

**ALASKA BOARD OF FISHERIES
DELEGATION OF AUTHORITY TO
CORRECT ERRORS OR OMISSIONS IN REGULATIONS AND TO
REFORMAT AND RENAME CHAPTERS WITHIN ALASKA ADMINISTRATIVE
CODE**

2006-250-FB
(Replaces Finding 99-192-FB)

The Board of Fisheries ("board") makes the following findings:

1. The board characteristically adopts numerous regulations during the course of any year.
2. Many of the regulations adopted by the board are highly complex and interrelated with other regulations already in effect.
3. In view of the volume of regulatory proposals considered by the board at each meeting, it is impossible to prevent occasional ambiguities, inconsistencies, errors or omissions, or other technical shortcomings in regulations adopted by the board. Such deficiencies in regulations may preclude successful prosecution of regulatory violations, or prevent the intent of the board from being fully implemented or result in other consequences not desired by the board. Technical deficiencies may include some or all of the following items; formatting problems; typographical errors or inadvertent errors made during publication; conflicting regulations; lack of definition of terms and modification of terminology to reflect changes in technology.
4. As a result of the volume of regulations considered by the Board and the compressed timeline for getting regulations into place, errors or omissions, such as incorrect phrasing of Board conceptual regulatory language and failure to fully capture all amendments to a proposal in final regulatory language, do happen in the course of regulatory writing during a board cycle, and the board recognizes the need to correct such problems to make the regulations consistent with board's original intent.
5. It is impractical, unnecessary, and contrary to the public interest to initiate action by the full board to correct such errors or omissions, or address reformatting and renaming chapters within the Alaska Administrative code.
6. The commissioner and staff of the Department of Fish and Game, and personnel of the Departments of Law and Public Safety are most likely to notice technical deficiencies and or errors and omissions in the regulations as a result of daily administration of Title 16 of the Alaska Statutes and Title 5 AAC regulations adopted by the board.

THEREFORE THE BOARD RESOLVES that in hereby makes the following delegation of its rulemaking authority under AS 16.05.251 and AS 16.05.258 to the commissioner of the Department of Fish and Game to be carried out under AS 16.05.270:

A. The commissioner may adopt, in accordance with the Administrative procedure Act (AS 44.62), permanent or emergency regulations, designated to eliminate inconsistencies, ambiguities, errors or omissions, or other technical deficiencies in existing regulations of the board.

B. The commissioner may reopen board regulatory projects after filing of the original regulations, and may sign a new adoption order reflecting the board's adoption of the regulations, within the current or previous board cycle, when through administrative error, the regulations are not correctly reflected in the administrative code. The commissioner may make such corrections in the regulations so long as they continue to be consistent with the board's original intent, as explained in the record of the board's proceedings.

C. All regulatory changes adopted by the commissioner under this delegation must be consistent with the expressions of the board's intent at the time it adopted the regulation to be corrected. Regulatory amendments that would result in a significant, substantive amendment or addition to existing board regulations that are not clearly manifest in the board's record, may not be adopted by the commissioner under the authority of this delegation and will require a separate delegation or direct board action.

D. This resolution replaces Finding 99-192-FB.

E. This delegation of authority shall remain in effect until revoked by the board.
