------	--	---------------------

succeeding purchases and/or additional terms of the contract are subject to the availability and appropriation of funds.

10. CONFLICT OF INTEREST: An officer or employee of the State of Alaska may not seek to acquire, be a party to, or possess a financial interest in, this contract if (1) the officer or employee is an employee of the administrative unit that supervises the award of this contract; or (2) the officer or employee has the power to take or withhold official action so as to affect the award or execution of the contract.

11. ASSIGNMENT(S): Assignment of rights, duties, or payments under a contract resulting from this ITB is not permitted unless authorized in writing by the DNR Procurement Officer. Bids that are conditioned upon the State's approval of an assignment will be rejected as non-responsive.

12. SUBCONTRACTOR(S): Within five (5) working days of notice from the state, the apparent low bidder must submit a list of the subcontractors that will be used in the performance of the contract. The list must include the name of each subcontractor and the location of the place of business for each subcontractor and evidence of each subcontractor's valid Alaska business license.

13. FORCE MAJEURE (Impossibility to perform): The parties to a contract resulting from this ITB are not liable for the consequences of any failure to perform, or default in performing, any of its obligations under the contract, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party. For the purposes of this ITB, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

14. LATE BIDS: Late bids are bids received after the time and date set for receipt of the bids. Late bids will not be accepted.

15. CONTRACT EXTENSION: Unless otherwise provided in this ITB, the State and the successful bidder/contractor agree: (1) that any holding over of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) to provide written notice to the other party of the intent to cancel such month-to-month extension at

Solicitation Assemble 190000029	Document Phase Final	Document Description As-Needed Portable Toilets & Hand Wash Stations for Forestry	Page 7 of 28
---	--------------------------------	--	---------------------

least thirty (30) days before the desired date of cancellation.

16. DEFAULT: In case of default by the contractor, for any reason whatsoever, the State of Alaska may procure the goods or services from another source and hold the contractor responsible for any resulting excess cost and may seek other remedies under law or equity.

17. DISPUTES: If a contractor has a claim arising in connection with a contract resulting from this ITB that it cannot resolve with the State by mutual agreement, it shall pursue a claim, if at all, in accordance with the provisions of AS 36.30.620 – 632.

18. CONSUMER ELECTRICAL PRODUCT: AS 45.45.910 requires that "...a person may not sell, offer to sell, or otherwise transfer in the course of the person's business a consumer electrical product that is manufactured after August 14, 1990, unless the product is clearly marked as being listed by an approved third party certification program." Electrical consumer products manufactured before August 14, 1990, must either be clearly marked as being third party certified or be marked with a warning label that complies with AS 45.45.910(e). Even exempted electrical products must be marked with the warning label. By signature on this bid the bidder certifies that the product offered is in compliance with the law. A list of approved third party certifiers, warning labels and additional information is available from: Department of Labor and Workforce Development, Labor Standards & Safety Division, Mechanical Inspection Section, P.O. Box 107020, Anchorage, Alaska 99510-7020, (907) 269-4925.

19. SEVERABILITY: If any provision of the contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and, the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

20. GOVERNING LAW; FORUM SELECTION: A contract resulting from this ITB is governed by the laws of the State of Alaska. To the extent not otherwise governed by section 17 of these Standard Terms and Conditions, any claim concerning the contract shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

C. SPECIAL CONDITIONS

1. ORDER DOCUMENTS: Except as specifically allowed under this ITB, an ordering agency will not sign any vendor contract. The State is not bound by a vendor contract signed by a person who is not specifically authorized to sign for the State under this ITB. The State of Alaska Contract Award, Delivery Order (DO), and Division of Forestry Resource Order (RO) are the only order documents that may be used to place orders

The ordering agency will make payment after it receives the merchandise or service and the invoice. Questions concerning payment must be addressed to the ordering agency.

3. CONTINUING OBLIGATION OF CONTRACTOR: Notwithstanding the expiration date of a contract resulting from this ITB, the contractor is obligated to fulfill its responsibilities until warranty, guarantee, maintenance and parts availability requirements have completely expired.

