COMPLIANCE WITH ADA: By signature of their bid the Bidder certifies that they comply with the Americans with Disabilities Act of 1990 and the regulations issued thereunder by the federal government. Services or activities furnished to the general public on behalf of the State must be fully accessible.

This is intended to ensure that agencies are in accordance with 28 CFR Part 35 Section 35.130 and that services, programs or activities furnished to the public through a contract do not subject qualified individuals with a disability to discrimination based on the disability.

PREFERENCE QUALIFICATION: In order to qualify for an Alaska Veterans Preference, Employment Program Preference, or Alaskans with Disabilities Preference, a bidder must add value by actually performing, controlling, managing, and supervising the services provided, or a bidder must have sold supplies of the general nature solicited to other state agencies, governments, or the general public.

CONTRACT PERFORMANCE LOCATION: By signature on their bid, the Bidder certifies that all services provided under this contract by the Contractor and all subcontractors will be performed in the United States.

If the Bidder cannot certify that all work will be performed in the United States, the Bidder must contact the Procurement Officer in writing to request a waiver at least 10 days prior to the deadline for receipt of bids.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the State to reject the bid as non-responsive, or cancel the contract.

HUMAN TRAFFICKING: By signature on their bid, the bidder certifies that the Bidder is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <http://www.state.gov/g/tip/>

Failure to comply with this requirement will cause the state to reject the bid as non-responsive, or cancel the contract

CONTRACT INTENT: This Invitation to Bid (ITB) is intended to result in the procurement of Janitorial Services for the Nome State Office Building located in Nome, Alaska.

CONTRACT ADMINISTRATION: The administration of this contract is the responsibility of the Procurement Officer of Record for the Department of Transportation & Public Facilities, Statewide Contracting and Procurement.

CONTRACT PERIOD: The length of the contract will be from approximately January 1, 2020 through June 30, 2021, with the option to renew for two (2) additional (1) year renewal options, under the same terms and conditions as the original contract. Renewals are to be exercised solely by the State. The State will issue Unilateral Renewal Options for each exercised optional renewal.

NOTICE OF INTENT TO AWARD: After the responses to this ITB have been opened and evaluated, a tabulation of the bids will be prepared. This tabulation, called a Notice of Intent to Award, serves two purposes. It lists the name of each company or person that offered a bid and the price they bid. It also provides notice of the state's intent to award a contract(s) to the Bidder(s) indicated. The Procurement Officer will provide a copy of the Notice of Intent to each company or person who responded to the ITB. Bidders identified as the apparent

low responsive Bidders are instructed not to proceed until a Purchase Order, Contract Award, Lease, or some other form of written notice is given by the Procurement Officer. A company or person who proceeds prior to receiving a Purchase Order, Contract Award, Lease, or some other form of written notice from the contracting officer, does so without a contract, and at their own risk.

PAYMENT FOR STATE PURCHASES: Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a State agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

INVOICES: Invoices must be sent directly to the ordering agency's address shown on the individual Purchase Order, Contract Award or Delivery Order. The ordering agency will only make payment after it receives the merchandise or service and the invoice. Questions concerning payment must be addressed to the ordering agency.

INDEMNIFICATION: The contractor shall indemnify, hold harmless, and defend the Contracting agency from and against any claim of, or liability for error, omission or negligent act of the Contractor under this agreement. The Contractor will not be required to indemnify the Contracting agency for a claim of, or liability for, the independent negligence of the Contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the Contractor and the independent negligence of the Contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "Contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the Contracting agency's selection, administration, monitoring, or controlling of the Contractor and in approving or accepting the Contractor's work.

INSURANCE: Without limiting Contractor's indemnification, it is agreed that Contractor will purchase, at its own expense and maintain in force at all times during the performance of services under this agreement, the following policies of insurance. Where specific limits are shown, it is understood that they will be the minimum acceptable limits. **If the Contractor's policy contains higher limits**, the State will be entitled to coverage to the extent of such higher limits. Certificates of Insurance must be furnished to the Procurement Officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and will be grounds for termination of the Contractor's services. All insurance policies must comply with, and be issued by insurers licensed to transact the business of insurance under AS 21.

