

Notice of Proposed Changes to Occupational Licensing Fees for Athletic Trainers in the Regulations of the Department of Commerce, Community, and Economic Development

Proposed Fee Regulations - FAQ

May 2019

1. Why are new fees being proposed?

By law, fees must be analyzed annually and set to approximately recover the cost of program operation. Alaska's professional licensing statutes (AS 08.01.065) require the Division of Corporations, Business and Professional Licensing (CBPL) to "annually review each fee level to determine whether the regulatory costs of each occupation are approximately equal to fee collections related to that occupation." Alaska's licensing fee statutes go on to say, "If the review indicates that an occupation's fee collections and regulatory costs are not approximately equal, the department shall calculate fee adjustments and adopt regulations...to implement the adjustments."

The division conducted a thorough fee analysis and proposes a decrease in licensing fee amount for athletic trainers to reduce the program's surplus and more closely align with AS 08.01.065.

2. What are the proposed fees for licensure?

Fees proposed for the 2019-2021 licensing period are below. Fees in **bold and underlined** are proposed, [bracketed] amounts being changed.

The following fees are established for athletic trainers:

- (1) nonrefundable application fee for initial license, \$200;
- (2) athletic trainer license fee for all or part of the initial biennial licensing period, **\$100** [\$500];
- (3) athletic trainer biennial license renewal fee, **\$100** [\$500].

3. How are the estimated costs determined?

AS 08.01.065 requires *all costs* of regulating the profession to be borne by its licensees. The proposed fees are based on known and anticipated costs.

4. What do licensing fees pay for?

The agency must create, publish, and manage licensing application forms and fees, which entail adherence to the state's recordkeeping, security, payment, and refund policies and procedures.

- Requirement of licensees to meet professional fitness standards, which are evaluated by the license examiner and referred to the agency's investigative unit if necessary for further review.
- Enforcement of disciplinary sanctions available to the agency if a licensee violates the state licensing statutes or regulations or an individual practices the profession without a license. Because state law requires all costs of a licensing program to be borne by the licensees of that program (AS 08.01.065), any investigative, attorney, or appeal expenses of the state will be recovered in the licensing fee.

5. When will this fee be effective?

After public comment deadline, comments received are compiled and given to the Division Director for consideration. The Department may adopt the regulation as written/publicly noticed, may amend and adopt them, choose to take no action, or may withdraw the proposed regulations in part or in its whole. After Department action, the adopted regulations goes to Department of Law (DOL) for final review/approval. DOL either approves or disapproves regulations. Once approved by DOL, it goes to the Lt. Governor for filing. Regulation takes effect on the 30th day after they have been filed by the Lt. Governor.