5. COMPLIANCE WITH ADA: By signature of their bid the bidder certifies that they comply with the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the federal government.

Services or activities furnished to the general public on behalf of the state must be fully accessible. This is intended to ensure that agencies are in accordance with 28 CFR Part 35 Section 35.130 and that services, programs or activities furnished to the public through a contract do not subject qualified individuals with a disability to discrimination based on the disability.

6. Preference Qualification: Not applicable to this ITB.

7. CONTRACT PERFORMANCE LOCATION: By signature on their bid, the bidder certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the bidder cannot certify that all work will be performed in the United States, the bidder must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of bids.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the bid as non-responsive, or cancel the contract.

8. HUMAN TRAFFICKING: By signature on their bid, the bidder certifies that the bidder is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <http://www.state.gov/g/tip/>

Failure to comply with this requirement will cause the state to reject the bid as non-responsive, or cancel the contract

Solicitation Assemble 190000029	Document Phase Final	Document Description As-Needed Portable Toilets & Hand Wash Stations for Forestry	Page 12 of 28
---	--------------------------------	--	----------------------

9. CONTRACT INTENT: This Invitation to Bid (ITB) is intended to result in multiple contractor, multiple year, contracts for as-needed rental and servicing of portable toilet and hand-wash stations for use by the Division of Forestry within the State of Alaska.

Contracts resulting from this ITB will replace the existing Emergency Equipment Rental Agreements (EERAs) maintained by the Division of Forestry effective May 15, 2019. Bidders who are currently on the existing EERAs maintained by the Division of Forestry must submit a bid in response to this ITB to be entered into the new contract.

10. PRE-BID CONFERENCE: No pre-bid conference will be held for this ITB.

11. NOTICE OF INTENT TO AWARD: After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the state's intent to award a contract(s) to the bidder(s) indicated. A copy of the Notice of Intent will be mailed to each company or person who responded to the ITB. Bidders identified as the apparent low responsive bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the Procurement Officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the Procurement Officer does so without a contract and at their own risk.

12. PAYMENT FOR STATE PURCHASES: Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

13. PROMPT PAYMENT FOR STATE PURCHASES: The state is eligible to receive a discount for all invoices paid within 15 business days from the date of receipt of the commodities or services and/or a correct invoice, whichever is later. Unless the bidder specifies otherwise within their bid, the discount shall be 5%. The discount shall be taken on the full invoice amount. The state shall consider payment being made as either the date a printed warrant is issued or the date an electronic funds transfer (EFT) is initiated.

---	--------------------------------	--	----------------------

14. CONTRACT ADMINISTRATION: Contract administration responsibilities will be spelled out in the contract(s) resulting from this ITB.

15. INDEMNIFICATION: The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the Contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Contracting agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

16.INSURANCE: Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits. Certificates of Insurance must be furnished to the Procurement Officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with, and be issued by insurers licensed to transact the business of insurance under AS 21.

Proof of insurance is required for the following:

Workers' Compensation Insurance: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the state.

Commercial General Liability Insurance: covering all business premises and operations used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per

Solicitation Assemble 190000029	Document Phase Final	Document Description As-Needed Portable Toilets & Hand Wash Stations for Forestry	Page 14 of 28
---	--------------------------------	--	----------------------

occurrence.

Commercial Automobile Liability Insurance: covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

Failure to supply satisfactory proof of insurance within the time required will cause the state to declare the bidder non-responsible and to reject the bid.

All responsive bidders will be required to have and maintain current proof of insurance meeting these minimum requirements before award or renewal of a contract resulting from this ITB.

17. BRAND AND MODEL OFFERED: Not applicable to this ITB.

18. SUPPORTING INFORMATION: The state strongly desires that bidders submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made by the Procurement Officer that the product offered meets the ITB specifications and that other requirements of the ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the state reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder make the offered equipment available within the State of Alaska so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or have the equipment available for inspection, within the time set by the state, will cause the state to consider the offer non-responsive and reject the bid.

