

Notice of Proposed Changes to Occupational Licensing Fees for Funeral Directors, Embalmers, and Funeral Establishments in the Regulations of the Department of Commerce, Community, and Economic Development

Proposed Regulations - FAQ

June 2020

1. Why are new fees being proposed?

By law, fees must be analyzed annually and set to approximately recover the cost of program operations. Alaska's professional licensing statutes (AS 08.01.065) require the Division of Corporations, Business and Professional Licensing (CBPL) to "annually review each fee level to determine whether the regulatory costs of each occupation are approximately equal to fee collections related to that occupation." Alaska's licensing fee statutes go on to say, "If the review indicates that an occupation's fee collections and regulatory costs are not approximately equal, the department shall calculate fee adjustments and adopt regulations ... to implement the adjustments."

The division conducted a thorough fee analysis and proposes a decrease in the licensing fee amount relating to the mortuary science professions to reduce the program's surplus and more closely align with AS 08.01.065.

2. What are the proposed fees?

The fees proposed will be a decrease in the initial license or permit and the renewal of the biennial license or permit, including the following:

(Words in **boldface and underlined** indicate language being added; words [CAPITALIZED AND BRACKETED] indicate language being deleted.

12 AAC 02.260. Mortuary science. (a) A funeral director or embalmer license and a funeral establishment permit expires on December 31 of all even-numbered years. The following fees are established for funeral directors, embalmers, and funeral establishments:

- (1) nonrefundable application fee for initial license or permit, \$150;
- (2) license or permit fee for all or part of the initial license or permit period, **\$185** [275];
- (3) biennial license or permit renewal fee, **\$185** [275];
- (4) state law examination fee, \$100.

(b) The following fees are established for funeral director or embalmer trainee permits:

(1) application fee for initial permit, \$150;

(2) trainee permit issuance and renewal fee, \$100.

(c) Permit fee for disposal of human remains for compensation by a person not licensed under AS 08.42 is \$75.

3. How are the estimated costs determined?

AS 08.01.065 requires *all costs* of regulating the profession to be borne by its licensees. The proposed fees are based on known and anticipated costs.

4. What do licensing fees pay for?

The agency must create, publish, and manage licensing application forms and fees, which entail adherence to the state's recordkeeping, security, payment, and refund policies and procedures.

- Requirement of licensees to meet professional fitness standards, which are evaluated by the license examiner and referred to the agency's investigative unit if necessary for further review.
- Enforcement of disciplinary sanctions available to the agency if a licensee violates the state licensing statutes or regulations or an individual practices the profession without a license. Because state law requires all costs of a licensing program to be borne by the licensees of that program (AS 08.01.065), any investigative, attorney, or appeal expenses of the state will be recovered in the licensing fee.

5. When will the new fees be effective?

After the public comment deadline, comments received are compiled and given to the Division Director for consideration. The Division Director may adopt the regulation as written/publicly noticed, may amend and adopt them, or choose to take no action, or may withdraw the proposed regulations in part or in its whole. After Department action, the adopted regulations goes to Department of Law (DOL) for final review/approval. DOL either approves or disapproves regulations. Once approved by DOL, it goes to the Lt. Governor for filing. Regulation takes effect on the 30th day after they have been filed by the Lt. Governor.
