

Register _____, _____ 2020

17 AAC 45 is amended by adding a new section to read:

17 AAC 45.XXX Security Service Fee

- (a) An air carrier operating an aircraft capable of enplaning 60 or more passengers shall impose a security service fee of \$0.50 for each enplaned passenger on that aircraft per one-way trip for air transportation originating at a rural airport.
- (b) The air carrier must impose the security service fee on a passenger who obtained the ticket for air transportation with a frequent flyer award, but it may not impose the fee on any other nonrevenue passenger.
- (c) Every month, the air carrier shall remit to the department all security fees collected during the preceding month and, for that month, furnish an accounting that identifies the total number of enplaned passengers on whom it assessed the fee and the amount of fees assessed per each originating rural airport.