19. FIRM, UNQUALIFIED AND UNCONDITIONAL OFFER: Bidders must provide enough information with their bid to constitute a definite, firm, unqualified and unconditional offer. To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all of the material terms of the ITB. Also included as material terms are those which are clearly identified in the ITB and which, for reasons of policy, must be complied with at risk of bid rejection for non-responsiveness.

and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to and/or use by third parties of, the confidential information. "Reasonable care" means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

21. CONTRACT PERIOD, CONTRACT PRICES AND PRICE ADJUSTMENTS, AND OPEN ENROLLMENT PERIODS:

a. Contract Period. The length of the contract will be five consecutive years from approximately May 15, 2019 through April 30, 2024. There are no renewal options for this contract and it will automatically expire on April 30, 2024. Contract extensions may be authorized subject to the provisions of the State of Alaska Procurement Code.

The contract period for contractors added to the contract under the Open Enrollment procedures outlined in this ITB will expire on April 30, 2024. For example, if a contractor is added during the July 1, 2023 through August 1, 2023 Open Enrollment period, that contract will expire on April 30, 2024. Review the Open Enrollment Periods paragraph below for more information.

b. Contract Prices and Price Adjustments. Contract prices offered in the initial bid submitted in response to this ITB are to remain firm until the July 1st through August 1st, 2019 Open Enrollment period. During the July 1st through August 1st and January 1st through April 15th Open Enrollment periods contractors may at their discretion submit a written request to adjust their contract prices. The State may, at its sole discretion, deny a price increase to a bidder who submits multiple increases for a single asset during an open enrollment period. For example, the contractor has a portable toilet listed as an asset in the contract. If the contractor were to submit multiple price increases for that asset during an Open Enrollment period the state may deny the increase.

c. Open Enrollment Periods.

1) The Department of Natural Resources, Support Services Division, Procurement Section (DNR Procurement) may issue periodic Open Enrollment solicitations during the contract year. The intent of the Open Enrollment period is to:

- a) allow existing contractors to add additional equipment to, or remove existing equipment from, their contract;
- b) allow existing contractors to increase or decrease their prices for equipment currently on the existing contract; and;
- c) allow new contractors to be added to the contract.

Contractors listed on the contract issued from this ITB will only be allowed to add additional, or remove existing, equipment during an Open Enrollment period.

Solicitation Assemble 190000029	Document Phase Final	Document Description As-Needed Portable Toilets & Hand Wash Stations for Forestry	Page 17 of 28
--	---------------------------------------	--	----------------------

Solicitations issued by DNR Procurement will be posted to the State of Alaska Online Public Notice and IRIS Vendor Self Service websites and will be sent to contractors issued contracts resulting from this ITB or who have expressed a desire to be added to the contract. Contractors who are on the existing contract will not be required to submit a new bid in response to an Open Enrollment period solicitation unless they are adding or removing equipment or increasing or decreasing their pricing.

Depending on the needs of the State, the Open Enrollment solicitation period may be shortened to no less than 10 calendar days at the discretion of the DNR Procurement Officer.

Protest rights outlined in Section 1, paragraph 6, of this ITB will apply to Open Enrollment periods.

2) The current schedule for planned Open Enrollment periods during each contract year are:

a. Between July 1st and August 1st; and

b. Between January 1st and April 15th.

The Open Enrollment schedule is subject to change depending on the requirements of the Division of Forestry. DNR does not guarantee an Open Enrollment solicitation will be issued during any of the above specified periods.

Also, because a solicitation will be issued in late 2023 or early 2024 for a new contract that will begin on May 1, 2024, an Open Enrollment period will not be held between January 1, 2024 and April 15, 2024. Contractors wishing to be added to the contract between January 1, 2024 and April 15, 2024 must respond to the solicitation issued for the new contract.

22. PRICE DECREASES: During the period of the contract all price decreases experienced by the contractor must be passed on to the state. A contractor's failure to strictly and faithfully adhere to this clause, within the time required, will be considered in breach of contract.

