- V. Public Comment
- VI. Commissioner Comments
- VII. Next Meeting Date
- VIII. Adjournment

We are using MS Teams for the first time and to optimize everyone's experience, please follow these guidelines:

- Please use audio only. We are asking that the video option be left for the Commissioners (if they choose). Reducing video output will improve the overall experience for everyone.
- Please mute your audio unless you are speaking.
- Please speak clearly and state your name and where you are calling from each time you speak for those listening and for the recording.
- If you are teleconferencing by phone, but using the browser to watch, please mute your Microsoft Teams computer audio and turn your general computer sound off. This prevents audio feedback (screeching sounds or echoing)
- When using the browser version of Microsoft Teams, you will be prompted by your browser (in a pop-up window) to grant permissions for the use of microphone.
- We highly recommend that you Download the app prior to the meeting as it will give you the most functionality.
- Try to choose a quiet conferencing space for the meeting and remove any background noise (ex. turn off fans, tv's, radios, etc.).

- There is an option to go into “enter full screen” under the “more actions” (...) option for presentations, click ‘escape’ to exit out of “full screen” when you are done.
