**New Business:** Bob Shavelson of Cook InletKeeper brought to our attention the seismic testing planned by Hilcorp in Lower Cook Inlet from late May until July. It is obvious that this could have an impact on Cook Inlet fish migration. The Homer AC unanimously agreed to have Dave Lyon draft a letter on this.

Bob also discussed the Corps draft EIS on the proposed Pebble Project. The Homer AC unanimously agreed to have Dave Lyon draft a letter expressing Homer AC concerns. The letter is to be oriented to procedural matters.

Meagan Krupa, currently of UC Santa Barbara gave an interesting PowerPoint entitled State of Alaska Salmon and People, State Board of Fisheries Proposal Dataset. It generated a lot of discussion.

We ended the meeting with a further discussion on proposals and the Homer AC's role.

Next meeting will be held September 10<sup>th</sup>.

Meeting adjourned at 7:50