23. ACCESSORIES: When accessories are supplied, they must be certified to be compatible with the rest of the equipment. Certification will be written evidence satisfactory to the state that the accessories are compatible. The bidder's failure to supply this evidence within the time required by the state will cause the state to consider the bid non-responsive and reject the bid.

---	--------------------------------	--	----------------------

24. INSPECTION: Equipment offered for use under this ITB may be subject to inspection and approval by the state prior to the award of the ITB. The equipment and attachments must be in good repair and capable of performing the work for which they were designed.

25. ALTERATIONS: The contractor must obtain the written approval from the Procurement Officer prior to making any alterations to the specifications contained in this ITB. The state will not pay for alterations that are not approved in advance and in writing by the Procurement Officer.

26. INVOICES: Information on submitting invoices can be found in the Scope of Services section of this ITB.

27. THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED: Because of the additional administrative and accounting time required of state agencies when third party financing agreements are permitted, they will not be allowed under this contract.

28. CONTINUING OBLIGATION OF CONTRACTOR: Regardless of the terms and conditions of any third-party financing agreement, the contractor agrees that none of its responsibilities under this contract are transferable and that the contractor alone will continue to be solely responsible until the expiration date of the contract. Such responsibilities include, but are not limited to, the provision of equipment, training, warranty service, maintenance, parts and the provision of consumable supplies. By signature on the face page of this ITB the bidder acknowledges this requirement and indicates unconditional acceptance of this continuing obligation clause.

29. CONTRACT CANCELLATION: The state reserves the right to cancel the contract at its convenience upon 30 calendar days written notice to the contractor. The state is liable only for payment in accordance with the payment provisions of this contract for services or supplies provided before the effective date of termination.

30. METHOD OF AWARD: All respondents to this ITB will be awarded a contract provided they meet the specifications, terms, and conditions of this ITB and provided they are determined responsive and responsible bidders.

31. CONTRACTOR SELECTION PROCESS: Once the contracts are established this selection process will be used. Contractors will be listed alphabetically by type of equipment, home base location, cost per day, and contractor name. When the Division of Forestry requires emergency portable toilet or hand-wash station services they will contact contractors on the list that are nearest to the incident first and have the

---	--------------------------------	--	----------------------

necessary asset(s). If a contractor is unable to provide the needed support, Forestry will go down the list until they find a contractor who can provide the service.

It is understood the Division of Forestry is under no obligation to place, nor a contractor to accept, an order placed under any contract resulting from this ITB.

It is also understood the State does not guarantee a minimum or maximum number of services to be provided or dollar amount to be spent under any contract resulting from this ITB.

32. QUESTIONS: Questions concerning this ITB or the contents therein must be in writing and submitted to the DNR Procurement Office via fax to 907-269-8909 or via email to dnr.ssd.procurement@alaska.gov. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The Procurement Officer will make that decision.

33. ENROLLMENT IN IRIS: Bidders will be required to be enrolled in the State of Alaska's Integrated Resource Information System (IRIS) database prior to award of a contract resulting from this ITB. Enrollment can be done online at the following link: <http://doa.alaska.gov/dof/iris/vendor.html>. Bidders who are not enrolled prior to award of a contract will be notified by DNR Procurement. Failure of a bidder to enroll in the IRIS database will delay award of the contract and may delay issuance of Resource Orders or Delivery Orders for contract work.

34. FEDERAL DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION: Expenditures from this contract may involve federal funds. The U.S. Department of Labor requires all state agencies that are expending federal funds to have a certification filed in the bid (by the bidder) that they have not been debarred or suspended from doing business with the federal government. The **Certification regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions form attached to this solicitation must be completed and submitted with your bid.**

35. APPENDICES: Appendices referred to in or attached to this ITB may become part of the contract. This includes this ITB; any amendments issued for this ITB; Appendix A and Appendix B1 attached to this ITB; and the accepted bid submitted in response to this ITB.
