Re: Board of Agriculture and
Conservation regulations re: interest
credits on loans from agricultural
revolving loan fund (11 AAC
39.511(a))

The Department of Law has reviewed the attached regulations of the Board of Agriculture and Conservation against the statutory standards of the Administrative Procedure Act. Based upon our review, we find no legal problems. This memorandum constitutes the written statement of approval under AS 44.62.060(b) and (c) that authorizes your office to file the attached regulations. The regulations were adopted by the Board of Agriculture and Conservation after the close of the public comment period. The regulations repeal a floor on fixed interest rates, beneath which the Board of Agriculture and Conservation could not grant interest credits on loans from the agricultural revolving loan fund (AS 03.10.040), and that was higher than the interest rates offered on current loans, making interest rate credits useless.

The December 10, 2020 public notice and the May 7, 2021 certification of adoption order both state that this action is not expected to require an increased appropriation. Therefore, a fiscal note under AS 44.62.195 is not required.
