General Questions		
Question/ Answer#	Section Reference and/or Page Number	Questions Received / Responses Provided
Q1	1.04	My organization is currently providing TA services for multiple federal entities, however I am not sure if our TA contracts meet the criterial in 1.04, criteria #2 and #3. For example, one TA program which we manage began in 2019 and concludes in October 2021. Since we are currently performing that 2-year TA program would my organization meet the 2-year duration requirements?
A1		Please see SEC 1.04 for minimum responsiveness requirements.
Q2	1.04	The other aspect pertaining to 1.04 is defining the experience of the offeror (company) and if that expands to the offeror's staff. For example the resumes of my staff and myself exceed the required experience in section 1.04. Does staff experience substantiate the experience of the "offeror" ?
A2		No, the requirements are for the company as a whole.
Q3	3.08	I read in section 3.08 that subcontractor's experience can support the minimum requirements for offerors in section 1.04. This would lead me to the conclusion that experience of the offeror's staff should also support the offeror (the company's) minimum experience requirements.
A3		Please see the response to question 2 above. Additionally, staff of an offeror are not considered subcontractors.
Q4	N/A	Can you please advise if there is an incumbent contractor currently performing this TA contract for DHSS OSMAP? Is this a new TA contract or has it been previously issued?
A4		The current incumbent is Northwest Strategies.
