## Addendum # Two (2)

This addendum forms a part of the contract documents and modifies the original drawings and/or specifications for the subject work. In case of conflicts between this addendum and previously issued documents, this addendum shall take precedence.

The following are questions from interested parties and the department's response and RFP changes to the contract drawings and specifications:

1. Drawing A102, Note J, shows the bunks to be a concrete unit, while the specifications, 12 55 00, show the bunks to be a standard SS metal bunk. Also, the specs and drawings differ in regards to bunk height.

RESPONSE: There are only concrete beds in the two seg units. All the rest are bed furniture as specified. The concrete beds are in Single 21 and Double 20. Sheet A103, in the two rooms with the concrete beds, we call those beds out specifically with Key Note 'J'.

End of Addendum #2, Total pages is 1.

Please be reminded that all addendums must be acknowledged on your bid proposal.

Sincerely,

John Schauwecker Procurement Manager
