**Re:** Department of Fish and Game  
regulations re: use of personal  
watercraft in Kachemak Bay and Fox  
River Flats Critical Habitat Areas  
(5 AAC 95.310)

The Department of Law has reviewed the attached regulations of the Department of Fish and Game against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This memorandum constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations. The regulations were adopted by the Department of Fish and Game after the close of the public comment period. The regulations repeal prohibitions on the use of personal watercraft in the Kachemak Bay and Fox River Flats Critical Habitat Areas.

The December 5, 2019 public notice, the December 19, 2019 supplemental public notice, and the November 20, 2020 adoption order all state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required. We have made some technical corrections to conform the regulations in accordance with AS 44.62.125. Since 5 AAC 95.552, Izembek State Game Refuge, uses the definition of "personal watercraft" from now repealed 5 AAC 95.310, we reproduced the definition for 5 AAC 95.552 since the reference to 5 AAC 95.310 will no longer work. The corrections are shown on the attached copy of the regulations.
