Procurement Section  
550 W. 7<sup>th</sup> Avenue, Suite 1330  
Anchorage, Alaska 99501

**THIS IS NOT AN ORDER**

**DATE AMENDMENT ISSUED: January 6, 2020**

**RFP TITLE: Large Mine & Dam Safety Engineering Professional Services for the Div. of Mining Land & Water**

**RFP CLOSING DATE AND TIME: 2:00 p.m. on January 14, 2020 (No change)**

This amendment is for informational purposes only and need not be returned to the State.

This amendment makes one minor change to the RFP as follows and answers questions asked by potential offerors as of January 3, 2020.

### **CHANGES TO THE RFP:**

Page 14, Section 3.05, replace the text of this section in its entirety with the following "Not applicable."

There are no further changes to the RFP at this time.

### **QUESTIONS AND ANSWERS:**

1. **Question:** Page 3 of the RFP, regarding Preferences, does this page need to be included in the proposal? If so, is it acceptable to place it in an appendix? Which field need to be completed by the Offeror?

**Response:** That page does not need to be submitted as part of the proposal.

2. **Question:** Page 14, Section 3.05, Prompt Payment for State Purchases, could this section be removed?

**Response:** We agree to remove this section. See the changes section of this amendment above.

3. **Question:** I understand the Alaska Dept. of Corporations is currently in a heavy filing season and our application for a corporate certificate and a business license may be significantly delayed. If the application processing is delayed, may we include proof of our application submissions and list the license/certificate as "pending" in the proposal in lieu of copies of the business license and corporate certificate?

**Response:** An Alaska Business License is not required at the time proposals are due so you could list that as "pending". However, a valid corporate registration is required on or before the due date for proposals.
