Re: Board of Game Regulations re:
Jan. 11-15, 2019 Petersburg Meeting:
Southeast Region
(5 AAC 84.270 – 5 AAC 99.025)

We have reviewed the attached regulations changes from the Board of Game against the statutory standards of the Administrative Procedure Act. The regulations concern the use and taking of game in Alaska.

Based upon our review, we find no legal problems. This memorandum constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations.

Please note the May 10, 2019 certification of adoption order sets out an effective date of July 1, 2019 for the regulations. Therefore, the history note following each section will need to reflect this date. This is the first of two Board of Game regulation projects that have amendments effective July 1, 2019. The publisher should pay strict attention to ensure that the changes to existing regulations are made in consecutive order so that the regulations are printed correctly in the July register.

The December 9, 2018 public notice and the May 10, 2019 certification of adoption order both state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required.

We have made some technical corrections to conform the regulations in accordance with AS 44.62.125. The corrections are shown on the attached copy of the regulations.
