State Board of Registration for

Surveyors: Corporate Authorizations,
and Registrant in Offices

The Department of Law has reviewed the attached regulations of the Board of Registration for Architects, Engineers, and Land Surveyors against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This memorandum constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations. The regulations were adopted by the Board of Registration for Architects, Engineers, and Land Surveyors after the close of the public comment period. The regulations concern standards for corporate authorizations and registrants, and add clarity to the scope of the authority of an individual in responsible charge to allow any employee of an authorized entity to seal documents for the corporation if authorized by the registrant in responsible charge.

The December 20, 2018, public notice and the August 7, 2019, certification of adoption order both state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required.

We have made some technical corrections to conform the regulations in accordance with AS 44.62.125. The corrections are shown on the attached copy of the regulations.

29 architect registration requirements given the delay in pursuing a statute change. Fritz suggested the board do
30 what they can within their authority to improve the regulations and that it would be a show of good faith.
31 Urfer agreed and indicated that the regulation changes need to stay within the statute. The Chair and Urfer
32 confirmed that a regulation project was already in process as part of the statute change.