Proof of insurance is required for the following:

Workers' Compensation Insurance: The Contractor must provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.

Commercial General Liability Insurance: Covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

Commercial Automobile Liability Insurance: Covering all vehicles used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per occurrence.

Failure to supply satisfactory proof of insurance within the time required will cause the State to declare the Bidder non-responsible and to reject the bid.

FIRM, UNQUALIFIED AND UNCONDITIONAL OFFER: Bidders must provide enough information with their bid to constitute a definite, firm, unqualified and unconditional offer. To be responsive, a bid must constitute a definite, firm, unqualified and unconditional offer to meet all of the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms, are those which are clearly identified in the ITB and which, for reasons of policy, must be complied with at risk of bid rejection for non-responsiveness.

THIRD-PARTY FINANCING AGREEMENTS NOT ALLOWED: Because of the additional administrative and accounting time required of State agencies when third party financing agreements are permitted, they will not be allowed under this contract.

PRICES ADJUSTMENTS: The State will consider price fluctuations during the term(s) of the contract.

The Contractor's Bid Pricing (contract prices) will remain firm from the date of award through June 30, 2021. Beginning July 1 2021, the Contractor may request price adjustments, in writing, thirty (30) days prior to the date the adjustment will take effect. If the Contractor fails to request a CPI price adjustment 30 days prior to the renewal date, the adjustment will be effective 30 days after the State receives their written request.

Prices will be adjusted using the U.S. Department of Labor, Bureau of Labor Statistics, Consumer Price Index (CPI-U) for All Urban Consumers - All Items - Anchorage Area.

The price adjustment rate will be determined by comparing the percentage difference between the CPI in effect for the base year six-month average of **July through December of 2019**; and each July through December six-month average thereafter. The percentage difference between those two CPI indexes will be the price adjustment rate for that request.

No retroactive price adjustments will be allowed.

PRICE DECREASES: During the period of the contract, all price decreases experienced by the Contractor must be passed on to the State. Failure to strictly and faithfully adhere to this clause, within the time required, will be considered in breach of contract and the contract will be terminated.

SITE INSPECTION / PREBID WALKTHROUGH: The State is scheduling an in-person walkthrough of the work location to allow interested parties / Potential Bidders the opportunity to assess the scope of work based on the layouts of the buildings. Interested Parties / Potential Bidders are strongly encouraged to visit the following locations so that they can see the conditions under which the work described in this ITB will be performed. The Bidder's failure to visit the work site will in no way relieve the Bidder of the responsibility of performing the work in strict compliance with the true intent and meaning of the terms, conditions, and specifications of this ITB.

The State will designate a contact person to escort all visitors attending the walkthrough. The site visit will be on December 9th, 2019 between 8:30 AM until 12 PM. Please contact Tyler Johnson at (907) 304-1299 to register for the site walkthrough, or request an alternate time.

The contact person cannot and will not answer Bidder questions regarding the work to be performed under this ITB or the terms, conditions and specifications of this ITB. All questions must be directed to the Procurement Officer named on the front page of this ITB.

COMPLETION OF SERVICE: The service will not be complete and the equipment will not be considered serviced, repaired, or acceptable until it performs in compliance with the manufacturer's published performance specifications.

The SDC will be provided in writing. The Contractor will advise the State, in writing, of the corrective action being taken.

If a deficiency is not corrected within 7.5 working hours from the time it is issued, the State may issue another SDC and procure, from another Contractor, the services necessary to correct the problem. The Contractor will then be obligated to **reimburse the State** for the amount required to correct the problem.

If a Contractor gets more than two substantiated SDCs in a 30-day period or a total of five substantiated SDCs in a 60-day period, it will be grounds for the State to declare the Contractor in default.

WORKMANSHIP & MATERIALS: All work must be performed in a thorough and workmanlike manner and in accordance with current industry practices.
